About the job

Job summary

An exciting opportunity for a MODNET Power Platform developer to join the Defence Safety Authority s Business Support and Improvement team.

The DSA is responsible for the regulation of Defence Health, Safety and Environmental Protection, operating under a Charter from the Secretary of State for Defence (SofS). The DSA provides independent assurance directly to the SofS that the law is complied with and the policy on safety in Defence is being promoted and implemented whilst Defence activities are conducted.

The post sits within the organisation s headquarters providing enabling support to the 9 business areas of DSA comprising of 8 regulator domains and an accident investigation branch.

The position is advertised at 37 hours per week. DSA operates a hybrid working model which enables some home working. The post holder will be expected to attend office a minimum of two days per week, and we encourage applicants to discuss anticipated working arrangements for the role during the recruitment process.

Due to the nature of the role, part time and job share arrangements may be considered, subject to the requirement that business needs are met.

Job description

Working to the Business Services and Improvement Senior Developer, the post holder is a part of a development team of 3 developers using the Microsoft Power suite to build and maintain a variety of applications for the organisation which support business processes, manage DSA s data and maximise opportunities for automation and information exploitation.

Key responsibilities

- Creating and maintaining digital tools within the Microsoft Power suite to enable DSA staff to manage business related data captured in Dataverse and SharePoint

Build and modify applications that improve coherence in system and data architecture across DSA

Support the senior developer to triage and assess the feasibility of new requirements

Stakeholder liaison and escalation

Maximising opportunities to increase automation

Provide technical guidance and share good practice with a small community of developers across DSA

Person specification

Essential requirements:

The successful applicant has experience developing sophisticated Power platform applications, flows, relational data tables and associated visualisations within the MODNet environment.

Desirable:

Experience using Microsoft Power BI

Behaviours

We'll assess you against these behaviours during the selection process:

Working Together

Delivering at Pace

Technical skills

We'll assess you against these technical skills during the selection process:

Software Developer Programming and Build (Skill level: Practitioner)

Software Developer User Focus (Skill level: practitioner)

Software Developer Systems Design

Software Developer Modern Development standards

We only ask for evidence of these technical skills on your application form:

Software Developer Programming and Build (Skill level: Practitioner)

Software Developer User Focus (Skill level: practitioner)

Benefits

Alongside your salary of £37,720, Ministry of Defence contributes £10,927 towards you being a member of the Civil Service Defined Benefit Pension scheme. Find out what benefits a Civil Service Pension provides (opens in a new window).

- Learning and development tailored to your role
- An environment with flexible working options
- A culture encouraging inclusion and diversity
- A Civil Service pension with an employer contribution of 28.97%

This post may be eligible for a Digital Skills Allowance of up to **£10,000** per annum. Eligibility for this allowance will be assessed at interview against the 4 core technical skills only and reviewed annually in line with departmental policy.

The post does not offer relocation expenses.

External recruits who join the MOD who are new to the Civil Service will be subject to a six-month probation period.

Please Note: Expenses incurred for travel to interviews will not be reimbursed.

Please be advised that the Department is conducting a review of all pay related allowances which could impact on those allowances that the post currently being advertised attracts.

Any move to MOD from another employer will mean you can no longer access childcare vouchers. This includes moves between government departments. You may however be eligible for other government schemes, including Tax-Free Childcare. Determine your eligibility at https://www.childcarechoices.gov.uk/.

The Ministry of Defence is committed to providing a safe and healthy working environment for its staff which includes educating them on the benefits of not

smoking, protecting them from the harmful effects of second-hand smoke and supporting those who want to give up smoking. Under the Smoke-Free Working Environment policy, Smoking and the use of all tobacco products (including combustible and chewing tobacco products) will not be permitted anywhere in the Defence working environment however some exemptions are in place, please refer to local guidance. The policy is Whole Force and includes all Defence personnel, contractors, visitors and other non-MOD personnel. All applicants seeking, considering, or accepting employment with the Ministry of Defence should be aware of this policy and that it is already in place at a number of Defence Establishments.

MOD Recruitment Satisfaction Survey We may contact you regarding your experience to help us improve our customer satisfaction. The survey is voluntary and anonymous. You may however be given the opportunity to provide additional information to help us improve our service which includes the collection of some personal data as defined by the United Kingdom General Data Protection Regulation (UK GDPR). The MOD Privacy Policy Notice sets out how we will use your personal data and your rights.

