Apply and further information

Location

This role may be located in one of the following locations; Birmingham, Blackpool, Leeds, Manchester, Newcastle Upon Tyne and Sheffield.

Please find further information on the [Corporate hub locations here](#).

Please note that for candidates requesting to work in Newcastle, the role will initially be based at Benton Park View. It will then move to 1 Pilgrim Place in Newcastle city centre by the end of 2027.

For candidates requesting to work in Sheffield King's Court, please note these roles will initially be based at King's Court and then move to 1 West Bar by early 2028.

About the job

Job summary

Are you ready to shape the future of digital services that impact millions of lives?

Want to work on meaningful technology that drives real-world change?

We're looking for an outstanding Grade 7 Senior Software Engineer, where your expertise will help transform how the UK's largest government department delivers digital services and change the face of public services, with the potential to dramatically transform the future of millions of people.

We're building modern, scalable systems that support critical internal functions, from HR and finance to security and compliance, ensuring our colleagues have the tools they need to serve the public effectively.

You'll work in a collaborative, agile environment as part of a multi-functional agile delivery team alongside talented engineers, architects, and product

teams. We value clean code, automation, and continuous improvement. Whether you come from a commercial tech background or have public sector experience, you'll find opportunities to innovate, lead, and grow.

We use a range of modern technologies, including AWS (Amazon Web Services), Kubernetes, Java, and CI/CD (Continuous Integration and Continuous Deployment) pipelines. You'll have access to excellent learning and development, flexible working, and a strong engineering community that supports your career progression.

Make an impact. Build something that matters.

Job description

As a Senior Software Engineer, you'll play a key leadership role in our agile delivery teams, shaping the future of digital services in the UK's largest government department.

Key Responsibilities

- Lead the design, development, and deployment of high-quality software solutions that meet user needs and policy intent.

- Champion engineering best practices, including CI/CD, automated testing and cloud-native development.

- Mentor and support junior engineers, fostering a culture of continuous learning and improvement.

- Collaborate with Product Managers, Delivery Managers and other specialists to deliver value iteratively.

- Ensure systems are secure, resilient, and performant, adhering to government standards and accessibility requirements.

- Contribute to technical strategy and architecture decisions across teams and domains.

This role provides opportunities to lead and contribute in areas such as:

- Software Development:** Designing, building and maintaining secure, scalable software using modern technologies including Java, Spring Boot, JavaScript and Node.

- Technical Leadership:** Providing technical leadership across engineering teams and projects, supporting agile delivery and continuous improvement.

Cloud & DevOps: Developing and supporting cloud-based solutions using AWS and infrastructure-as-code tools such as Terraform or CloudFormation.

Problem Solving: Tackling complex technical challenges and helping to shape robust, scalable solutions.

User-Centred Design: Contributing to the delivery of accessible and inclusive digital services that meet user needs.

Collaboration & Communication: Working effectively with colleagues across professions to deliver high-quality digital outcomes.

Please note: Some occasional on-call and/or rota working may be required as part of these roles.

Person specification

See selection process for further details.

If you would like to learn more about the role, please contact
Aisha.Gultasab@dwp.gov.uk

Technical skills

We'll assess you against these technical skills during the selection process:

Technical Leadership

Benefits

Alongside your salary of £57,946, Department for Work and Pensions contributes £16,786 towards you being a member of the Civil Service Defined Benefit Pension scheme. [Find out what benefits a Civil Service Pension provides \(opens in a new window\).](#)

We also have a broad benefits package built around your work-life balance which includes:

Working patterns to support work/life balance such as job sharing, term-time working, flexi-time and compressed hours.

Generous annual leave at least 25 days on entry, increasing up to 30 days over time (pro rata for part time employees), plus 9 days public and privilege leave.

Support for financial wellbeing, including interest-free season ticket loans for travel, a cycle to work scheme and an employee discount scheme.

Health and wellbeing support including our Employee Assistance Programme for specialist advice and counselling and the opportunity to join HASSRA a first-class programme of competitions, activities and benefits for its members (subscription payable monthly).

Family friendly policies including enhanced maternity and shared parental leave pay after 1 year's continuous service.

Funded learning and development to support progress in your role and career. This includes industry recognised qualifications and accreditations, coaching, mentoring and talent development programmes.

