## About the job

### Job summary

We are looking for people who are passionate about Engineering to join our community led team in Shared Applications Service (SAS) You will work in agile multidisciplinary teams with over 200 engineers in a modern cloud environment using the latest technologies. Our purpose as a team is to bring technical understanding in-house for over 600 Home Office applications.

You could be creating and maintaining some of the most critical public services in the United Kingdom and transforming how we use data and technology to improve these. We are responsible for designing, building and supporting solutions to help people prove their identity or apply for visas. You could also be working on critical IT systems that support policing and counter terrorism, which helps protect UK borders.

**We are hosting an Engineering online recruitment event on 6th February 2025 12:00 - 13:00, where you can find out more about our roles, working for the organisation and how to apply. [Register your interest for the online event.](#)**

### Job description

The Senior Developer is key for our product delivery, you will develop core components of our solutions and help select appropriate technologies. Your subject matter expertise will enable you to operate with greater levels of autonomy and decision making.

You will work to our technical standards writing clean, secure code following a test-driven approach, ensuring the code is open as far as possible and can be re-used.

The Senior Developer will be expected to mentor and lead other engineers in technical tasks, as well as support recruitment and assessment activities.

This role is not suitable for part-time working due to the nature of the role.

### **Tools and Technologies we use:**

We are keen for Engineers to continue learning new technologies, we have a large range in the Home Office including:

Core Skills: React.js, JavaScript, Typescript, Vue or Angular, Node.js, jQuery, HTML, CSS, SASS

Others: Git, Responsive Design, Accessibility, REST, Jest, Cypress, Webpack, ESLint, Secure Application Development

Data: PostgreSQL or other RDBMS

DevOps: AWS, Kubernetes, Azure, Jenkins, Docker, Ansible, Terraform

Desirable: Familiarity with Python or Java, User experience design

### **What you will do**

Your main day to day responsibilities will be:

Delivering secure, reliable and scalable software, and supporting your team with technical tasks when needed.

Evaluating and advising on design choices and ensuring that software is high quality and balances technical and business considerations.

Defining and documenting test cases for new systems and maintaining live systems to ensure ongoing performance.

Evolving new approaches/solutions with other professions through discoveries, maintaining a focus on development and deployment.

Helping prioritise and direct technical tasks across your team, to balance new and live services.

Like many organisations we need to maintain our services 24/7, therefore, on occasions there may be a requirement to work out of hours, for which you will be paid an additional allowance.

## Person specification

**UK residency and security requirements - You need to have lived in the UK for the past 5 years.**

### Essential Criteria

As a Senior Developer you will demonstrate passion for software engineering with the following skills or experience in:

Designing, reviewing, and maintaining complex software applications, components, modules and documentation **(Lead essential criteria)**.

Collaborating in designing, coding, testing, documents, amends, and refactoring moderately complex programs/scripts.

Designing test cases and scripts under own direction, mapping back predetermined criteria and reporting testing outcomes.

Providing technical expertise to enable the configuration of system components and equipment for system tests.

Managing and updating data systems, enabling the availability, integrity of searchability of information which can be utilised by many sources.

Maintaining application support processes, ensuring support requests are dealt with to agreed processes, investigating issues, and reporting findings where applicable.

### SFIA capability framework

Skills for the Information Age (SFIA) is the technical framework that sets the standard capability and development of all engineering levels in the Home Office. This is a link to the capability framework: [All skills A Z English \(sfia-online.org\)](https://www.sfia-online.org)

New entrants to the Civil Service will start their role on the salary band minimum: £60,300 for National Roles. £64,300 for London Roles. You may be eligible for an additional non-pensionable allowance, pending a Capability and Skills Assessment, with a value of up to £20,100.

# Things you need to know

## Selection process details

This vacancy is using [Success Profiles \(opens in a new window\)](#), and will assess your Behaviours, Experience and Technical skills.

As part of the application process, you will be asked to complete a **CV and 1000 word personal statement**.

Further details around what this will entail are listed on the application form.

