[Things you need to know](#)

[Apply and further information](#)

Location

Bristol, Swansea, Leeds, Nottingham, Newcastle, Oldham (Chadderton), Birmingham(Garretts Green) or Uxbridge.

You can be based at any of the above locations, however if your chosen

location is Yeading/Uxbridge please note:

This role is advertised as being based in Uxbridge; however, the contractual base will be Yeading.

While estate works are being carried out at the Yeading site, all roles will be temporarily located in Uxbridge. Successful applicants will therefore begin their employment at the Uxbridge location.

Please be aware that all employees will be required to work from the Yeading site once it reopens in 2028.

Employees based at Uxbridge will receive a London Weighting allowance of £4,000. This allowance will continue when the location moves to Yeading.

About the job

Job summary

Are you experienced in software development and delivery within Microsoft Dynamics, utilising Dynamics 365 or Power Platform?

Do you have expertise in CE, Field Service, URS and RSO?

Would you like to work on nationally recognised digital projects?

If so, we'd like to hear from you.

As a Senior Developer for Dynamics, you will be integral to establishing new Microsoft Dynamics capability within the team, supporting and developing current and future applications.

Microsoft Dynamics is a key part of our technical roadmap. We are building an in-house team to insource the support and development of externally built applications, while creating the capability to deliver new solutions internally.

You'll have the opportunity to join the team at its inception, helping shape its structure, training programmes and strategic direction. Our applications support essential DVSA services, including theory test bookings, roadside enforcement encounters and annual vehicle tests.

You will be part of our expanding Application Development team, which develops and maintains mission-critical applications for DVSA.

There's never been a better time to join the DVSA!

We're striving to create a place that's great to work in. We heavily invest in our development teams, to enable you to advance your career and knowledge by giving you the opportunity to use modern, cutting-edge cloud and mobile development technologies built on modern development languages and frameworks.

Our Digital-first vision is supported by a clear strategy which allows our staff to develop and grow. Click to find out more the award-winning services we work on and what's on offer for you, helping drive your career forward.

Joining our department comes with many benefits, including:

Employer pension contribution of 28.97% of your salary. Read more about Civil Service Pensions [here](#)

25 days annual leave, increasing by 1 day each year of service (up to a maximum of 30 days annual leave), plus 8 bank holidays a privilege day for the King's birthday

Flexible working options where we encourage a great work-life balance.

Read more in the Benefits section below!

Job description

As a Senior Dynamics Developer, you will be designing, building, and testing software that makes a real difference to our frontline staff and helps improve road safety.

You will work collaboratively with external suppliers and DVSA stakeholders and to ensure the support and delivery of defined solutions.

You will be working within a multi-disciplinary team using Agile delivery methodologies, delivering solutions focused on user needs.

Your responsibilities will include, but aren't limited to:

- Have proven experience of software development, with a detailed knowledge Microsoft Dynamics.

- Lead and inspire team members, providing guidance and support to staff, enabling them to effectively deliver on objectives.

- Lead the development of value-driven services to fulfil customer needs, guiding app teams in building solutions.

- Act as a recognised subject matter expert, offering guidance in the resolution of live issues.

- Work to modern development standards, practices and techniques to develop solutions that put the user and user experience first.

- Design and configure Universal Resource Scheduling (URS), including bookable resources, characteristics, requirements, calendars and scheduling constraints.

- Implement and optimise Resource Scheduling Optimisation (RSO) to support automated scheduling scenarios such as route optimisation, capacity planning and prioritisation.

Great line management is important to us as an organisation, and we will equip and support line managers to develop the skills they need. We aim to empower line managers to create teams where people can flourish and deliver excellent outcomes for the public.

For further information on the role, please read the attached role profile. Please note that the role profile is for information purposes only - whilst all elements are relevant to the role, they may not all be assessed during the recruitment process. This job advert will detail exactly what will be assessed during the recruitment process.

Person specification

To be successful in this role you will need to have the following experience:

- Experience working with technical teams to deliver user-focused services in an agile environment

- Experience of coaching and mentoring software developers / test engineers to develop their skills

Strong applied knowledge of Microsoft Dynamics CE and Field Service including an in-depth understanding of its capabilities, boundaries, and constraints and experience with URS and RSO.

