About the job

Job summary

The Government Cyber Unit's mission is to protect public services from cyber threats and digital resilience failures. We are working to achieve a step change in our cyber and digital resilience across government, through delivery of the Government Cyber Action Plan, and working closely with departments and national technical authorities including the National Cyber Security Centre to deliver. This is a challenging time to be working in cyber security and digital resilience, but we have an incredible opportunity to make a difference to people s lives and promote national security by protecting the public services and national infrastructure they rely on. We work at the forefront of shaping the UK s national response to emerging cyber and technology issues - from the increasingly complex range of state-sponsored cyber-attacks and supply chain compromises, through to the transformational benefits and security challenges of frontier AI and quantum computing.

We are committed to creating an inclusive and supportive working environment where people can learn, develop and do their best work. Continuous professional development and a focus on wellbeing is core to our unit culture. We welcome applications from candidates who share this ethos and are excited by our mission.

The Cyber Services Team supports the delivery of the Government Cyber Action Plan by coordinating, overseeing and delivering services to help public sector organisations solve cyber security challenges.

The services we provide centrally are those where automation and economies of scale can be applied to address common resilience and cyber problems. These cover the core internet services we all rely on such as DNS, email and web services, as well as vulnerability management, cyber testing and cyber capability uplift.

We ensure that cyber services are easy to find and use, and that the information and support delivered by these services is coherent, valuable, relevant, timely, trusted, reliable and easy to action.

We track success using evidence-based objective measures.

Job description

Former DSIT recruitment campaigns are continuing as usual, but candidates should be aware that following theGovernment s announcement on the changes to some civil service departments, roles will be subject to the machinery of government moves and will ultimately be in one of the new departments. We will provide more information if you are selected for a role. This work remains of high importance to the civil service, and we thank you for your continued interest.

As a Senior Delivery Manager, you ll be responsible for the effective delivery of multiple services within the services portfolio, including oversight of delivery by internal teams and delivery of services by outsourced providers.

You will take responsibility for:

- leading and motivating multiple multi-disciplinary teams, helping them organise and plan their work, ensuring they deliver timely products and services that actually meet users needs
- creating and tailoring the delivery approach for each team, iterating it throughout the lifecycle using recognised lean/agile practices, and communicating status to more senior people and users appropriately
- owning Programme/Project RAID (Risks, Assumptions, Issues, Dependencies) log, ensuring accountability and clear ownership of mitigation steps across teams
- driving the end-to-end procurement process, and contract management of third-party suppliers, ensuring value for money and compliance with commercial controls
- commercial pipeline and supplier management of contracted suppliers and to ensure on-time delivery, value for money and knowledge retention after projects end
- managing stakeholders and moderating difficult discussions about right risk and complex topics within constrained timescales
- writing and inputting into business cases for services

coordinating planning processes across varying services, identifying and resolving dependencies

providing useful and accurate delivery metrics to facilitate continual improvement

working in partnership with product and technical leads across Government Cyber Unit on high profile work in ambiguous, complex and/or uncertain domains

facilitating an inclusive team environment where innovation and challenge are welcomed from all colleagues

ensuring the pace of work across teams remains high by ensuring actions are tracked and completed, meetings are well scheduled, appropriately attended and outcome focused

making decisions that build a high performing team, breaking down barriers for your team, and both planning at a higher level and getting into the details to make things happen when needed

Person specification

We re interested in people who have experience:

successfully delivering cyber services that are deployed across a large number of organisations or business units, as well as guiding teams through the implementation of a new process

leading several successful service teams simultaneously through different phases of its life cycle

driving or managing procurement, contracting and supplier management processes

engaging with private sector providers, taking responsibility for relationships with contracted suppliers and putting commercial contracts in place

in financial and resource management, including overseeing the tracking, management and reporting of financial information across the Cyber Services Team, and ensuring its accuracy and completeness at month-end.

being highly organised, possessing excellent interpersonal skills, and having the ability to rapidly grasp complex subjects. The role requires comfort with a fast-paced environment and a degree of ambiguity.

- leading multi-disciplinary teams and managing projects using agile and lean practices according to the Service Manual
- communicating effectively across government, and with internal and external stakeholders to understand needs and deliver new capability whilst managing expectations and moderating difficult discussions.
- working in and understanding of cyber security risk and government cyber security best practices

We re interested in intellectually curious people, with a genuine passion for finding and implementing innovative ways to solve business problems through technology.

Benefits

There are many benefits of working at DSIT, including:

- flexible hybrid working with flexi-time and the option to work part-time or condensed hours
- a Civil Service Pension with an average employer contribution of 28.97%
- 25 days of annual leave, increasing by a day each year up to a maximum of 30 days
- an extra day off for the King s birthday
- an in-year bonus scheme to recognise high performance
- career progression and coaching, including a training budget for personal development
- a focus on wellbeing with access to an employee assistance programme
- job satisfaction from making government services easier to use and more inclusive for people across the UK
- advances on pay, including for travel season tickets
- death in service benefits
- cycle to work scheme and facilities
- access to an employee discounts scheme
- 10 learning days per year

volunteering opportunities (5 special leave days per year)

access to a suite of learning activities through Civil Service learning

Any move to Government Digital Service from another employer will mean you can no longer access childcare vouchers. This includes moves between government departments. You may however be eligible for other government schemes, including Tax Free Childcare. Determine your eligibility at https://www.childcarechoices.gov.uk

Office attendance
The Department operates a discretionary hybrid working policy, which provides for a combination of working hours from your place of work and from your home in the UK. The current expectation for staff is to attend the office or non-home based location for 40-60% of the time over the accounting period.
DSIT does not normally offer full home working (i.e. working at home); but we do offer a variety of flexible working options (including occasionally working from home).

