About the job

Job summary

Are you a hands-on Software Engineer who builds complete features and components for automation solutions?

If so, The Garage has an exciting opportunity for you to work on automation solutions that directly improve services used by millions of citizens.

The Garage, DWP's strategic automation team, has built over 75 solutions that have processed over 50 million transactions in the last 8 years.

Recognised as a government leader in intelligent automation, The Garage is also acknowledged as leading the way across industry.

This role is ideal for a software engineer who enjoys designing and delivering high quality solutions while working closely with both technical colleagues and business stakeholders. Based in The Garage, the focus is on building complete features within a single scrum team and contributing to a strong collaborative engineering culture.

The work centres on modern automation, using cloud native APIs and emerging agentic AI technologies, with RPA applied where legacy systems require it. Much of the development involves creating new solutions from the

ground up, including agent facing web applications, automated case processing and AI driven communication triage.

The Garage is largely co located, supporting effective hybrid working and regular collaboration in person. Engineers are encouraged to take ownership of their work, contribute to technical design discussions and support others through mentoring and knowledge sharing.

You will have access to modern tools and platforms such as AWS, GitLab, Jira, Confluence, Teams and Slack, supported by MacBook Pro equipment. Strong learning and development is built in, with access to conferences, training, digital learning platforms and direct support from partners including AWS, UiPath and MongoDB. The Garage has a strong reputation for recognising talent and supporting progression based on merit.

Job description

Design and build complete features and components independently using modern frameworks and AWS services. - Write, review and refactor production code working alongside your team to ensure high quality, maintainable solutions.

Implement automated testing including unit tests, integration tests, and API tests.

Integrate with AWS services, APIs, and databases to build end-to-end functionality.

Debug and resolve technical issues in development and test environments, investigating root causes.

Participate in code reviews and contribute to quality discussions with the team.

Write technical documentation for components, features, and APIs.

Mentor Junior Software Engineers through pairing and providing guidance on development practices.

Collaborate with Product Owners, Test Engineers, and Business Analysts to understand requirements and deliver solutions. - Contribute to technical improvements and development practices within the team.

Though not essential, it would be beneficial to have experience of the following when starting the role:

Experience with robotic process automation (UiPath) and AI/ML solutions.

Person specification

When giving details in your employment history and personal statement you should highlight your experience in line with essential criteria below:

Experience of building cloud-based solutions using JavaScript/TypeScript and Node.js with modern frameworks (React, Next.js, Express).

Experience with AWS services (Lambda, S3, SQS, SNS, API Gateway) and databases (MongoDB, PostgreSQL).

Experience of integrating automated testing into CI/CD pipelines.

Experience of working in agile teams delivering software.

Benefits

Alongside your salary of £44,447, Department for Work and Pensions contributes £12,876 towards you being a member of the Civil Service Defined Benefit Pension scheme. [Find out what benefits a Civil Service Pension provides.](#)

We also have a broad benefits package built around your work-life balance which includes:

Working patterns to support work/life balance such as job sharing, term-time working, flexi-time and compressed hours.

Generous annual leave at least 25 days on entry, increasing up to 30 days over time (pro rata for part time employees), plus 9 days public and privilege leave.

Support for financial wellbeing, including interest-free season ticket loans for travel, a cycle to work scheme and an employee discount scheme.

Health and wellbeing support including our Employee Assistance Programme for specialist advice and counselling and the opportunity to join HASSRA a first-class programme of competitions, activities and benefits for its members (subscription payable monthly).

Family friendly policies including enhanced maternity and shared parental leave pay after 1 year's continuous service.

Funded learning and development to support progress in your role and career. This includes industry recognised qualifications and accreditations, coaching, mentoring and talent development programmes.

An inclusive and diverse environment with opportunities to join professional and interpersonal networks including Women's Network, National Race Network, National Disability Network (THRIVE) and many more.

Hybrid Working

This role may be suitable for hybrid working, which is where an employee works part of the week in their DWP office and part of the week from home. This is a voluntary, non-contractual arrangement and your office will be your contractual place of work.

If a hybrid working arrangement is suitable for the role and for you, you will normally be required to spend a minimum of 60% of your contracted working hours from your DWP office.

If you have a disability, caring responsibilities, or other circumstances that may affect your ability to meet the minimum office attendance requirement, please discuss this with us using the contact details in this advert.

Salary Information

Pay for this role is from £44,447 to £59,813.

