***We offer a hybrid working model, allowing for a balance between remote work and time spent in your local office. Office locations can be found [ON THIS MAP](#)**

Please note that unless you are an existing member of staff at Justice Digital, Data and Science, the only London location being recruited to is 10 South Colonnade, E14 4PU. We are no longer recruiting to 102 Petty France, SW1H 9AJ.

The Role

We're recruiting for 3 Service Owners here at [Justice Digital, Data and Science](#) to be part of our warm and collaborative Prisons Digital team.

This role aligns against Service Owner from the Government Digital and Data Framework

These are exciting times at [Justice Digital](#). We have a clear vision - to develop a digitally-enabled justice system that works more simply for users - and we're looking for talented people to help us achieve it. We're making things better by building adaptable, effective services and systems that are simple to use for staff and citizens. While the work can be challenging, it is important, impactful and hugely rewarding.

In Prisons Digital, we build and maintain digital products and tools that help to:

- protect the public

- provide decent and safe spaces in which to live and work

- reduce reoffending by rehabilitating the people in our care through education and employment

You will work collaboratively with multidisciplinary digital teams and with stakeholders across policy and operations, delivering digital services for prisons that meet user needs and business requirements. You will use the knowledge you gain of how users work and the policy they must comply with to develop and maintain services that speed up complex processes and help prisons to run more efficiently.

Key Responsibilities:

- Delivers services that meet the government Digital by Default Service Standard and are best in class for government meeting users' raised expectations of technology.

Be outcome-focused and balance the needs of competing stakeholders, ensuring that services are valuable and effective for the organisation.

Create and communicate a compelling service vision and roadmap ensuring the right balance of meeting business/user objectives and managing technical risk.

Represent a service area to departmental board-level officials and senior stakeholders, using information from diverse user, commercial and service sources.

Embed digital culture with your stakeholders, the department and the wider civil service.

Be responsible for legacy technology which is part of the service area, and tackling the risks associated with this.

Lead and develop a high performing team that use service design and user-centred, data-driven, cloud-based delivery practices - most of which is focussed on replacing our legacy systems.

If this feels like an exciting challenge, something you are enthusiastic about, and want to join our team please read on and apply!

Selection process details

How to Apply

In Justice Digital, Data and Science, we recruit using a combination of the [Government Digital and Data Profession Capability](#) and [Success Profiles](#) Frameworks. We shall assess a combination of your Experience, Technical skills and Behaviours during the assessment process.

Stage 1 - Application and sift:

To apply for this position, you must submit the following as part of your application:

A **CV** detailing your career history (including any relevant qualifications). Your CV will be assessed against the essential criteria outlined within the Person Specification of this advert.

A **Personal Statement** (no more than **500 words**) which should outline your experience and skills, giving clear examples of work undertaken. It should specifically address the following 2 criteria listed below, using a separate paragraph for each.

Strategic ownership - Able to develop a long-term vision and objectives. Discerning and disciplined in focusing on what is important and most relevant. Able to develop the capability of others.

Financial ownership - Able to develop a business case, own and iterate it throughout the lifecycle. Understands the granularity of financial costs per sprint and value delivered.

A diverse sift panel will review the information in your CV and Personal Statement to assess the sift criteria specified above. We operate an anonymous shortlisting process. Please ensure your CV and Personal Statement do not include your name or any other identifying details.

Should we receive a high volume of applications, a pre-sift based on **Strategic Ownership and Financial Ownership** will be conducted before the sift.

Please access the following link for guidance on how to apply - [Application Guidance](#)

Stage 2 - Interviews:

Successful candidates who meet the required standard will then be invited to a panel interview held via Microsoft Teams. At interview stage, you will be assessed against the following Success Profile elements - Experience, Technical and the following Behaviours:

Leadership

Changing and Improving

Seeing the Big Picture

Delivery at Pace

Making Effective Decisions

As part of your interview, you will be asked to deliver a presentation that will assess the following criteria and behaviours:

User Focus

Lifecycle Perspective

Problem Ownership

Making Effecting Decisions

Delivery at Pace

Further details will be provided if successful at sift.

Appointments are made strictly in merit order. In the event that two or more candidates receive identical interview scores, the **Leadership Behaviour** will be applied as the primary lead criterion to determine the final merit order.

Should you be unsuccessful in the role that you have applied for but demonstrate the capability for a role at a lower level, we reserve the right

to discuss this opportunity with you and offer you the position without needing a further application.

A reserve list may be held for up to 12 months, from which further appointments may be made.

Feedback will only be provided if you attend an interview or assessment.