An inclusive and diverse environment with opportunities to join professional and interpersonal networks including Women's Network, National Race Network, National Disability Network (THRIVE) and many more.

Hybrid Working

This role may be suitable for hybrid working, which is where an employee works part of the week in their DWP office and part of the week from home. This is a voluntary, non-contractual arrangement and your office will be your contractual place of work.

If a hybrid working arrangement is suitable for the role and for you, you will normally be required to spend a minimum of 60% of your contracted working hours from your DWP office.

If you have a disability, caring responsibilities, or other circumstances that may affect your ability to meet the minimum office attendance requirement, please discuss this with us using the contact details in this advert.

Salary Information

Pay for this role is from £57,946 to £80,664.

The maximum salary for the grade is £68,205, however a Digital Allowance of up to £12,459 per annum is available for exceptional candidates. Digital Allowance is non-salary, and non-pensionable, and is classed as a temporary allowance. It is reviewed annually where it could be retained, amended, or removed.

Our offer to successful candidates will be based on an assessment of your skills and experience as demonstrated at interview.

Existing Civil Servants who secure a new role on lateral transfer will maintain their current substantive salary.

Existing Civil Servants who gain promotion will move to the bottom of the grade pay scale or receive a 10% increase applied to their current substantive salary, whichever is greater.

Any temporary allowances that you are currently in receipt of will not form part of the calculation to determine your pay. Any allowances that are in payment will cease when you move into your new role.

Things you need to know

Artificial intelligence

Artificial intelligence can be a useful tool to support your application, however, all examples and statements provided must be truthful, factually accurate and taken directly from your own experience. Where plagiarism has been identified (presenting the ideas and experiences of others, or generated by artificial intelligence, as your own) applications may be withdrawn and internal candidates may be subject to disciplinary action. Please see our [candidate guidance \(opens in a new window\)](#) for more information on appropriate and inappropriate use.

Selection process details

This vacancy is using [Success Profiles \(opens in a new window\)](#), and will assess your Experience and Technical skills.

Stage 1: Application

Your application will consist of four parts:

1. A Personal Details application form.
2. Employment history - this should contain your work experience and any skills, qualifications and accomplishments relevant to the jobs you have completed.
3. Personal statement - up to 1000 words. This statement should be used to provide examples of how you meet the essential criteria below:

Programming and Build: Strong hands-on experience in designing, building, and maintaining secure, scalable software using modern Java.

Agile working: Demonstrated experience working in agile, multi-disciplinary teams to deliver user-centred digital services. Ability to collaborate effectively with Product Managers, Delivery Managers, and other specialists.

Development Process Optimisation: Experience with AWS, containerisation (Docker, Kubernetes), and infrastructure-as-code tools (Terraform, CloudFormation). Familiarity with CI/CD pipelines and automated testing.

Systems Design: Ability to design robust, resilient, and maintainable systems, contributing to architectural decisions and ensuring alignment with DWP's technical strategy.

Information Security: Understanding of secure coding practices, service resilience, and operational support. Ability to ensure systems meet security, accessibility, and performance standards.

4. Technical statement (up to 250 words). The following statement is aligned to the required technical skill of: **Technical Leadership**. This statement should be used to provide example(s) of how you meet the criterion below:

Proven ability to lead software engineering teams, providing technical direction and mentoring engineers. You should demonstrate how you have influenced stakeholders, shaped technical strategy, fostered continuous improvement and knowledge sharing, and driven improvements to

engineering practices, processes or tooling within large-scale operational environments.

Further details around what this will entail are listed on the application form.

Ensure that all examples provided in your statements are taken directly from your own experience and that you describe the examples in your own words. If you choose to use gen-AI to support your statements, you must follow the guidelines outlined in the **Artificial intelligence and recruitment guide**.

The sift panel will use the information in your employment history, personal statement, and technical statement to assess your experience, skills and knowledge.

An initial sift will be conducted using the technical statement. Candidates who pass the initial sift will be progressed to a full sift.

If you do progress to a full sift, you will be provided with one combined overall assessment score for both your employment history and Personal Statement.

For Hints and Tips on completing your application visit [Applying for jobs at DWP Digital](#).

