About the job

Job summary

The Government Cyber Unit's mission is to protect public services from cyber threats and digital resilience failures. We are working to achieve a step

change in our cyber and digital resilience across government, through delivery of the Government Cyber Action Plan, and working closely with departments and national technical authorities including the National Cyber Security Centre to deliver. This is a challenging time to be working in cyber security and digital resilience, but we have an incredible opportunity to make a difference to people's lives and promote national security by protecting the public services and national infrastructure they rely on. We work at the forefront of shaping the UK's national response to emerging cyber and technology issues - from the increasingly complex range of state-sponsored cyber-attacks and supply chain compromises, through to the transformational benefits and security challenges of frontier AI and quantum computing.

We are committed to creating an inclusive and supportive working environment where people can learn, develop and do their best work. Continuous professional development and a focus on wellbeing is core to our unit culture. We welcome applications from candidates who share this ethos and are excited by our mission.

The Cyber Services Team supports the delivery of the Government Cyber Action Plan by coordinating, overseeing and delivering services to help public sector organisations solve cyber security challenges.

The services we provide centrally are those where automation and economies of scale can be applied to address common resilience and cyber problems. These cover the core internet services we all rely on such as DNS, email and web services, as well as vulnerability management, cyber testing and cyber capability uplift.

We ensure that cyber services are easy to find and use, and that the information and support delivered by these services is coherent, valuable, relevant, timely, trusted, reliable and easy to action. We track success using evidence-based objective measures.

Job description

Former DSIT recruitment campaigns are continuing as usual, but candidates should be aware that following the [Government's announcement](#) on the changes to some civil service departments, roles will be subject to the machinery of government moves and will ultimately

be in one of the new departments. We will provide more information if you are selected for a role. This work remains of high importance to the civil service, and we thank you for your continued interest.

As an Associate Delivery Manager, you ll:

- build multi-disciplinary teams, helping them organise and plan their work, ensuring they deliver timely products and services that actually meet users needs

- co-create and co-own plans and progress using recognised lean/agile practices, and communicate status to more senior people and users appropriately

- provide useful and accurate delivery metrics to facilitate continual improvement

- manage stakeholders to ensure strategic alignment and effective communication, taking into account organisational context and different needs and priorities, dealing constructively with conflicting views

- work in partnership with product and technical leads across Government on high profile work in ambiguous, complex and/or uncertain domains

- work closely with central finance and commercial teams to ensure alignment on reporting standards, governance, and approvals

- support the tracking, managing, and reporting of financial information across the Cyber Services Team, ensuring data accuracy and completeness at month-end

- support the end-to-end procurement process and contract management of third-party suppliers, ensuring value for money and compliance with commercial controls

- contribute to the preparation of business cases and financial inputs for programme boards

- utilise your skills and expertise on other projects or other aspects of this project during your engagement should our organisation s priorities change

- facilitate an inclusive team environment where innovation and challenge are welcomed from all colleagues

Person specification

We're interested in people who have experience:

successfully delivering services that are deployed across a large number of organisations or business units, as well as guiding teams through the implementation of a new process

successfully supporting several services or projects simultaneously through different phases of its life cycle

supporting procurement, contracting and supplier management processes in a Central Government Department environment or wider public sector

supporting finance activities, including forecasting, budgeting, accruals, journals, invoicing, and purchasing

working with finance and commercial teams to meet governance, approval, and reporting requirements

of cyber security risk and government cyber security best practices

managing projects using agile and lean practices according to the Service Manual

of communicating between technical and non-technical stakeholders whilst working in government, public sector or charity sector organisations

of excellent planning and organisational skills, utilising data to ensure teams plan appropriately for their capacity

Benefits

There are many benefits of working at DSIT, including:

flexible hybrid working with flexi-time and the option to work part-time or condensed hours

a Civil Service Pension with an average employer contribution of 28.97%

25 days of annual leave, increasing by a day each year up to a maximum of 30 days

an extra day off for the King's birthday

an in-year bonus scheme to recognise high performance

career progression and coaching, including a training budget for personal development

a focus on wellbeing with access to an employee assistance programme

job satisfaction from making government services easier to use and more inclusive for people across the UK

advances on pay, including for travel season tickets

death in service benefits

cycle to work scheme and facilities

access to an employee discounts scheme

10 learning days per year

volunteering opportunities (5 special leave days per year)

access to a suite of learning activities through Civil Service learning

Any move to Government Digital Service from another employer will mean you can no longer access childcare vouchers. This includes moves between government departments. You may however be eligible for other government schemes, including Tax Free Childcare. Determine your eligibility at <https://www.childcarechoices.gov.uk>

Office attendance

The Department operates a discretionary hybrid working policy, which provides for a combination of working hours from your place of work and from your home in the UK. The current expectation for staff is to attend the office or non-home based location for 40-60% of the time over the accounting period.

DSIT does not normally offer full home working (i.e. working at home); but we do offer a variety of flexible working options (including occasionally working from home).

Things you need to know

Artificial intelligence

Artificial intelligence can be a useful tool to support your application, however, all examples and statements provided must be truthful, factually

accurate and taken directly from your own experience. Where plagiarism has been identified (presenting the ideas and experiences of others, or generated by artificial intelligence, as your own) applications may be withdrawn and internal candidates may be subject to disciplinary action. Please see our [candidate guidance \(opens in a new window\)](#) for more information on appropriate and inappropriate use.

