Government Legal Department

Apply before Midday on Monday 9th November 2026

Government Legal Department

Reference number

487482

Salary

£47,850 - £67,561

The advertised salary is the baseline pay for GLD national roles up to and including the maximum allowable capability allowance for digital roles in this group.
We operate Croydon/London and National pay scales. If you voluntarily move locations your salary will be revised to reflect pay for the location. Modernised terms and conditions will apply.

DDAT Capability Allowance
This role is part of the Government Digital and Data profession, and the role attracts a Digital and Data allowance, subject to an assessment of your skills and experience during the interview process. Based on your capability assessment at interview you will be offered the capability allowance, if you have scored high enough. The offer is dependent on your salary and you may not be offered the capability allowance if your base salary is above the maximum allowable for your score.

Your capability levels will be reassessed over the course of your employment with GLD.

About the job

Job summary

From healthcare to artificial intelligence, energy to national security, we provide legal advice to government departments on nation-changing subjects.

At Government Legal Department we have a vital, single-minded purpose: to help the Government govern well within the rule of law. This is complemented by our exciting vision to be an outstanding legal organisation, committed to

the highest standards of service and professionalism and a brilliant place to work where we can all thrive and fulfil our potential.

Our work touches almost every aspect of public life. We are the largest provider of legal services across government, working on high profile matters.

Our respected professionals are involved in everything from regulation and litigation to advice on drafting legislation. They provide expertise to the full range of government departments. We are at the heart of delivering the government s priorities and our success depends on our people.

GLD is a non-ministerial government department headed by the Treasury Solicitor, our Permanent Secretary, and employs nearly 4000 people, including nearly 3000 legal professionals. We have offices nationwide, in Bristol, Leeds, inner and outer London and Manchester. Our lawyers can also be located within other departments and overseas.

GLD also depends on a range of cross-functional professionals to provide our corporate services. There are nearly 1000 colleagues playing an essential part in helping GLD to achieve its purpose and truly deliver much more than law.

This is an exciting time to join GLD, with cutting edge legal work on global issues and a transformation agenda which is ensuring the Department exemplifies the Modern Civil Service.

To find out more about what we do you can view our introductory film. On our website you can hear from team members, find out how to apply and learn about the benefits of working for GLD. You can also read more about the future vision for GLD in our GLD Strategy 2024 2027.

Job description

The Digital, Data and Cyber Division is transforming the way GLD works through modern and secure digital services.

We are building an ever expanding and modern digital workplace that empowers our people, strengthens collaboration and enables the organisation to operate efficiently, securely and sustainably.

Through agile delivery and user-centred approaches, we design and deliver products and services in partnership with the people who use them, ensuring solutions meet real needs and deliver lasting value.

As part of the wider Government Digital and Data profession, we play a key role in transforming how government operates, enabling better outcomes for colleagues, stakeholders and the public we serve.

The Role

This is an exciting opportunity to play a key role in shaping GLD s digital workplace and how colleagues use technology every day.

As a Microsoft 365 Developer, you ll design and deliver modern, user-focused solutions across Microsoft 365 and the Power Platform. From enhancing our SharePoint Online intranet and developing innovative Power Platform applications to automating processes and strengthening Power Platform governance through the Centre of Excellence (CoE) Toolkit, you ll turn business needs into practical digital solutions.

Working across the full solution lifecycle, you ll combine technical expertise with creative problem-solving to deliver secure, scalable and accessible services that make a real difference to colleagues across GLD.

You ll join a multidisciplinary environment where you ll have the opportunity to solve interesting problems, improve the way people work and help shape the future of GLD s digital services.

What you ll be doing

- Develop and enhance SharePoint Online sites, intranets, document management solutions and build SPFx webparts.
- Design, develop and maintain digital solutions across Microsoft 365 and the Power Platform that meet business and user needs.
- Build Power Apps and automated solutions that improve processes and the experience of colleagues.

Support the governance, monitoring and adoption of the Power Platform, helping ensure solutions are secure, sustainable and well managed.

Maintain, troubleshoot and enhance existing solutions to support reliable performance and continuous improvement.

How you ll do it

Design, develop and maintain Canvas and Model Driver Apps

Develop custom SharePoint Framework (SPFx) web parts and extensions where more tailored functionality is required.

Use PnP PowerShell to automate administration, deployment and governance activities.

Use the Centre of Excellence (CoE) Toolkit to support effective Power Platform governance, monitoring and adoption.

