Location

Location: Bristol, Swansea, Leeds, Nottingham, Newcastle, Oldham (Chadderton), Birmingham(Garretts Green) or Uxbridge.

You can be based at any of the above locations, however if your chosen location is Yeading/Uxbridge please note:

This role is advertised as being based in Uxbridge; however, the contractual base will be Yeading.

While estate works are being carried out at the Yeading site, all roles will be temporarily located in Uxbridge. Successful applicants will therefore begin their employment at the Uxbridge location.

Please be aware that all employees will be required to work from the Yeading site once it reopens in 2028.

Employees based at Uxbridge will receive a London Weighting allowance of £4,000. This allowance will continue when the location moves to Yeading.

About the job

Job summary

The Strategy, Policy, Digital & Technology Directorate plays a central role in delivering DVSA's digital services that support road safety and compliance across the UK. The Test Engineering team sits within this directorate and is responsible for ensuring high-quality, reliable, and scalable digital products. Working closely with product, delivery, and engineering teams, the group embeds quality from the outset of development, balancing manual and automated testing to provide confidence in delivery. The team drives improvements in testing practices, builds reusable frameworks, and promotes a culture of collaboration, early engagement, and continuous improvement to meet both user needs and DVSA's strategic goals.

Joining our department comes with many benefits, including:

Employer pension contribution of 28.97% of your salary. Read more about Civil Service Pensions [here](#)

25 days annual leave, increasing by 1 day each year of service (up to a maximum of 30 days annual leave), plus 8 bank holidays a privilege day for the King's birthday

Flexible working options where we encourage a great work-life balance.

Read more in the Benefits section below!

Find out more about what it's like working at [Driver and Vehicle Standards Agency - Department for Transport Careers](#)

Job description

Your responsibilities will include, but aren't limited to:

1. Leading the design and development of test frameworks and tools.
2. Building reliable automated checks across API, integration, contract and end-to-end levels.
3. Improving CI/CD pipeline confidence through effective automated validation.
4. Investigating complex failures across code, environments, data and pipelines.
5. Supporting live service reliability by identifying risks and driving improvements.
6. Working with developers, testers, analysts and DevOps engineers to embed quality early.
7. Mentoring colleagues and promoting consistent quality engineering practices.
8. Contributing to engineering standards, continuous improvement and cross-team collaboration.

Great line management is important to us as an organisation, and we will equip and support line managers to develop the skills they need. We aim to

empower line managers to create teams where people can flourish and deliver excellent outcomes for the public.

For further information on the role, please read the attached role profile. Please note that the role profile is for information purposes only - whilst all elements are relevant to the role, they may not all be assessed during the recruitment process. This job advert will detail exactly what will be assessed during the recruitment process.

Person specification

To be successful in this role you will need to have the following experience:

Designing and developing test frameworks and tooling.

Writing clean, reusable and maintainable code in a modern engineering environment.

Testing across API, integration, contract and end-to-end levels.

Working with CI/CD pipelines and automated quality checks.

Investigating complex failures across systems, environments, data and pipelines.

Working in Agile, multidisciplinary teams to deliver digital services.

Applying quality engineering practices to improve reliability and scalability.

Mentoring others and influencing consistent engineering and testing standards.

Additional Information

Government Digital & Data Allowance

The role is part of the Government Digital and Data (or Government Security Profession Career Framework) profession and utilises an enhanced Capability Based Pay Framework which provides access to a Digital and Data allowance.

The base pay is £44,241. In addition to this the role includes a Digital and Data allowance of up to £14,552.

The value of allowance awarded will be based on an assessment of your skills and experience as demonstrated through the selection process. Here are more details on the pay framework.

Working hours, office attendance and travel requirements

Full time roles consist of 37 hours per week. Whilst we welcome applications from those looking to work with us on a part time basis, there is a business requirement for the successful candidate to be able to work at least **30** hours per week.

Monthly travel to other offices would be encouraged, which may involve overnight stays.

This role **is suitable** for hybrid working, which is a non-contractual arrangement where a combination of workplace and home-based working can be accommodated subject to business requirements.

The expectation at present is a minimum of **60%** of your working time a month will be spent at either your designated workplace (one of the locations cited in the advert) or, when required for business reasons, in another office/ work location. There may be occasions where you are required to attend above the minimum expectation.

If you have a question about hybrid working, part time/job share hours, flexible working, travelling for work, or require a reasonable adjustment, please contact the Vacancy Holder during the recruitment process to avoid possible disappointment later in the process should your working arrangements not be compatible with the requirements of the role (see below for contact details).

Visa Sponsorship

Please note that we do not hold a UK Visa & Immigration (UKVI) Skilled Worker Licence sponsor and are unable to sponsor any individuals for Skilled Worker Sponsorship. Candidates must ensure they have the appropriate rights to work in the UK before application.