Things you need to know

Artificial intelligence

Artificial intelligence can be a useful tool to support your application, however, all examples and statements provided must be truthful, factually accurate and taken directly from your own experience. Where plagiarism has been identified (presenting the ideas and experiences of others, or generated by artificial intelligence, as your own) applications may be withdrawn and internal candidates may be subject to disciplinary action. Please see our candidate guidance (opens in a new window) for more information on appropriate and inappropriate use.

Selection process details

This vacancy is using Success Profiles (opens in a new window), and will assess your Behaviours, Experience and Technical skills.

Candidates will be required to complete a CV including job history, details of education qualifications and previous experiences and skills.

Candidates will also be required to provide a Personal Statement (750 word limit) stating skills, relevant experience and characteristics to demonstrate how you are suited to the role.

At sift, you will be assessed against your CV, Personal Statement and the following:

Behaviours

Working Together

Delivering at Pace

Technical Skills

Software Developer	Programming and Build
Software Developer	User Focus

Software developer - Government Digital and Data Profession Capability Framework

The selection process will consist of a sift of applications, and those applicants who appear to be best suited to the requirements for the role will be invited to an interview. Interviews will be held in person at the MOD, Abbey Wood North, Bristol.

At interview, you will be assessed against the following:

Behaviours

Working Together

Delivering at Pace

Technical Skills

Software Developer	Programming and Build (Skill level: Practitioner)
Software Developer	Modern Development standards (Skill level: Practitioner)

Software Developer	User Focus (Skill level: Practitioner)
Software Developer	Systems Design - (Skill level: Working)

Software developer - Government Digital and Data Profession Capability Framework

Presentation

At interview, you will be asked to provide a 5-10 minute presentation providing an overview of an application and associated automation/flows you have created. Your presentation will inform the assessment of your technical skills.

Further information:

The Civil Service embraces diversity and promotes equal opportunities. As such, we run a Disability Confident Scheme (DCS) for candidates with disabilities who meet the minimum selection criteria.

As a result of the changes to the UK immigration rules which came into effect on 1 January 2021, the Ministry of Defence will only offer sponsorship for a skilled worker visa under the points-based system, where a role has been deemed to be business critical. This role does not meet that category, and we will not sponsor a visa. It is therefore NOT open to applications from those who will require sponsorship under the points-based system.
Should you apply for this role and be found to require sponsorship, your application will be rejected and any provisional offer of employment withdrawn.

The Ministry of Defence requires all candidates who are successful at interview to declare any outside interests. These declarations will be discussed with successful candidates following the interview process and before a formal offer of employment is made, as some outside interests may not be compatible with MOD civilian roles. This will not, in the majority of cases, prevent employment in MOD, but it is a measure that must be taken to ensure that appropriate mitigations can be put in place to manage any potential, perceived or actual conflicts of interest from the first day of employment.

The Ministry of Defence adopts a zero-tolerance approach to unacceptable behaviours, which includes bullying, harassment, sexual harassment, discrimination, and victimisation. You will not be eligible and will not be considered for this post if you have been dismissed from a role for such unacceptable behaviours within the last five years. This will also apply if you resign or otherwise leave a role but, because of an adverse decision, would have been dismissed for gross misconduct had you continued in that employment. Pre-employment checks will be carried out.

Feedback will only be provided if you attend an interview or assessment.

Security

Successful candidates must undergo a basic (or equivalent) criminal record check.

Successful candidates must meet the security requirements before they can be appointed. The level of security needed is security check (opens in a new window).

See our vetting charter (opens in a new window).

People working with government assets must complete baseline personnel security standard (opens in new window) checks.

Nationality requirements

Open to UK nationals only.

Working for the Civil Service

The Civil Service Code (opens in a new window) sets out the standards of behaviour expected of civil servants.

We recruit by merit on the basis of fair and open competition, as outlined in the Civil Service Commission's recruitment principles (opens in a new window).

The Civil Service embraces diversity and promotes equal opportunities. As such, we run a Disability Confident Scheme (DCS) for candidates with disabilities who meet the minimum selection criteria.

The Civil Service also offers a Redeployment Interview Scheme to civil servants who are at risk of redundancy, and who meet the minimum requirements for the advertised vacancy.

Diversity and Inclusion

The Civil Service is committed to attract, retain and invest in talent wherever it is found. To learn more please see the Civil Service People Plan (opens in a new window) and the Civil Service Diversity and Inclusion Strategy (opens in a new window).

Apply and further information

This vacancy is part of the Great Place to Work for Veterans (opens in a new window) initiative.

Once this job has closed, the job advert will no longer be available. You may want to save a copy for your records.