Important Information

You will be asked to complete your employment history. Any information that you would customarily share on a CV should therefore be entered onto the application form.

Personal details that could be used to identify you including your name, contact details and address must be removed for your application to be considered.

If your employment history, personal statement or technical statement contain any personal details your application will be withdrawn.

Stage 2: Coding Test

Candidates who are successful at the sift stage will be sent a coding test to complete remotely. The exercise will focus on the technical elements listed in the Essential Criteria in this advert.

Full details will be sent to candidates when the exercise is issued. Candidates will have 7 days to complete the test from the date of receipt. Candidates that are not successful in the technical exercise will not progress to the interview stage.

Please add Digital.EngineeringRecruitment@dwg.gov.uk to your safe senders list or monitor your spam folder to ensure safe receipt of the code test via email.

The code test must be completed by the candidate using their skillset without using any AI or generative tools.

Stage 3: Interview

If you're successful at stage 2, you'll be invited to a video interview via Microsoft Teams. During the interview, you'll be assessed against the experience criteria listed under both the essential criteria and technical skill.

Interviews will take place from early-mid November 2026. Interview dates to be confirmed.

Other information:

If high application volumes are received, the benchmark for candidates to proceed to the next stage may be raised. In line with our commitment to the Disability Confident Scheme (DCS), we aim to advance all candidates applying under the DCS who meet the minimum standard. However, we may only progress those candidates who best meet the required standards.

All successful candidates and those placed on reserve will be posted in merit list order by location.

For these vacancies, we strongly recommend that applicants consult with an immigration specialist or qualified advisor to assess their eligibility for Visa Sponsorship before deciding to apply. Please note that while we consider

sponsorship requests in accordance with current DWP guidance and Home Office policy, sponsorship cannot be guaranteed.

Further Information

At the Department for Work and Pensions (DWP) we value diversity and inclusion and actively encourage and welcome applications from everyone, including those that are underrepresented in our workforce.

Find out more about working for DWP on the [DWP Careers Hub](#).

Reserve List

A reserve list may be held for a period of 6 months from which further appointments can be made.

If you are placed on a reserve list but we cannot immediately offer you a post, please note:

If you are later offered the role you applied for, in a location you have expressed a preference for, and you decline the offer or are unable to take up the post within a reasonable timeframe you will be withdrawn from the campaign and removed from the reserve list, other than in exceptional circumstances (e.g. a contractual Part Time Working Pattern cannot be accommodated in the initial role offered or in cases of serious ill health).

If DWP makes an offer of an alternative role or location to that which you originally applied for, and you decline that offer, you will be able to remain on the reserve list.

Disability Confident Scheme

If high application volumes are received, the benchmark for candidates to proceed to the next stage may be raised. In line with our commitment to the Disability Confident Scheme (DCS), we aim to advance all candidates applying under the DCS who meet the minimum standard. However, we may only progress those candidates who best meet the required standards.

Reasonable Adjustments

We consider visible and non-visible disabilities, neurodiversity or learning differences, chronic medical conditions, or mental ill health. Examples include dyslexia, epilepsy, autism, chronic fatigue, or schizophrenia.

If you need a change to be made so that you can make your application, you should contact the Government Recruitment Service via DWPRecruitment.grs@cabinetoffice.gov.uk as soon as possible before the closing date to discuss your needs.

Complete the Reasonable Adjustments section in the Additional requirements page of your application form to tell us what changes or help you might need further on in the recruitment process. For instance, you may need wheelchair access at interview, or if you're deaf, a Language Service Professional.

For further information on reasonable adjustments, terms and conditions and how we recruit visit the [How we recruit page](#).

If you are experiencing accessibility problems with any attachments on this advert, please contact the email address in the 'Contact point for applicants' section.

Integrity, plagiarism and Civil Service Principles

The Civil Service values honesty and integrity and expects all candidates to abide by these principles.

Please ensure that all examples provided in your application are taken directly from your own experience and that you describe the examples in your own words.

