About the job

Job summary

Are you an experienced in software development and delivery in Microsoft Dynamics utilizing Dynamics 365 or Power Platform?

Would you like to work on nationally recognised digital projects?

If so, we would like to hear from you.

As a Senior Developer for Dynamics, you will be integral to setting up new Microsoft Dynamics capability in the team, taking on the support and development of current and future applications.

Microsoft Dynamics forms a major part of our current and future technical roadmap, and the decision has been made to provision an in-house team with the vision of insourcing support and development of externally built applications, and the ability to produce internally developed applications and solutions.

You'll have the opportunity to join the team at its inception, allowing you to actively shape its structure, training programs, and strategic direction. Our applications are instrumental in facilitating essential activities for DVSA staff, such as scheduling theory tests, managing roadside enforcement encounters, and conducting annual vehicle tests.

You will be part of our expanding internal Application Development team, which develops and maintains mission critical applications for DVSA.

Our applications are used by DVSA staff to perform essential activities such as the booking theory tests, roadside enforcement encounters and annual vehicle tests.

Joining our department comes with many benefits, including:

Employer pension contribution of 28.97% of your salary. Read more about Civil Service Pensions [here](#)

25 days annual leave, increasing by 1 day each year of service (up to a maximum of 30 days annual leave), plus 8 bank holidays a privilege day for the King's birthday

Flexible working options where we encourage a great work-life balance.

Job description

As a Senior Dynamics Developer, you will be designing, building, and testing software that makes a real difference to our frontline staff and helps improve road safety.

You will work collaboratively with external suppliers and DVSA stakeholders and to ensure the support and delivery of defined solutions.

You will be working within a multi-disciplinary team using Agile delivery methodologies, delivering solutions focused on user needs.

Your responsibilities will include, but aren't limited to:

- Lead and inspire team members, providing guidance and support to staff, enabling them to effectively deliver on objectives.

- Lead the development of value-driven services to fulfil customer needs, guiding app teams in building solutions.

- Act as a recognised subject matter expert, offering guidance in the resolution of live issues.

- Work to modern development standards, practices and techniques to develop solutions that put the user and user experience first.

The interviews will take place week commencing 10th June 2026

This interview will be conducted online via Microsoft Teams. Further details will be provided to you should you be selected for interview.

You can find out more about [our hiring process, how to apply, and application and interview guidance on our careers site \(opens in a new window\)](#).

Please note that we will try to meet the dates set out in the advert. There may be occasions when these dates will change.

Further information on the selection process

Feedback on your application can only be provided if you attend an interview or assessment.

We will also hold a 12 month reserve list for this role, which may lead to potential opportunities beyond the role you applied for. You can read more about our reserve lists [here](#).

Should we receive a large number of applications, we may invite a shortlist of the highest performing candidates to interview. This means that some applications that meet the required standard could be placed on hold after the sift and invited to interview if the vacant position(s) remain unfilled. You will be notified if your application is being put on hold once the sift has been completed.

Appointments for this position will be made in order of merit. If you are successful in the selection process but there are no further available posts for the advertised role, you may be contacted to discuss an offer for a lower graded role (with similar experience and responsibility requirements).

If you are unsuccessful in the selection process, your application may be considered for a lower graded position if your demonstrated skills and experience meet the requirements of the alternative position. Candidates will be considered in order of merit.

Applicants who are successful at interview will be, as part of pre-employment screening, subject to a check on the Internal Fraud Database (IFD). This check will provide information about employees who have been dismissed for fraud or dishonesty offences. This check also applies to employees who resign or otherwise leave before being dismissed for fraud or dishonesty had their employment continued. Any applicant's details held on the IFD will be refused employment.

A candidate is not eligible to apply for a role within the Civil Service if the application is made within a 5-year period following a dismissal for carrying out internal fraud against government.

If your application is successful but you have been dismissed from the Civil Service within the last 12 months, your application could be removed at the pre-employment checking stage.

All External applicants and current employees of accredited non-departmental public bodies (NDPBs) will be required to undergo a Social Media Check. A Social Media Check is a review of your publicly available online activity, typically across platforms like LinkedIn, Facebook, X (formerly Twitter), Instagram, and others. The purpose is to identify any public posts or content that could raise concerns for employers, such as:

Hate speech or discriminatory behaviour

Threats or acts of violence

Illegal activity or substance misuse

Sexually explicit material

Extremist views or affiliations

Importantly, this check does not involve hacking into your accounts or accessing private messages. It only considers content you have chosen to make public.

Employers use this kind of screening to help ensure their workplace remains safe, inclusive, and aligned with company values. It's not about judging your

personality or lifestyle it's about checking for potential red flags that might affect the role or company culture.

If you have questions or concerns about the social media check, we would be happy to explain in more detail what's being looked at and how your data is handled securely and fairly.

Feedback will only be provided if you attend an interview or assessment.

Security

Successful candidates must undergo a criminal record check.

Successful candidates must meet the security requirements before they can be appointed. The level of security needed is [security check \(opens in a new window\)](#).

[See our vetting charter \(opens in a new window\)](#).
