Selection process details

In Justice Digital, Data and Science, we recruit using a combination of the **Government Digital and Data Profession Capability** and **Success Profiles** Frameworks. We shall assess a combination of your Experience and Behaviours during the assessment process.

Stage 1 - Application and sift:

To apply for this position, you must submit the following as part of your application:

A **CV** detailing your career history (including any relevant qualifications). Your CV will be assessed against the essential criteria outlined within the Person Specification of this advert.

A **Personal Statement** (no more than 750 words) which should outline your experience and skills, giving clear examples of work undertaken. It should specifically address the following question: **Tell us about a time when you have led a hiring manager through the end-to-end recruitment process resulting in a successful outcome and quality service.**

Your application will be used to assess the two criteria listed below:

Recruitment: hands-on experience (in an agency or internal setting) of leading a hiring manager through the end-to-end recruitment process to successfully hire staff and/or contractors.

Managing a Quality Service: Service Excellence - deliver high quality outcomes that meet customer needs by working with stakeholders to set priorities, objectives and timescales as well as identify risks and resolve issues.

A diverse sift panel will review the information in your CV and Personal Statement to assess the sift criteria specified above. We operate an anonymous shortlisting process. Please ensure your CV and Personal Statement do not include your name or any other identifying details.

Should we receive a high volume of applications, a pre-sift based on the below criterion will be conducted before the sift:

Recruitment: hands-on experience (in an agency or internal setting) of leading a hiring manager through the end-to-end recruitment process to successfully hire staff and/or contractors.

Please access the following link for guidance on how to apply - [Application Guidance](#)

Recruitment: hands-on experience (in an agency or internal setting) of leading a hiring manager through the end-to-end recruitment process to successfully hire staff and/or contractors.

Managing a Quality Service: Service Excellence - deliver high quality outcomes that meet customer needs by working with stakeholders to set priorities, objectives and timescales as well as identify risks and resolve issues.

Working Together: Partnering - establish productive partnerships with customers and stakeholders to deliver shared organisational outcomes.

Changing & Improving: Continuous Improvement - Working within squads to review and inspect progress towards agreed goals, proactively reviewing current processes and identifying improvements that could be made.

Delivering at Pace: follow the appropriate procedures to ensure results are achieved. Regularly monitor your own work against milestones and act promptly to reassess workloads and priorities when there are conflicting demands to maintain performance.

Appointments are made strictly in merit order. In the event that two or more candidates receive identical interview scores, the following will be applied as the primary lead criterion to determine the final merit order:

Recruitment: hands-on experience (in an agency or internal setting) of leading a hiring manager through the end-to-end recruitment process to successfully hire staff and/or contractors.

Should you be unsuccessful in the role that you have applied for but demonstrate the capability for a role at a lower level, we reserve the right to discuss this opportunity with you and offer you the position without needing a further application.