Development experience using some of the following: C#, .net, Dynamics Plugin, Power Fx, Model/Canvas Apps, Power Automate, Dynamics 365 CE, Field Service Powershell, ALM Pipeline , Azure DevOps, Dataverse

Government Digital and Data Allowance

The role is part of the Government Digital and Data (or Government Security Profession Career Framework) profession and utilises an enhanced Capability Based Pay Framework which provides access to a Digital and Data allowance.

The base pay is £44,241. In addition to this the role includes a Digital and Data allowance of up to £14,756.

The value of allowance awarded will be based on an assessment of your skills and experience as demonstrated through the selection process. [Here are more details on the pay framework.](#)

Additional Information

Working hours, office attendance and travel requirements

Full time roles consist of 37 hours per week.

Whilst we welcome applications from those looking to work with us on a part time basis, there is a business requirement for the successful candidate to be able to work at least **30** hours per week.

Occasional travel to other offices will be required, which may involve overnight stays.

This role **is suitable** for hybrid working, which is a non-contractual arrangement where a combination of workplace and home-based working can be accommodated subject to business requirements.

The expectation at present is a minimum of **60%** of your working time a month will be spent at either your designated workplace (one of the locations cited in the advert) or, when required for business reasons, in another office/

work location. There may be occasions where you are required to attend above the minimum expectation.

If you have a question about hybrid working, part time/job share hours, flexible working, travelling for work, or require a reasonable adjustment, please contact the Vacancy Holder during the recruitment process to avoid possible disappointment later in the process should your working arrangements not be compatible with the requirements of the role (see below for contact details).

Please note that we do not hold a UK Visa & Immigration (UKVI) Skilled Worker Licence sponsor and are unable to sponsor any individuals for Skilled Worker Sponsorship. Candidates must ensure they have the appropriate rights to work in the UK before application.

Things you need to know

Artificial intelligence

Artificial intelligence can be a useful tool to support your application, however, all examples and statements provided must be truthful, factually accurate and taken directly from your own experience. Where plagiarism has been identified (presenting the ideas and experiences of others, or generated by artificial intelligence, as your own) applications may be withdrawn and internal candidates may be subject to disciplinary action. Please see our

[candidate guidance \(opens in a new window\)](#) for more information on appropriate and inappropriate use.

Selection process details

This vacancy is using [Success Profiles \(opens in a new window\)](#), and will assess your Behaviours, Experience and Technical skills.

How to apply:

Our selection process ensures a comprehensive assessment of each applicant's skills, and potential fit within our organisation.

The selection process for this role will be:

Stage 1: Sift of CV and personal statement

Stage 2: Interview & Assessment

You must be successful at each stage to progress to the next stage.

Stage 1: Sift

At sift, you will be assessed against the following Success Profile elements:

Experience

You will be asked to provide a CV (unlimited wordcount) and personal statement (1000-word count).

Within your Person Statement please provide detailed evidence of your experience of the following:

Experience working with technical teams to deliver user-focused services in an agile environment

Experience of coaching and mentoring software developers / test engineers to develop their skills

Strong applied knowledge of Microsoft Dynamics CE and Field Service including an in-depth understanding of its capabilities, boundaries, and constraints and experience with URS and RSO.

Development experience using some of the following: C#, .net, Dynamics Plugin, Power Fx, Model/Canvas Apps, Power Automate, Dynamics 365 CE, Field Service Powershell, ALM Pipeline , Azure DevOps, Dataverse

The sift will take place week commencing 12th October 2026.

Stage 2: Interview

At interview stage, you will be assessed against the following Success Profile elements:

Behaviours:

Working Together

Changing and Improving

Experience :

Experience of working with/developing in Dynamics 365 CE and Field Service

Technical:

Senior Software Developer Programming and build - (Skill level: practitioner)

Senior Software Developer Modern development standards - (Skill level: practitioner)

Senior Software Developer Service support - (Skill level: practitioner)

Senior Software Developer User Focus - (Skill level: practitioner)

You will also be required to create and deliver a presentation to assess the following technical skill:

Senior Software Developer Systems design - (Skill level: practitioner)

Guidance will be provided if you are invited to interview.

This role maps to the Software developer role family at the **Senior Developer** level.

The interviews will take place week commencing 26th October 2026.

This interview will be conducted online via Microsoft Teams. Further details will be provided to you should you be selected for interview.

You can find out more about [our hiring process, how to apply, and application and interview guidance on our careers site \(opens in a new window\)](#).

Please note that we will try to meet the dates set out in the advert. There may be occasions when these dates will change.