Selection process details

The standard selection process for roles at DSIT consists of:

- a simple application screening process - We only ask for a CV and cover letter of up to 750 words. Important tip - please ensure that your cover letter includes how you meet the skills and experience listed in the person specification section above

- a 60 minute video interview

Depending on how many applications we get, there might also be an extra stage before the video interview, for example a phone interview or a technical exercise.

While we value the use of AI technology to enhance our daily work, we also value the personal touch and urge applicants to write cover letters without the use of AI to emphasise their own unique experiences.

In the event we receive a high volume of applications, we will conduct the initial sift against the lead criteria which is: **successfully delivering services that are deployed across a large number of organisations or business units, as well as guiding teams through the implementation of a new process**

In the Civil Service, we use [Success Profiles](#) to evaluate your skills and ability. This gives us the best possible chance of finding the right person for the job, increases performance and improves diversity and inclusivity. We'll be assessing your technical abilities, skills, experience and behaviours that are relevant to this role.

For this role we'll be assessing you against the following [Civil Service Behaviours](#):

- delivering at pace

leadership

working together

We will also be assessing your experience and specialist technical skills against the following skills defined in the Government Digital and Data Capability Framework for the Delivery Manager (SEO) role:

Agile and Lean practices

Communicating between the technical and non-technical

Maintaining delivery momentum

Making a process work

Planning

Team dynamics and collaboration

Recruitment Timeline

Sift completion: 2/11/2026

Panel interviews: Starting from 9/11/2026

Candidates that do not pass the interview but have demonstrated an acceptable standard may be considered for similar roles at a lower grade.

A reserve list will be held for a period of 12 months, from which further appointments can be made.

The Civil Service is committed to attract, retain and invest in talent wherever it is found. To learn more please see the [Civil Service People Plan](#) and [the Civil Service D&I Strategy](#).

Please note that this role requires SC clearance, which would normally need 5 years UK residency in the past 5 years. This is not an absolute requirement, but supplementary checks may be needed where individuals have not lived in the UK for that period. This may mean your security clearance (and therefore your appointment) will take longer or, in some cases, not be possible.

For meaningful checks to be carried out, you will need to have lived in the UK for a sufficient period of time, to enable appropriate checks to be carried out and produce a result which provides the required level of assurance. Whilst a lack of UK residency in itself is not necessarily a bar to a security clearance, and expectation of UK residency may range from 3 to 5 years. Failure to meet the residency requirements needed for the role may result in the withdrawal of provisional jobs offers.

Sponsorship

DSIT cannot offer Visa sponsorship to candidates through this campaign. DSIT holds a Visa sponsorship licence but this can only be used for certain roles and this campaign does not qualify.

Feedback will only be provided if you attend an interview or assessment.

Security

Successful candidates must undergo a basic (or equivalent) criminal record check.

Successful candidates must meet the security requirements before they can be appointed. The level of security needed is [security check \(opens in a new window\)](#).

[See our vetting charter \(opens in a new window\)](#).

People working with government assets must complete [baseline personnel security standard \(opens in new window\)](#) checks.

Nationality requirements

This job is broadly open to the following groups:

- UK nationals

- nationals of the Republic of Ireland

- nationals of Commonwealth countries who have the right to work in the UK

nationals of the EU, Switzerland, Norway, Iceland or Liechtenstein and family members of those nationalities with settled or pre-settled status under the [European Union Settlement Scheme \(EUSS\) \(opens in a new window\)](#)

nationals of the EU, Switzerland, Norway, Iceland or Liechtenstein and family members of those nationalities who have made a valid application for settled or pre-settled status under the European Union Settlement Scheme (EUSS)

individuals with limited leave to remain or indefinite leave to remain who were eligible to apply for EUSS on or before 31 December 2020

Turkish nationals, and certain family members of Turkish nationals, who have accrued the right to work in the Civil Service

[Further information on nationality requirements \(opens in a new window\)](#)

Working for the Civil Service

The [Civil Service Code \(opens in a new window\)](#) sets out the standards of behaviour expected of civil servants.

We recruit by merit on the basis of fair and open competition, as outlined in the Civil Service Commission's [recruitment principles \(opens in a new window\)](#).

The Civil Service embraces diversity and promotes equal opportunities. As such, we run a Disability Confident Scheme (DCS) for candidates with disabilities who meet the minimum selection criteria.

The Civil Service also offers a Redeployment Interview Scheme to civil servants who are at risk of redundancy, and who meet the minimum requirements for the advertised vacancy.

Diversity and Inclusion

The Civil Service is committed to attract, retain and invest in talent wherever it is found. To learn more please see the [Civil Service People Plan \(opens in a new window\)](#) and the [Civil Service Diversity and Inclusion Strategy \(opens in a new window\)](#).

Apply and further information

This vacancy is part of the [Great Place to Work for Veterans \(opens in a new window\)](#) initiative.

The Civil Service welcomes applications from people who have recently left prison or have an unspent conviction. [Read more about prison leaver recruitment \(opens in new window\)](#).