Work across the full solution lifecycle, following Microsoft 365 security, governance and accessibility standards.

Work with business stakeholders, business analysts and technical colleagues to understand needs and translate them into effective digital solutions.

Contribute to agile ceremonies, technical documentation and continuous improvement, sharing ideas and helping the team develop better ways of working.

Person specification

Behaviours

As part of the selection process, we ll assess you against the Success Profile behaviours listed below. You ll need to demonstrate each behaviour at the application stage, interview stage, or both. You can find guidance on **Success Profiles** to help you understand what we ll be looking for.

We'll assess you against these behaviours during the selection process:

Changing and improving

Key Skills and Experience

Essential Candidates must demonstrate the following key skills at interview and application:

- Proven experience developing and supporting solutions using Microsoft Power Platform and SharePoint Online, including modern intranet and collaboration solutions.
- Knowledge of SharePoint Framework (SPFx), React and TypeScript, with experience using PnP PowerShell for automation and administration.
- Experience of Power Platform governance, including the Centre of Excellence (CoE) Toolkit, environment management, DLP policies, solution deployment and application lifecycle management (ALM).
- Experience supporting, troubleshooting and continually improving live digital services.
- Understanding of Microsoft 365 security, governance, accessibility (WCAG) and inclusive design principles.
- Experience working in agile delivery teams, with strong communication skills and the ability to work effectively with technical and non-technical stakeholders.

Technical Professional Skills

We ll be assessing your experience and specialist technical skills against the following skills defined in the Software developer - Government Digital and Data Profession Capability Framework role.

Essential Candidates must demonstrate the following key skills at interview and application:

- Development process optimisation
- Information security
- Programming and building (software engineering)
- Prototyping
- Service support
- System design
- Systems integration
- User focus

Security Clearance Level

All GLD employees must successfully obtain **Baseline Personnel Security Standard (BPSS)** clearance before starting employment. In addition to BPSS all colleagues based in our London offices must hold **Counter Terrorism Check (CTC)** clearance. If London based, you can start your position pending this clearance level, however your continued appointment will be conditional upon obtaining and maintaining CTC clearance.

This role requires **Security Check (SC)** clearance. You may start employment once BPSS clearance has been completed and while your SC clearance application is being processed; however, obtaining and maintaining SC clearance is a condition of employment. If you are unable to obtain or maintain SC clearance, you may not be able to remain in the role you have been appointed to and this may lead to the termination of your contract or offer of employment.

Current SC clearance requirements typically include a **5-year verifiable UK residency history**, with **no more than 6 months spent outside the UK in the preceding 12 months**. You will be asked to confirm whether you believe you meet these requirements as part of your application. This information will not be used as part of the assessment process.

As security vetting requirements are determined by the relevant vetting authority and may change over time, applicants are encouraged to review the latest UK Security Vetting guidance before applying via United Kingdom Security Vetting: Applicant Guidance.

Sponsorship and Visa Information

Visa sponsorship will not be given to candidates except where they are existing civil servants employed by GLD who meet the Home Office/UKVI requirements for sponsorship. If you are an existing civil servant employed by GLD who requires sponsorship, you should confirm your eligibility for sponsorship for this role before applying. Individuals should seek Home Office guidance on how a new position within the organisation may affect their sponsorship eligibility.

Candidates with Limited Leave to Remain may apply but must have at least 12 months remaining on an existing visa which permits them to work for GLD

when employment begins. Candidates must ensure that their current visa covers the full period of employment or that they are eligible under a non-sponsored immigration route that allows them to remain employed by GLD for the duration of the role.

Applicants are expected to hold an existing visa with at least 12 months remaining when they start work with GLD. The share code provided for pre-employment checks must relate to the visa that permits the applicant to work for at least 12 months in the role applied for. Outstanding visa applications cannot be taken into account during the recruitment process.

It is your responsibility to ensure that you have the right to work in the UK and hold an appropriate visa or use an alternative immigration route covering the full period of your employment. GLD will not be able to sponsor this role when your current visa arrangements expire, and you will not be able to continue your employment with GLD through sponsorship. Please allow three months for the onboarding process from the point of offer.

Candidates with Indefinite Leave to Remain may apply.

You will be asked to confirm your immigration status and visa type as part of the application process. If you do not meet these requirements, your application will be fail the eligibility pre-sift for this vacancy and your application for this role will rejected.