Behaviours

We'll assess you against these behaviours during the selection process:

Making Effective Decisions

Working Together

Technical skills

We'll assess you against these technical skills during the selection process:

Senior Developer - Modern Development standards - Level: Practitioner - Interview

Senior Developer - Systems Integration - Level: practitioner - Interview

Senior Developer - Service Support - Level: practitioner - Interview

Senior Developer - Development process optimisation - Level: Working - Interview

Senior Developer - Programming and Build - Level: practitioner - Interview

Benefits

Alongside your salary of £44,241, Driver and Vehicle Standards Agency contributes £12,816 towards you being a member of the Civil Service Defined Benefit Pension scheme. [Find out what benefits a Civil Service Pension provides \(opens in a new window\).](#)

Being part of our brilliant Civil Service means you will have access to a wide range of fantastic benefits.

This includes:

A generous annual leave entitlement

[Attractive pension options](#) with an employer contribution of 28.97%

Flexible working

Good career development opportunities

A variety of career paths

Inclusive working environments and much more to support a healthy work/life balance

Things you need to know

Artificial intelligence

Artificial intelligence can be a useful tool to support your application, however, all examples and statements provided must be truthful, factually accurate and taken directly from your own experience. Where plagiarism has been identified (presenting the ideas and experiences of others, or generated by artificial intelligence, as your own) applications may be withdrawn and internal candidates may be subject to disciplinary action. Please see our [candidate guidance \(opens in a new window\)](#) for more information on appropriate and inappropriate use.

Selection process details

This vacancy is using [Success Profiles \(opens in a new window\)](#), and will assess your Behaviours, Experience and Technical skills.

How to apply:

Our selection process ensures a comprehensive assessment of each applicant's qualifications, skills, and potential fit within our organisation.

The selection process for this role will be:

Stage 1: Sift of CV and personal statement

Stage 2: Assessment

Stage 3: Interview

You must be successful at each stage to progress to the next stage.

Stage 1: Sift of CV and Personal Statement

At sift, you will be assessed against the following Success Profile element:

Experience you will be asked to provide a CV (unlimited wordcount) and personal statement (250-word count) for each of the criteria listed below.

Please provide evidence of your Experience of the following:

1. Writing code in one or more programming languages, for example Java, JavaScript and TypeScript, to build or maintain test frameworks, tools or checks.
2. Designing or implementing automated checks across API, integration, contract or end-to-end test levels.
3. Working with CI/CD pipelines and investigating complex automated test, environment, data or integration failures.
4. Improving quality engineering practices, automation reliability, engineering standards or test maintainability within a team.

Should a large number of applications be received, an initial sift may be conducted using the lead criteria: Writing code in one or more programming languages, for example Java, JavaScript and TypeScript, to build or maintain test frameworks, tools or checks.

Sift will take place week commencing 15th September 2026.

Stage 2: Assessment

At assessment stage, you will be invited to complete a coding-based technical exercise. The assessment will take place online via Microsoft Teams. You will be assessed against the following Success Profile elements:

1. Technical: Software Developer: Programming and Build (Practitioner)

The assessment stage will take place week commencing 28th September & WC 5th October 2026.

Guidance will be provided if you are invited to the assessment.

Candidates who pass the assessment, will be progressed to interview stage.

Stage 3: Interview

At interview stage, you will be assessed against the following Success Profile elements:

Behaviours

Working Together and Making Effective Decisions.

Technical

Developer - Modern Development Standards - Level: practitioner

Developer - Systems Integration - Level: practitioner

Developer - Service Support - Level: practitioner

Developer - Development Process Optimisation - Level: Working

Senior Developer - Programming and Build - Level: Practitione

The interviews will take place week commencing 12th October & WC 19th October 2026.

This interview will be conducted online via Microsoft Teams Further details will be provided to you should you be selected for interview.

You can find out more about [our hiring process, how to apply, and application and interview guidance on our careers site \(opens in a new window\)](#).

Please note that we will try to meet the dates set out in the advert. There may be occasions when these dates will change.

Further information on the selection process

We will also hold a 12 reserve list for this role, which may lead to potential opportunities beyond the role you applied for. You can read more about our reserve lists [here](#).

Should we receive a large number of applications, we may invite a shortlist of the highest performing candidates to interview. This means that some applications that meet the required standard could be placed on hold after the sift and invited to interview if the vacant position(s) remain unfilled. You

will be notified if your application is being put on hold once the sift has been completed.

Appointments for this position will be made in order of merit. If you are successful in the selection process but there are no further available posts for the advertised role, you may be contacted to discuss an offer for a lower graded role (with similar experience and responsibility requirements).

If you are unsuccessful in the selection process, your application may be considered for a lower graded position if your demonstrated skills and experience meet the requirements of the alternative position. Candidates will be considered in order of merit.

AI Tools and Platforms

Artificial Intelligence can be a useful tool to support your application, however, all examples and statements provided must be truthful, factually accurate and taken directly from your own experience. Where plagiarism has been identified (presenting the ideas and experiences of others, or generated by artificial intelligence, as your own) applications may be withdrawn and internal candidates may be subject to disciplinary action. Please see our [AI Tools and Platforms](#) for more information on appropriate and inappropriate use.