Further information on the selection process

Feedback on your application can only be provided if you attend an interview or assessment.

We will also hold a 12 month reserve list for this role, which may lead to potential opportunities beyond the role you applied for. You can read more about our reserve lists [here](#).

Should we receive a large number of applications, we may invite a shortlist of the highest performing candidates to interview. This means that some applications that meet the required standard could be placed on hold after the sift and invited to interview if the vacant position(s) remain unfilled. You will be notified if your application is being put on hold once the sift has been completed.

If your application is successful but you have been dismissed from the Civil Service, your application could be removed at the pre-employment checking stage depending on the nature of the dismissal.

Applicants who are successful at interview will be, as part of pre-employment screening, subject to a check on the Internal Fraud Database (IFD). This check will provide information about employees who have been dismissed for fraud or dishonesty offences. This check also applies to employees who resign or otherwise leave before being dismissed for fraud or dishonesty had their employment continued. Any applicant's details held on the IFD will be refused employment. A candidate is not eligible to apply for a role within the Civil Service if the application is made within a 5-year period following a dismissal for carrying out internal fraud against government.

All external applicants and current employees of accredited non-departmental public bodies (NDPBs) will be required to undergo a Social Media Check. A Social Media Check is a review of your publicly available online activity, typically across platforms like LinkedIn, Facebook, X (formerly Twitter), Instagram, and others. The purpose is to identify any public posts or content that could raise concerns for employers, such as:

Hate speech or discriminatory behaviour

Threats or acts of violence

Illegal activity or substance misuse

Sexually explicit material

Extremist views or affiliations

Importantly, this check does not involve hacking into your accounts or accessing private messages. It only considers content you have chosen to make public. Employers use this kind of screening to help ensure their workplace remains safe, inclusive, and aligned with company values. It's not about judging your personality or lifestyle - it's about checking for potential red flags that might affect the role or company culture. If you have questions or concerns about the social media check, we would be happy to explain in more detail what's being looked at and how your data is handled securely and fairly.

Feedback will only be provided if you attend an interview or assessment.

Security

Successful candidates must undergo a basic (or equivalent) criminal record check.

Successful candidates must meet the security requirements before they can be appointed. The level of security needed is [security check \(opens in a new window\)](#).

[See our vetting charter \(opens in a new window\)](#).

People working with government assets must complete [baseline personnel security standard \(opens in new window\)](#) checks.

Nationality requirements

This job is broadly open to the following groups:

UK nationals

nationals of the Republic of Ireland

nationals of Commonwealth countries who have the right to work in the UK

nationals of the EU, Switzerland, Norway, Iceland or Liechtenstein and family members of those nationalities with settled or pre-settled status under the [European Union Settlement Scheme \(EUSS\) \(opens in a new window\)](#)

nationals of the EU, Switzerland, Norway, Iceland or Liechtenstein and family members of those nationalities who have made a valid application for settled or pre-settled status under the European Union Settlement Scheme (EUSS)

individuals with limited leave to remain or indefinite leave to remain who were eligible to apply for EUSS on or before 31 December 2020

Turkish nationals, and certain family members of Turkish nationals, who have accrued the right to work in the Civil Service

[Further information on nationality requirements \(opens in a new window\)](#)

Working for the Civil Service

The [Civil Service Code \(opens in a new window\)](#) sets out the standards of behaviour expected of civil servants.

We recruit by merit on the basis of fair and open competition, as outlined in the Civil Service Commission's [recruitment principles \(opens in a new window\)](#).

The Civil Service embraces diversity and promotes equal opportunities. As such, we run a Disability Confident Scheme (DCS) for candidates with disabilities who meet the minimum selection criteria.

The Civil Service also offers a Redeployment Interview Scheme to civil servants who are at risk of redundancy, and who meet the minimum requirements for the advertised vacancy.

Diversity and Inclusion

The Civil Service is committed to attract, retain and invest in talent wherever it is found. To learn more please see the [Civil Service People Plan \(opens in a new window\)](#) and the [Civil Service Diversity and Inclusion Strategy \(opens in a new window\)](#).

Apply and further information

This vacancy is part of the [Great Place to Work for Veterans \(opens in a new window\)](#) initiative.

The Civil Service welcomes applications from people who have recently left prison or have an unspent conviction. [Read more about prison leaver recruitment \(opens in new window\)](#).

Once this job has closed, the job advert will no longer be available. You may want to save a copy for your records.