Things you need to know

Artificial intelligence

Artificial intelligence can be a useful tool to support your application, however, all examples and statements provided must be truthful, factually accurate and taken directly from your own experience. Where plagiarism has been identified (presenting the ideas and experiences of others, or generated by artificial intelligence, as your own) applications may be withdrawn and internal candidates may be subject to disciplinary action. Please see our candidate guidance (opens in a new window) for more information on appropriate and inappropriate use.

Selection process details

The standard selection process for roles at GDS consists of:

a simple application screening process - We only ask for a CV and cover letter of up to 750 words. Important tip - please ensure that your cover

- letter includes how you meet the skills and experience listed in the person specification section above
- a 60 minute video interview

Depending on how many applications we get, there might also be an extra stage before the video interview, for example a phone interview or a technical exercise.

While we value the use of AI technology to enhance our daily work, we also value the personal touch and urge applicants to write cover letters without the use of AI to emphasise their own unique experiences.

In the event we receive a high volume of applications, we will conduct the initial sift against the lead criteria which is: **successfully delivering cyber services that are deployed across a large number of organisations or business units, as well as guiding teams through the implementation of a new process**

In the Civil Service, we use Success Profiles to evaluate your skills and ability. This gives us the best possible chance of finding the right person for the job, increases performance and improves diversity and inclusivity. We ll be assessing your technical abilities, skills, experience and behaviours that are relevant to this role.

For this role we ll be assessing you against the following Civil Service Behaviours:

- delivering at pace
- leadership
- working together

We ll also be assessing your experience and specialist technical skills against the following skills defined in the Government Digital and Data Capability Framework for the Senior Delivery Manager role:

- Agile and Lean practices
- Communicating between the technical and non-technical
- Maintaining delivery momentum
- Making a process work

- Planning
- Team dynamics and collaboration
- Commercial management
- Financial management

Recruitment Timeline

Sift completion: 23rd November 2026

Panel interviews: Starting from 30th November 2026

Candidates that do not pass the interview but have demonstrated an acceptable standard may be considered for similar roles at a lower grade.

A reserve list will be held for a period of 12 months, from which further appointments can be made.

The Civil Service is committed to attract, retain and invest in talent wherever it is found. To learn more please see the Civil Service People Plan and the Civil Service D&I Strategy.

Please note that this role requires SC clearance, which would normally need 5 years UK residency in the past 5 years. This is not an absolute requirement, but supplementary checks may be needed where individuals have not lived in the UK for that period. This may mean your security clearance (and therefore your appointment) will take longer or, in some cases, not be possible.

For meaningful checks to be carried out, you will need to have lived in the UK for a sufficient period of time, to enable appropriate checks to be carried out and produce a result which provides the required level of assurance. Whilst a lack of UK residency in itself is not necessarily a bar to a security clearance, and expectation of UK residency may range from 3 to 5 years. Failure to meet the residency requirements needed for the role may result in the withdrawal of provisional jobs offers.

Sponsorship

DSIT cannot offer Visa sponsorship to candidates through this campaign. DSIT holds a Visa sponsorship licence but this can only be used for certain roles and this campaign does not qualify.

Feedback will only be provided if you attend an interview or assessment.

Security

Successful candidates must undergo a basic (or equivalent) criminal record check.

Successful candidates must meet the security requirements before they can be appointed. The level of security needed is security check (opens in a new window).

See our vetting charter (opens in a new window).

People working with government assets must complete baseline personnel security standard (opens in new window) checks.

Nationality requirements

This job is broadly open to the following groups:

- UK nationals
- nationals of the Republic of Ireland
- nationals of Commonwealth countries who have the right to work in the UK
- nationals of the EU, Switzerland, Norway, Iceland or Liechtenstein and family members of those nationalities with settled or pre-settled status under the European Union Settlement Scheme (EUSS) (opens in a new window)
- nationals of the EU, Switzerland, Norway, Iceland or Liechtenstein and family members of those nationalities who have made a valid application for settled or pre-settled status under the European Union Settlement Scheme (EUSS)
- individuals with limited leave to remain or indefinite leave to remain who were eligible to apply for EUSS on or before 31 December 2020

Turkish nationals, and certain family members of Turkish nationals, who have accrued the right to work in the Civil Service

Further information on nationality requirements (opens in a new window)

Working for the Civil Service

The Civil Service Code (opens in a new window) sets out the standards of behaviour expected of civil servants.

We recruit by merit on the basis of fair and open competition, as outlined in the Civil Service Commission's recruitment principles (opens in a new window).

The Civil Service embraces diversity and promotes equal opportunities. As such, we run a Disability Confident Scheme (DCS) for candidates with disabilities who meet the minimum selection criteria.

The Civil Service also offers a Redeployment Interview Scheme to civil servants who are at risk of redundancy, and who meet the minimum requirements for the advertised vacancy.

Diversity and Inclusion

The Civil Service is committed to attract, retain and invest in talent wherever it is found. To learn more please see the Civil Service People Plan (opens in a new window) and the Civil Service Diversity and Inclusion Strategy (opens in a new window).

Apply and further information

This vacancy is part of the Great Place to Work for Veterans (opens in a new window) initiative.

The Civil Service welcomes applications from people who have recently left prison or have an unspent conviction. Read more about prison leaver recruitment (opens in new window).

Once this job has closed, the job advert will no longer be available. You may want to save a copy for your records.
