About the job

Job summary

The No10 data science team, 10DS, offers an unparalleled opportunity to develop your career personally and within the Civil Service. Formed in mid-2020, 10DS is here to radically improve the way in which key decisions are informed by data, analysis and evidence. We do this by:

1. Enabling No10 to utilise the best available evidence by combining cutting-edge data science with clear, engaging communication throughout the policy and decision-making process, ensuring that the Prime Minister and staff are intelligent customers of analysis, and embedding a culture of evidence-informed policy
2. Provoking positive change across central government through providing challenge and feedback, and collaborating across Whitehall to drive long-term systems change and collectively solve the most pressing policy challenges

We actively encourage applicants from a wide range of backgrounds, as we see the value in housing a wide range of skillsets across the team. Our

current team members bring experience from a host of industries, including management consulting, technology, and academia.

Job description

As a web developer, you will be instrumental in developing high-impact digital products to inform critical decision making. You will own and shape these tools from inception to use by system leaders, exercising significant range in the techniques you choose to deploy.

You will work closely with colleagues in No10 and across government to deliver these solutions in line with best practice. Our customers include senior ministers, the Prime Minister and Civil Service leaders.

10DS are strongly committed to learning and development, and are more interested in your aptitude and attitude than pre-existing expertise. Significant on-the-job training, mentorship and support can be provided for the right applicant.

Person specification

If you are interested but feel you don't yet meet every requirement, please apply. We value enthusiasm, aptitude for growth, and diversity of thought and experience, along with the skills and experience outlined.

Main responsibilities:

You will be working closely with colleagues in 10DS to build and visualise compelling data-driven tools and user interfaces.

Create and maintain interactive dashboards and decision-making tools based on user needs, at pace to ensure impactful communication of data.

Work collaboratively with analysts to ensure complex analysis is presented clearly through data visualisation and to a high quality.

Engage with stakeholders to create an optimal data product that suits their UI/UX demands

Applying your knowledge of cutting-edge data front end visualisation techniques and sharing knowledge of approaches within 10DS and across government.

You will be able to competently demonstrate:

Essential Skills/Experience:

Experience of front-end development, with detailed knowledge of TypeScript, HTML, CSS, and a front-end framework (e.g., React, Vue.js, or Angular)

Experience of developing tools throughout the product lifecycle, from inception to scaling up. Understanding of software design principles, and best-practice version and quality control.

Experience of technologies used for web applications, e.g., HTTPS, JSON and CDNs, and of Unix-like operating systems, eg Linux and/or Mac OS.

Ability to deploy scalable products into production using best practice on code quality, reusability, unit testing (e.g. Jest), and integration testing (e.g., Pact)

Experience working with analytical data, building robust and accessible visualisations using modern web technologies (e.g., d3, Mantine, Recharts)

Highly developed communication and networking skills, an ability to build strong relationships and operate with senior stakeholders across government, and skills to translate complex information into meaningful, easily understood narratives.

The following are desirable (but proficiency can be developed in post):

Working knowledge of cloud infrastructure and deployment methodologies (e.g., Docker, Infrastructure as Code)

Experience developing AI integrations.

Experience working with platforms that serve high traffic or usage.

Confident programming ability including in building APIs (e.g., Python, or other relevant languages) and comfortable data wrangling structured and unstructured datasets (e.g., pandas, SQL).

Additional information:

Cabinet Office policy is that a minimum 60% of your working time should be spent at your principal workplace. For some roles, due to their nature and the

business need, this may be up to 100%. Requirements to attend other locations for official business will also count towards this level of attendance.

Behaviours

We'll assess you against these behaviours during the selection process:

Communicating and Influencing

Delivering at Pace

Leadership

Seeing the Big Picture

Technical skills

We'll assess you against these technical skills during the selection process:

Web development skills

Data visualisation and presenting analysis

Benefits

Alongside your salary of £62,988, Cabinet Office contributes £18,247 towards you being a member of the Civil Service Defined Benefit Pension scheme. [Find out what benefits a Civil Service Pension provides \(opens in a new window\)](#).

Learning and development tailored to your role.

An environment with flexible working options.

A culture encouraging inclusion and diversity.

A [Civil Service Pension](#) which provides an attractive pension, benefits for dependants and employer contributions of 28.97%.

A minimum of 25 days of paid annual leave, increasing by one day per year up to a maximum of 30.

Things you need to know

Artificial intelligence

Artificial intelligence can be a useful tool to support your application, however, all examples and statements provided must be truthful, factually accurate and taken directly from your own experience. Where plagiarism has been identified (presenting the ideas and experiences of others, or generated by artificial intelligence, as your own) applications may be withdrawn and internal candidates may be subject to disciplinary action. Please see our [candidate guidance \(opens in a new window\)](#) for more information on appropriate and inappropriate use.

Selection process details

This vacancy is using [Success Profiles \(opens in a new window\)](#), and will assess your Behaviours, Experience and Technical skills.

Application process

Please include a CV and use the Personal Statement to explain how your skills and experience make you a suitable candidate for the role. You can refer to the skills/experience outlined in the job description.

Further details around what this will entail are listed on the application form.

Selection process

Candidates successful at sift will be invited to a technical assessment held virtually as part of stage 1 interviews. This will require access to your preferred analytical software - typically people use a programming language that is good for data analysis such as python or R. Further information about the exercise will be shared with shortlisted candidates.