Examples of plagiarism can include:

- Presenting the work, ideas and experience of others as your own
- Copying content or answers from an online or published source that is not your own

Disclosure and Barring Service and Internal Fraud Database Checks

To process applications without delay, we will be sending a Criminal Record Check to Disclosure and Barring Service on your behalf. However, we recognise in exceptional circumstances some candidates will want to send their completed forms direct. If you will be doing this, please advise Government Recruitment Service of your intention by emailing Pre-EmploymentChecks.grs@cabinetoffice.gov.uk stating the job reference number in the subject heading.

Applicants who are successful at interview will be, as part of pre-employment screening, subject to a check on the Internal Fraud Database (IFD). This check will provide information about employees who have been dismissed for fraud or dishonesty offences. This check also applies to employees who resign or otherwise leave before being dismissed for fraud or dishonesty had their employment continued. Any applicant's details held on the IFD will be refused employment. A candidate is not eligible to apply for a role within the Civil Service if the application is made within a 5 year period following a dismissal for carrying out internal fraud against government.

If successful and transferring from another Government Department, a criminal record check will be carried out.

Important

New entrants are expected to join on the minimum of the pay band.

Before applying for this vacancy, current employees of DWP should check whether a successful application would result in changes to their terms & conditions of employment, e.g. mobility, pay, allowances. If you are a current employee and are successful you must be able to be released from your current post within four weeks.

Those on protected TUPE/ COSoP terms and conditions applying on promotion or voluntary permanent level move will adopt DWP's Terms and Conditions and this may have a different impact on pay and allowances. Please review this prior to acceptance of a role.

Civil Servants that would transfer into DWP from other government organisations, following successful application, will assume DWP's terms & conditions of employment current on the day they are posted, unless DWP

has stated otherwise in writing. Accepting a post will be taken to mean acceptance of revised terms & conditions.

Civil Servants applying on promotion will usually be appointed to the salary minimum or within 10% of existing salary.

Any move to DWP from another employer will mean you can no longer access childcare vouchers. This includes moves between government departments. You may, however, be eligible for other government schemes, including Tax Free Childcare. Determine your eligibility at the [Childcare Choices Website](#).

Feedback will only be provided if you attend an interview or assessment.

Security

Successful candidates must undergo a basic (or equivalent) criminal record check.

People working with government assets must complete [baseline personnel security standard \(opens in new window\)](#) checks.

Nationality requirements

This job is broadly open to the following groups:

- UK nationals

- nationals of the Republic of Ireland

- nationals of Commonwealth countries who have the right to work in the UK

- nationals of the EU, Switzerland, Norway, Iceland or Liechtenstein and family members of those nationalities with settled or pre-settled status under the [European Union Settlement Scheme \(EUSS\) \(opens in a new window\)](#)

- nationals of the EU, Switzerland, Norway, Iceland or Liechtenstein and family members of those nationalities who have made a valid application for settled or pre-settled status under the European Union Settlement Scheme (EUSS)

individuals with limited leave to remain or indefinite leave to remain who were eligible to apply for EUSS on or before 31 December 2020

Turkish nationals, and certain family members of Turkish nationals, who have accrued the right to work in the Civil Service

[Further information on nationality requirements \(opens in a new window\)](#)

Working for the Civil Service

The [Civil Service Code \(opens in a new window\)](#) sets out the standards of behaviour expected of civil servants.

We recruit by merit on the basis of fair and open competition, as outlined in the Civil Service Commission's [recruitment principles \(opens in a new window\)](#).

The Civil Service embraces diversity and promotes equal opportunities. As such, we run a Disability Confident Scheme (DCS) for candidates with disabilities who meet the minimum selection criteria.

The Civil Service also offers a Redeployment Interview Scheme to civil servants who are at risk of redundancy, and who meet the minimum requirements for the advertised vacancy.

Diversity and Inclusion

The Civil Service is committed to attract, retain and invest in talent wherever it is found. To learn more please see the [Civil Service People Plan \(opens in a new window\)](#) and the [Civil Service Diversity and Inclusion Strategy \(opens in a new window\)](#).

Apply and further information

This vacancy is part of the [Great Place to Work for Veterans \(opens in a new window\)](#) initiative.

The Civil Service welcomes applications from people who have recently left prison or have an unspent conviction. [Read more about prison leaver recruitment \(opens in new window\)](#).

Once this job has closed, the job advert will no longer be available. You may want to save a copy for your records.