Things you need to know

Artificial intelligence

Artificial intelligence can be a useful tool to support your application, however, all examples and statements provided must be truthful, factually accurate and taken directly from your own experience. Where plagiarism has been identified (presenting the ideas and experiences of others, or generated by artificial intelligence, as your own) applications may be withdrawn and internal candidates may be subject to disciplinary action. Please see our candidate guidance (opens in a new window) for more information on appropriate and inappropriate use.

Selection process details

This vacancy is using Success Profiles (opens in a new window), and will assess your Behaviours, Experience and Technical skills.

To apply for this post you need to complete the following application on Civil Service Jobs. The deadline for this application is **Monday 9th November 2026** at **12:00 Midday.** You can search for the job using the reference number below.

To apply for this role please complete the following steps.

Application

In your application you will be assessed on the following:

A **CV** setting out your employment history, previous skills and experience. Please ensure you have provided reasons for any gaps within the last two years, as part of the application form. The CV will be used to assess **key skills and experience** as set out in the Person Specification.

Please provide a **personal statement** of no more than **500 words** demonstrating how you meet the Essential Criteria **for Key Skills and Experience** and **Technical Professional Skills** set out in the person specification.

CV Guidance for candidates

Please find the following guidance on how to populate the three sections of the CV when completing the online application: You will be asked to provide your, employment history, previous skills and experience

For Employment History please add your employment history, you can set out the roles you have completed in the past with start to end dates.

For Previous Skills and Experience - please add your experience, skills, achievements, key responsibilities, and any transferable skills you can bring to this role.

Application Errors

Please take extra care to tick the correct boxes in the eligibility sections of your application form. We understand mistakes sometimes happen but if you contact us later than two working days (Monday-Friday) before the vacancy closes, we will not be able to reopen your application for you. If you do make a mistake with your eligibility form, please contact us via:

activecampaigns@governmentlegal.gov.uk . In the subject line of the email please state the vacancy name and reference number as well as the closing date.

Eligibility Pre-Sift

There are essential eligibility requirements for this role. As part of the application process you will be asked to confirm you meet the full criteria. To be eligible for this role, you must confirm the following:

- If you are a UK national or if you have been granted indefinite leave to remain
- If you have limited leave to remain in the UK and are currently a visa holder.
- If you currently hold a visa you will be asked to confirm the visa type, expiry date and the current sponsor for a skilled worker visa, if applicable.

If you do not meet the above requirements your application will not progress and you will be rejected during the pre-sift, as your application will not have passed the eligibility requirements.

Selection Process

After the closing date, the appointing panel shall assess candidates suitability for the role based on evidence provided in their application against the criteria outlined in the person specification.

Staged sift

If a high number of applications are received, a two-stage sift may be used.

Stage 1: Applications will initially be assessed against **CV** only.

Applications that meet the required standard for **CV** will progress to Stage 2. Applications that do not meet the required standard will not progress further.

Stage 2: Applications progressing to this stage will then be assessed against **Personal statement.**

Applications must meet the required standard at this stage to progress further in the selection process.

Longlisting

If a high number of applications meet the required standard at sift, a longlist may be used. This means some applications that meet the minimum pass mark but are not initially selected for interview may be placed on hold. If vacancies remain following the initial interviews, applications on the longlist may then be considered for interview.

Stage 1 Interview Technical professional skills assessment

If you successfully pass the sift you will be invited to an online assessment with the panel. You will be asked questions designed to assess the **technical professional skills** outlined in the person specification.

Candidates who meet the required standard will progress to the second-stage interview. If you do not meet the required standard for this interview you will not be invited to take part in the second stage interview.

Stage 2 Interview

If invited to the second stage interview, you will be assessed against the criteria set out in the **Person Specification**, alongside scenario-based exercises and questions:

Behaviour: Changing and improving

Key skills and experience

Technical professional skills

Interview format

The interview will take place online.

Offer and Reserve Lists

Interview outcomes will be communicated through **Civil Service Jobs**, with expected timings set out in the campaign timeline. Feedback will only be available following an interview.

Appointments will be made in order of merit. Those who meet the required standard but are not offered a role may be placed on a **reserve list** and considered for suitable GLD vacancies at the same or a lower grade.

Feedback will only be provided if you attend an interview or assessment.

Security

Successful candidates must undergo a basic (or equivalent) criminal record check.

People working with government assets must complete baseline personnel security standard (opens in new window) checks.