Candidates successful at stage 1 assessment will be invited to Behaviour and Technical based interview.

We may also offer near-miss opportunities meaning at the end of the recruitment campaign you may be offered a similar role at a lower grade.

Expected timeline (subject to change)

Sifting w/c June 29th 2026

Technical assessments w/c July 13th 2026

Interviews w/c July 27th 2026

Interview location - Your interview will either be conducted face to face or by video. You will be notified of the location if you are selected for interview.

Reasonable Adjustment

If a person with disabilities is put at a substantial disadvantage compared to a non-disabled person, we have a duty to make reasonable changes to our processes.

If you need a change to be made so that you can make your application, you should:

Contact Government Recruitment Service via cabinetofficerecruitment.grs@cabinetoffice.gov.uk as soon as possible before the closing date to discuss your needs.

Complete the Assistance required section in the Additional requirements page of your application form to tell us what changes or help you might need further on in the recruitment process. For instance, you may need wheelchair access at interview, or if you're deaf, a Language Service Professional.

Further information

If you are experiencing accessibility problems with any attachments on this advert, please contact the email address in the 'contact point for applicants' section.

Please note that this role requires SC clearance, which would normally need 5 UK residency in the past 5 years. This is not an absolute requirement, but supplementary checks may be needed where individuals have not lived in the UK for that period. This may mean your security clearance (and therefore your appointment) will take longer or, in some cases, not be possible.

For further information on National Security Vetting please [visit the Demystifying Vetting website](#).

Please note terms and conditions are attached. Please take time to read the document to determine how these may affect you.

Any move to Cabinet Office from another employer will mean you can no longer access childcare vouchers. This includes moves between government departments. You may however be eligible for other government schemes, including Tax Free Childcare; for further information [visit the Childcare Choices website](#).

A reserve list will be held for a period of 12 months, from which further appointments can be made.

New entrants are expected to join on the minimum of the pay band.

If successful and transferring from another Government Department a criminal record check may be carried out.

In order to process applications without delay, we will be sending a Criminal Record Check to Disclosure and Barring Service on your behalf.

However, we recognise in exceptional circumstances some candidates will want to send their completed forms direct. If you will be doing this, please advise Government Recruitment Service of your intention by emailing Pre-EmploymentChecks.grs@cabinetoffice.gov.uk stating the job reference number in the subject heading.

Applicants who are successful at interview will be, as part of pre-employment screening, subject to a check on the Internal Fraud Database (IFD). This check will provide information about employees who have been dismissed for fraud or dishonesty offences. This check also applies to employees who resign or otherwise leave before being dismissed for fraud or dishonesty had their employment continued. Any applicant's details held on the IFD will be refused employment.

A candidate is not eligible to apply for a role within the Civil Service if the application is made within a 5-year period following a dismissal for carrying out internal fraud against government.

This role is full time only. Applicants who wish to work an alternative pattern are welcome to apply however your preferred working pattern may not be available and you should discuss this with the vacancy holder before applying.

Feedback will only be provided if you attend an interview or assessment.

Security

Successful candidates must undergo a criminal record check.

Successful candidates must meet the security requirements before they can be appointed. The level of security needed is [security check \(opens in a new window\)](#).

[See our vetting charter \(opens in a new window\)](#).

People working with government assets must complete [baseline personnel security standard \(opens in new window\)](#) checks.

Nationality requirements

This job is broadly open to the following groups:

- UK nationals

- nationals of the Republic of Ireland

- nationals of Commonwealth countries who have the right to work in the UK

- nationals of the EU, Switzerland, Norway, Iceland or Liechtenstein and family members of those nationalities with settled or pre-settled status under the [European Union Settlement Scheme \(EUSS\) \(opens in a new window\)](#)

- nationals of the EU, Switzerland, Norway, Iceland or Liechtenstein and family members of those nationalities who have made a valid application

for settled or pre-settled status under the European Union Settlement Scheme (EUSS)

individuals with limited leave to remain or indefinite leave to remain who were eligible to apply for EUSS on or before 31 December 2020

Turkish nationals, and certain family members of Turkish nationals, who have accrued the right to work in the Civil Service

[Further information on nationality requirements \(opens in a new window\)](#)

Working for the Civil Service

The [Civil Service Code \(opens in a new window\)](#) sets out the standards of behaviour expected of civil servants.

We recruit by merit on the basis of fair and open competition, as outlined in the Civil Service Commission's [recruitment principles \(opens in a new window\)](#).

The Civil Service embraces diversity and promotes equal opportunities. As such, we run a Disability Confident Scheme (DCS) for candidates with disabilities who meet the minimum selection criteria.

The Civil Service also offers a Redeployment Interview Scheme to civil servants who are at risk of redundancy, and who meet the minimum requirements for the advertised vacancy.

Diversity and Inclusion

The Civil Service is committed to attract, retain and invest in talent wherever it is found. To learn more please see the [Civil Service People Plan \(opens in a new window\)](#) and the [Civil Service Diversity and Inclusion Strategy \(opens in a new window\)](#).

Apply and further information

This vacancy is part of the [Great Place to Work for Veterans \(opens in a new window\)](#) initiative.

The Civil Service welcomes applications from people who have recently left prison or have an unspent conviction. [Read more about prison leaver recruitment \(opens in new window\)](#).

Once this job has closed, the job advert will no longer be available. You may want to save a copy for your records.
