Job summary

Are you passionate about building digital services that make a real difference?

Do you enjoy solving technical challenges and working as part of a collaborative agile team?

Are you looking to develop your skills while contributing to the delivery of modern, user-focused digital solutions?

If so, we'd love to hear from you.

This is an exciting time to join the Digital, Information and Security Directorate within the Department for Transport as we restructure our directorate to ensure we are ready for future challenges, building a more sustainable, skilled and in-house capability.

Build services. Develop solutions. Make an impact.

As a Developer, you'll play a key role in designing, building, supporting and improving digital services, products and platforms used across the Department for Transport. Working within multidisciplinary agile teams, you'll help create secure, scalable and user-centred solutions that deliver genuine value to our users.

Joining our department comes with many benefits, including:

- Employer pension contribution of 28.97% of your salary. Read more about Civil Service Pensions here
- 25 days annual leave, increasing by 1 day each year of service (up to a maximum of 30 days annual leave), plus 8 bank holidays a privilege day for the King s birthday.
- Flexible working options where we encourage a great work-life balance.

Job description

Working within the Create Service Line, you'll contribute to the development and support of digital services that meet organisational, policy and operational needs. You will work alongside developers, architects, designers, delivery professionals and business stakeholders to deliver effective digital solutions.

As a Developer, you'll take ownership of your work, contribute to continuous improvement, and help foster a positive, collaborative culture across the team. You'll be encouraged to develop your technical skills and support colleagues while contributing to the delivery of high-quality digital services.

Your responsibilities will include, but aren t limited to:

- Developing software to meet user needs
- Writing clean, secure and well-tested code
- Following development standards and helping improve ways of working
- Supporting and maintaining live services
- Identifying and resolving issues within production environments
- Collaborating with multidisciplinary teams to deliver digital solutions
- Coaching and supporting more junior colleagues where appropriate

- Participating in communities of practice and knowledge sharing activities
- Taking ownership of your professional development and learning new technologies

For further information on the role, please read the role profile. Please note that the role profile is for information purposes only - whilst all elements are relevant to the role, they may not all be assessed during the recruitment process. This job advert will detail exactly what will be assessed during the recruitment process.

Person specification

To be successful in this role you will need to have the following experience:

- Proven experience of developing software to meet user needs
- Ability to write clean, secure and well-tested code
- Experience working collaboratively as part of agile delivery teams
- A learning mindset and willingness to develop new technical skills
- Ability to work effectively with colleagues from a range of disciplines
- Willingness to work towards certifications in Google and Microsoft technologies and Agile practices

We primarily develop using .Net in a Google Cloud environment.

Working hours, office attendance and travel requirements

Full-time roles consist of 37 hours per week.

Whilst we welcome applications from those looking to work with us on a part-time basis, there is a business requirement for the successful candidate to be able to work at least 30 hours per week.

Occasional travel to other offices will be required, which may involve overnight stays.

This role **is suitable** for hybrid working, which is a non-contractual arrangement where a combination of workplace and home-based working can be accommodated subject to business requirements.

The expectation at present is a minimum of **60%** of your working time a month will be spent at either your designated workplace (one of the locations cited in the advert) or, when required for business reasons, in another office/ work location/visiting stakeholders. Your designated workplace will be your contractual place of work. There may be occasions where you are required to attend above the minimum expectation.

If you have a question about hybrid working, part time/job share hours, flexible working, travelling for work, or require a reasonable adjustment, please contact the Vacancy Holder during the recruitment process to avoid possible disappointment later in the process should your working arrangements not be compatible with the requirements of the role (see below for contact details).

Further Information

For more information about how we hire, and for useful tips on submitting your application for this role, visit the How We Hire page of our DfT Careers website. You can find detailed information about the recruitment process and what to expect when applying for a role.

Pre-employment Checking

If your application is successful but you have been dismissed from the Civil Service, your application could be removed at the pre-employment checking stage depending on the nature of the dismissal.

Applicants who are successful at interview will be, as part of pre-employment screening, subject to a check on the Internal Fraud Database (IFD). This check will provide information about employees who have been dismissed for fraud or dishonesty offences. This check also applies to employees who resign or otherwise leave before being dismissed for fraud or dishonesty had their employment continued. Any applicant s details held on the IFD will be refused employment. A candidate is not eligible to apply for a role within the Civil Service if the application is made within a 5-year period following a dismissal for carrying out internal fraud against government.

All External applicants and current employees of accredited non-departmental public bodies (NDPBs) will be required to undergo a Social Media Check. A Social Media Check is a review of your publicly available online activity, typically across platforms like LinkedIn, Facebook, X (formerly Twitter), Instagram, and others. The purpose is to identify any public posts or content that could raise concerns for employers, such as:

- Hate speech or discriminatory behaviour
- Threats or acts of violence

Illegal activity or substance misuse

Sexually explicit material

Extremist views or affiliations

Importantly, this check does not involve hacking into your accounts or accessing private messages. It only considers content you have chosen to make public. Employers use this kind of screening to help ensure their workplace remains safe, inclusive, and aligned with company values. It s not about judging your personality or lifestyle it s about checking for potential red flags that might affect the role or company culture. If you have questions or concerns about the social media check, we would be happy to explain in more detail what s being looked at and how your data is handled securely and fairly.

Artificial intelligence

Artificial intelligence can be a useful tool to support your application, however, all examples and statements provided must be truthful, factually accurate and taken directly from your own experience. Where plagiarism has been identified (presenting the ideas and experiences of others, or generated by artificial intelligence, as your own) applications may be withdrawn and internal candidates may be subject to disciplinary action. Please see our candidate guidance for more information on appropriate and inappropriate use.

Feedback

Feedback will only be provided if you attend an interview or assessment.

Security

Successful candidates must undergo a basic (or equivalent) criminal record check.

Successful candidates must meet the security requirements before they can be appointed. The level of security needed is security check (opens in a new window).

See our vetting charter (opens in a new window).

People working with government assets must complete baseline personnel security standard (opens in new window) checks.