Reasonable Adjustments

As a Disability Confident Leader employer, we are committed to ensuring that the recruitment process is fair, accessible and allows all candidates to perform at their best. If a person with a visible or non-visible disability is substantially disadvantaged, we have a duty to make reasonable changes to our processes.

Complete the [Assistance required](#) section in the [Additional requirements](#) page of your application form to tell us what changes or help you might need during the recruitment process. For instance, you may need wheelchair access at an interview, or if you're deaf, a Language Service Professional.

If you need a reasonable adjustment so that you can complete your application, you should contact Government Recruitment Service via dftrecruitment.grs@cabinetoffice.gov.uk as soon as possible before the closing date to discuss your needs.

Document Accessibility

This job advert contains links to the [DfT Careers website](#). Our website provides useful guidance and information that can support you during the application process. If you are experiencing accessibility problems with any attachments on this advert or the information on our website, please contact the email address in the 'Contact point for applicants' section.

Further Information

For more information about how we hire, and for useful tips on submitting your application for this role, visit the [How We Hire](#) page of our DfT Careers website. You can find detailed information about the recruitment process and what to expect when applying for a role.

If your application is successful but you have been dismissed from the Civil Service, your application could be removed at the pre-employment checking stage depending on the nature of the dismissal.

Applicants who are successful at interview will be, as part of pre-employment screening, subject to a check on the Internal Fraud Database (IFD). This check will provide information about employees who have been dismissed for fraud or dishonesty offences. This check also applies to employees who resign or otherwise leave before being dismissed for fraud or dishonesty had their employment continued. Any applicant's details held on the IFD will be refused employment. A candidate is not eligible to apply for a role within the Civil Service if the application is made within a 5-year period following a dismissal for carrying out internal fraud against government.

All external applicants and current employees of accredited non-departmental public bodies (NDPBs) will be required to undergo a Social Media Check. A Social Media Check is a review of your publicly available online activity, typically across platforms like LinkedIn, Facebook, X (formerly Twitter), Instagram, and others. The purpose is to identify any public posts or content that could raise concerns for employers, such as:

- Hate speech or discriminatory behaviour

- Threats or acts of violence

- Illegal activity or substance misuse

Sexually explicit material

Extremist views or affiliations

Importantly, this check does not involve hacking into your accounts or accessing private messages. It only considers content you have chosen to make public. Employers use this kind of screening to help ensure their workplace remains safe, inclusive, and aligned with company values. It's not about judging your personality or lifestyle - it's about checking for potential red flags that might affect the role or company culture. If you have questions or concerns about the social media check, we would be happy to explain in more detail what's being looked at and how your data is handled securely and fairly.

Feedback

Feedback will only be provided if you attend an interview or assessment.

Security

Successful candidates must undergo a basic (or equivalent) criminal record check.

People working with government assets must complete [baseline personnel security standard \(opens in new window\)](#) checks.

Nationality requirements

This job is broadly open to the following groups:

UK nationals

nationals of the Republic of Ireland

nationals of Commonwealth countries who have the right to work in the UK

nationals of the EU, Switzerland, Norway, Iceland or Liechtenstein and family members of those nationalities with settled or pre-settled status under the [European Union Settlement Scheme \(EUSS\) \(opens in a new window\)](#)

nationals of the EU, Switzerland, Norway, Iceland or Liechtenstein and family members of those nationalities who have made a valid application

for settled or pre-settled status under the European Union Settlement Scheme (EUSS)

individuals with limited leave to remain or indefinite leave to remain who were eligible to apply for EUSS on or before 31 December 2020

Turkish nationals, and certain family members of Turkish nationals, who have accrued the right to work in the Civil Service

[Further information on nationality requirements \(opens in a new window\)](#)

Working for the Civil Service

The [Civil Service Code \(opens in a new window\)](#) sets out the standards of behaviour expected of civil servants.

We recruit by merit on the basis of fair and open competition, as outlined in the Civil Service Commission's [recruitment principles \(opens in a new window\)](#).

The Civil Service embraces diversity and promotes equal opportunities. As such, we run a Disability Confident Scheme (DCS) for candidates with disabilities who meet the minimum selection criteria.

The Civil Service also offers a Redeployment Interview Scheme to civil servants who are at risk of redundancy, and who meet the minimum requirements for the advertised vacancy.

Diversity and Inclusion

The Civil Service is committed to attract, retain and invest in talent wherever it is found. To learn more please see the [Civil Service People Plan \(opens in a new window\)](#) and the [Civil Service Diversity and Inclusion Strategy \(opens in a new window\)](#).

Apply and further information

This vacancy is part of the [Great Place to Work for Veterans \(opens in a new window\)](#) initiative.

The Civil Service welcomes applications from people who have recently left prison or have an unspent conviction. [Read more about prison leaver recruitment \(opens in new window\)](#).

Once this job has closed, the job advert will no longer be available. You may want to save a copy for your records.