Please note your CV and personal statement should include all relevant experience that relates to our essential skills criteria listed in the advert and role description. [Use STAR format in your examples](#).

Remove information that identifies you (for example your name, age or place of education) so that you will be judged on merit alone and not your personal background, circumstances, race or gender.

(Do NOT include e-mail addresses or links to online profiles, resumés, or prior work, either personal or business. Active links or e-mail addresses will result in your application being rejected)

Please ensure that all examples provided in your application are taken directly from your own experience and that you describe the examples in your own words. All applications are screened for plagiarism, copying, and generating of examples/ answers from internet sources including Artificial Intelligence. If detected, the application may be withdrawn from the process.

Further action, including disciplinary action, may be considered in such cases involving civil servants. Providing false or misleading information would be contrary to the core values of honesty and integrity expected of all civil servants.

## Sift Stage

The sift will be held on the **CV and Personal Statement**. Please read the Essential skills for this position carefully. We will only consider those who meet the listed requirements.

In the event of a high number of applications received, an initial sift may be held on the lead essential criteria - "Designing, reviewing, and maintaining complex software applications, components, modules and documentation". Candidates who pass the initial sift will be progressed to a full sift.

## **Interview Stage**

Candidates reaching the required standard will then be invited to attend a final interview. The interview will assess your Technical Skills (SFIA Framework), Leadership Behaviour and experience using technical and experience-based questions.

You will be assessed on the core skills listed above.

At the beginning of the interview, you will be assessed on your technical capability through a problem-solving exercise. We will provide you with the information in the interview and will be asked to share your screen with the panel, so you can discuss various aspects.

## **Sift and interview dates**

Sift will be conducted week commencing **10th Feb 2025**.

Interviews will be held from **5th March 2025** (Subject to the Panel's operational requirements/priorities)

Interviews will be conducted remotely via MS Teams.

We will try to meet the dates set out in the advert. There may be occasions when these dates will change. You will be provided with sufficient notice of the confirmed dates.

## **Further Information**

We value diversity and inclusion and welcome applications from the widest diversity of backgrounds, cultures, and experiences. We particularly

encourage applications from women, people with disabilities and LGBT+ as they are currently under-represented in the Home Office at this grade level. Appointments will be made on merit on the basis of fair and open competition.

Where business needs allow, some roles may be suitable for a combination of office and home-based working. Where this is the case, employees will be expected to spend a minimum of 60% of their working time in the office. Applicants can raise any queries to the email address at the bottom of the advert.

Please read the Essential skills for this position carefully. We will only consider those who meet the listed requirement.

If you have previously made an unsuccessful application for a role with the same essential skills and are not able to demonstrate how you have developed these skills since your last application please reconsider applying as your application is unlikely to be successful.

In order to process applications without delay, we will be sending a Criminal Record Check to Disclosure and Barring Service on your behalf. However, we recognise in exceptional circumstances some candidates will want to send their completed forms direct.

If you will be doing this, please advise Government Recruitment Service of your intention by emailing [Pre-EmploymentChecks.grs@cabinetoffice.gov.uk](mailto:Pre-EmploymentChecks.grs@cabinetoffice.gov.uk) stating the job reference number in the subject heading.

You will need to meet the nationality requirements for this role and obtain the necessary security clearance to take it up. For meaningful security checks to be carried out, individuals need to have lived in the UK for a sufficient period of time. Learn more on our website. [Security Checks - Home Office Careers](#)

For further information on National Security Vetting please visit the following page <https://www.gov.uk/government/publications/demystifying-vetting>

## **Reserve list**

A reserve list of successful candidates will be kept for 12 months. Should another role become available within that period you may be offered this position.

### **UK residency and security requirements**

Please note that this role requires Security Check (SC) clearance, which would normally need 5 years UK residency in the past 5 years.

However, in exceptional circumstances security clearance applications for candidates who have been present in the UK for at least 3 of last 5 years may be considered. Failure to meet this residency requirement will result in your security clearance application being rejected.

### **Visa Sponsorship**

We are unable to sponsor any individuals via Skilled Worker Sponsorship / Tier 2 (General) work visas as we do not hold a UK Visa & Immigration (UKVI) Skilled Worker License.