The maximum salary for the grade is £46,547, however a Digital Allowance of up to £13,266 per annum is available for exceptional candidates. Digital Allowance is non-salary, and non-pensionable, and is classed as a temporary allowance. It is reviewed annually where it could be retained, amended, or removed.

Our offer to successful candidates will be based on an assessment of your skills and experience as demonstrated at interview.

Existing Civil Servants who secure a new role on lateral transfer will maintain their current substantive salary.

Existing Civil Servants who gain promotion will move to the bottom of the grade pay scale or receive a 10% increase applied to their current substantive salary, whichever is greater.

Any temporary allowances that you are currently in receipt of will not form part of the calculation to determine your pay. Any allowances that are in payment will cease when you move into your new role.

Things you need to know

Artificial intelligence

Artificial intelligence can be a useful tool to support your application, however, all examples and statements provided must be truthful, factually accurate and taken directly from your own experience. Where plagiarism has been identified (presenting the ideas and experiences of others, or generated by artificial intelligence, as your own) applications may be withdrawn and internal candidates may be subject to disciplinary action. Please see our [candidate guidance \(opens in a new window\)](#) for more information on appropriate and inappropriate use.

Selection process details

Stage 1: Application

Your application will consist of three parts:

1. A Personal Details application form.
2. Employment history - this should contain your work experience and any skills, qualifications and accomplishments relevant to the jobs you have completed based on the essential criteria.

3. Personal statement - up to 1000 words. This statement should be used to provide examples of how you meet the essential criteria listed in the Person specification.

Further details around what this will entail are listed on the application form.

Ensure that all examples provided in your statement are taken directly from your own experience and that you describe the examples in your own words. If you choose to use gen-AI to support your statement, you must follow the guidelines outlined in the **Artificial intelligence and recruitment guide**.

The sift panel will use the information in your employment history and personal statement to assess your experience, skills and knowledge against the essential criteria.

You will be provided with one combined overall assessment score for both your CV and Personal Statement.

For Hints and Tips on completing your application visit [Applying for jobs at DWP Digital](#).

Important Information

You will be asked to complete your employment history. Any information that you would customarily share on a CV should therefore be entered onto the application form.

Personal details that could be used to identify you including your name, contact details and address must be removed for your application to be considered.

If your employment history/personal statement contains any personal details your application will be withdrawn.

Stage 2: Face to Face Interview

If you're successful at sift stage you will be invited to a face to face interview in Benton Park View, Newcastle upon Tyne, NE98 1YX. There, you will be assessed against the experiences listed in the **essential criteria**.

Interviews will take place from early to mid June 2026. Interview dates to be confirmed.

Further Information

If high application volumes are received, the benchmark for candidates to proceed to the next stage may be raised. In line with our commitment to the Disability Confident Scheme (DCS), we aim to advance all candidates applying under the DCS who meet the minimum standard. However, we may only progress those candidates who best meet the required standards.

A reserve list may be held for a period of 6 months from which further appointments can be made.

All successful candidates and those placed on reserve will be posted in merit list order by location.

For these vacancies, we strongly recommend that applicants consult with an immigration specialist or qualified advisor to assess their eligibility for Visa Sponsorship before deciding to apply. Please note that while we consider sponsorship requests in accordance with current DWP guidance and Home Office policy, sponsorship

The Civil Service values honesty and integrity and expects all candidates to abide by these principles. Please ensure that all examples provided in your application are taken directly from your own experience and that you describe the examples in your own words. Applications will be screened and if evidence of plagiarism or copying examples/answers from other sources is found, your application will be withdrawn. Internal DWP candidates may also face disciplinary action.

Reasonable Adjustment

At DWP we value diversity and inclusion and actively encourage and welcome applications from everyone, including those that are underrepresented in our workforce.

We consider visible and non-visible disabilities, neurodiversity or learning differences, chronic medical conditions, or mental ill health. Examples include dyslexia, epilepsy, autism, chronic fatigue, or schizophrenia.

If you need a change to be made so that you can make your application, you should: Contact Government Recruitment Service via DigitalRecruitment.grs@cabinetoffice.gov.uk as soon as possible before the closing date to discuss your needs.

Complete the Reasonable Adjustments section in the Additional requirements page of your application form to tell us what changes or help you might need further on in the recruitment process. For instance, you may need wheelchair access at interview, or if you're deaf, a Language Service Professional.

For further information on reasonable adjustments, terms and conditions and how we recruit visit the [How we recruit page](#).

Feedback

Feedback will only be provided if you attend an interview or assessment.
