About the job

Job summary**Is it time you unlocked your potential?**

Student Loans Company is a non-profit making Government-owned organisation to provide loans and grants to students in universities and colleges in the UK. Since 1989, we have enabled our customers to invest in

their futures by delivering secure, accurate and efficient assessment, payment and repayment services.

Our Values

Culture is at the heart of everything we do at SLC and we are guided by our five values which help make SLC a great place to work:

Honesty: We act with integrity and transparency, sharing information openly and addressing challenges with courage.

Empowerment: We enable people to take initiative, make impactful decisions, and continuously learn and grow.

Accountability: We deliver on commitments, own our successes and mistakes, and strive for quality outcomes.

Respect: We value diverse perspectives, actively listen, and create an inclusive environment where everyone belongs.

Trust: We collaborate across teams, build dependable relationships, and work as one to deliver for our customers.

These values are more than words they guide our decisions, shape our collaborations, and strengthen our impact on the students we serve.

Job description

About the Role

As a Senior Technical Architect within SLC's Architecture team, you'll help shape and govern the organisation's technical direction. You'll define and refine architectures and designs that support major change programmes, ensuring they align with SLC's principles, strategies, and enterprise roadmap. This includes working across a diverse application estate from Commercial Off the Shelf Solutions through to micro service-based platforms both on prem and on cloud.

You will also contribute to the development of technical roadmaps, lead design assurance activities, and promote innovation by exploring new technologies and approaches. Collaboration is central to the role you'll work closely with business and technical colleagues, communicate architectural designs to varied audiences, and support technical teams in their development.

Person specification

What You Bring:

Ability to make architecture decisions while solving high risk architecture issues, assuring services against broader government standards, and managing architectural risks

Confident translating complex technical concepts into non-technical language for senior stakeholders and presenting at various forums

Ability to work collaboratively in a group or team and actively network with others while using your initiative to identify problems or issues in the team dynamic and rectify them

Capacity to advocate or influence innovation initiatives and gain buy-in through collaboration with engineering, product and business teams

Evidence-based decision-making skills e.g. translation of PoC findings into actionable recommendations. Providing risk assessment and mitigation

Ability to assess maturity, risk, interoperability and sustainability of technologies while understanding and communicating complexity and architecture fit

A self-starting approach with the ability to work autonomously and collaboratively

Advanced proficiency in conceptual, logical, physical and semantic data modelling for operational and analytical systems

Experience in design and delivery of data pipelines using enterprise integration patterns and tooling from on-prem and cloud data sources to enterprise data warehouse and data lakehouse architecture

Experience working with software delivery partners in a multi-vendor environment, including pre-contract engagement, preparation of invitations to tender and tender evaluation

Experience and knowledge of design & delivery of data services from at least one of public cloud providers e.g. AWS, Microsoft Azure, Google Cloud

Experience of architecture design assurance and presentation at technical assurance board and architecture review board for information and approval

Benefits

Alongside your salary of £61,950, Student Loans Company contributes £17,946 towards you being a member of the Civil Service Defined Benefit Pension scheme. [Find out what benefits a Civil Service Pension provides.](#)

You can expect more from a career with SLC. We support colleagues to unlock their potential through our Career Pathways development programme and offer an excellent benefit and rewards package that includes:

28 days annual leave plus 8 public holidays

Option to buy/sell annual leave

Flexi-time and enhanced flexible working options available

Option to join the Civil Service pension scheme

Life insurance cover for 4 x annual salary

Enhanced company sick pay and family leave including maternity, paternity and adoption

Contributory lifestyle benefit options including discounts at hundreds of retailers, cycle to work scheme, access to the Civil Service Sports and Leisure Club for discounted gym memberships, and an optional dental insurance scheme

Things you need to know

Artificial intelligence

Artificial intelligence can be a useful tool to support your application, however, all examples and statements provided must be truthful, factually accurate and taken directly from your own experience. Where plagiarism has been identified (presenting the ideas and experiences of others, or generated by artificial intelligence, as your own) applications may be withdrawn and internal candidates may be subject to disciplinary action. Please see our [candidate guidance \(opens in a new window\)](#) for more information on appropriate and inappropriate use.

Selection process details

The Legal Bits

We'll need you to confirm you have the right to work in the UK. If we offer you a job and you accept, there are some background checks we need to complete before you can start with us. This will include employment history, criminal record check, credit reference check and fraud check.

EDI

As a proud **Disability Confident Leader**, we're committed to creating an inclusive recruitment experience that empowers people of all abilities. Our team actively promotes accessible hiring practices, supports candidates with disabilities throughout their employment journey to help build a diverse equitable workplace at SLC.

SLC will make reasonable adjustments for those who consider themselves to have a disability or long-term condition in line with the Equality Act 2010. Our application process provides candidates with the opportunity to request reasonable adjustments but if you would like to discuss this in more detail, please email ask_recruitment@slc.co.uk.

Use of AI in Job Applications

Artificial Intelligence can be a useful tool to support your application, however, all examples and statements provided must be truthful, factually accurate and taken directly from your own experience. Where plagiarism has been identified (presenting the ideas and experiences of others, or generated by artificial intelligence, as your own) applications may be withdrawn and internal candidates may be subject to disciplinary action. Please see [Candidate Guidance](#) for more information on appropriate and inappropriate use.

Feedback will only be provided if you attend an interview or assessment.

Security

Successful candidates must undergo a criminal record check.

People working with government assets must complete [baseline personnel security standard \(opens in new window\)](#) checks.

Nationality requirements

This job is broadly open to the following groups:

UK nationals

nationals of the Republic of Ireland

nationals of Commonwealth countries who have the right to work in the UK

nationals of the EU, Switzerland, Norway, Iceland or Liechtenstein and family members of those nationalities with settled or pre-settled status under the [European Union Settlement Scheme \(EUSS\) \(opens in a new window\)](#)

nationals of the EU, Switzerland, Norway, Iceland or Liechtenstein and family members of those nationalities who have made a valid application for settled or pre-settled status under the European Union Settlement Scheme (EUSS)

individuals with limited leave to remain or indefinite leave to remain who were eligible to apply for EUSS on or before 31 December 2020

Turkish nationals, and certain family members of Turkish nationals, who have accrued the right to work in the Civil Service

[Further information on nationality requirements \(opens in a new window\)](#)

Working for the Civil Service

Please note this Post is NOT regulated by the Civil Service Commission.

The Civil Service embraces diversity and promotes equal opportunities. As such, we run a Disability Confident Scheme (DCS) for candidates with disabilities who meet the minimum selection criteria.

Diversity and Inclusion

The Civil Service is committed to attract, retain and invest in talent wherever it is found. To learn more please see the [Civil Service People Plan \(opens in a new window\)](#) and the [Civil Service Diversity and Inclusion Strategy \(opens in a new window\)](#).