### **Capability Allowance**

The advertised role is part of the Home Office Government Digital and Data Profession. This role has access to a Digital Capability-Based Allowance. Applicants who are successful at interview will be invited to complete a Capability and Skills Assessment post-interview. Any allowance awarded will be based on the assessment of your capability against the six skills advertised for this role. Please see the attached candidate pack for more information.

The allowance values are set by the Home Office, subject to remaining in a qualifying role, and are non-pensionable. This allowance is non-contractual, subject to an annual review and could be withdrawn at any time.

For both new entrants and existing civil servants, the total compensation offer is a combination of base salary and, if applicable, a capability-based allowance. New entrants to the Civil Service will start on the pay range minimum. For existing civil servants, our policies on [level transfer](#) and [promotion](#) will apply.

Job offers to this post are made on the basis of merit. We often have **similar roles** available at different grades. If a candidate is suitable for a similar role or a lower grade than they have applied for, we may offer the candidate that role without the need to go through a further selection process providing the role has the same competencies and essential skills.

## **Working at the Home Office**

Every day, Home Office civil servants do brilliant work to develop and deliver policies and services that affect the lives of people across the country and beyond. To do this effectively and fairly, the Home Office is committed to representing modern Britain in all its diversity, and creating a welcoming, inclusive workplace where all our people are able to bring their whole selves to work and perform at their best.

We are flexible, skilled, professional and diverse. We work to recruit and retain disabled staff and area Disability Confident Leader. We are proud to be one of the most ethnically diverse departments in the civil service. We are a Social Mobility Foundation top 75 employer.

If you are successful in this position and choose to accept the provisional offer for this role, you will be removed from all other Home Office reserve lists at the same grade

Applicants who are successful at interview will be, as part of pre-employment screening, subject to a check on the Internal Fraud Database (IFD). This check will provide information about employees who have been dismissed for fraud or dishonesty offences. This check also applies to employees who resign or otherwise leave before being dismissed for fraud or dishonesty had their employment continued. Any applicant's details held on the IFD will be refused employment.

If you are invited to an interview you will be required to bring a range of documentation for the purposes of establishing identity and to aid any pre-employment checks.

Please see the attached list of acceptable ID documents.

**New entrants** are expected to join on the minimum of the pay band.

For further information please see the attached notes for candidates which must be read before making an application.

Existing Civil Servants should note that some of the Home Office terms and conditions of employment have changed. It is the candidate's responsibility to ensure they are aware of the Terms and Conditions they will adopt should they be successful in application and should refer to the notes for candidates for further details.

Transfer Terms: Voluntary.

Any move to the Home Office from another employer will mean you can no longer access childcare vouchers. This includes moves between government departments. You may however be eligible for other government schemes, including Tax Free Childcare. Determine your eligibility at <https://www.childcarechoices.gov.uk>

## **Reasonable Adjustments**

If a person with disabilities is at a substantial disadvantage compared to a non-disabled person, we have a duty to make reasonable changes to our processes.

If you need a change to be made so that you can make your application, you should:

Contact Government Recruitment Service via [HOrecruitment.grs@cabinetoffice.gov.uk](mailto:HOrecruitment.grs@cabinetoffice.gov.uk) as soon as possible before the closing date to discuss your needs

Complete the Assistance Required section in the Additional Requirements page of your application form to tell us what changes or help you might need further on in the recruitment process. For instance, you may need wheelchair access at interview, or if you're deaf, a language service professional

If you are experiencing accessibility problems with any attachments on this advert, please contact the email address in the Contact point for applicants section.

## **Feedback**

Feedback will only be provided if you attend an interview or assessment.

## **Security**

Successful candidates must undergo a criminal record check.

Successful candidates must meet the security requirements before they can be appointed. The level of security needed is [security check \(opens in a new window\)](#).

[See our vetting charter \(opens in a new window\)](#).

People working with government assets must complete [baseline personnel security standard \(opens in new window\)](#) checks.
