About the job

Job summary

The Infected Blood Compensation Authority (IBCA) is a new arm's-length body set up, at unprecedented pace, to administer compensation to people whose lives have been impacted by the infected blood scandal.

IBCA will ensure payment is made in recognition of the wrongs experienced by those who have been infected by HIV, Hepatitis B or C, as well as those who love and care for them. They have been frustrated and distressed by the delays in achieving proper recognition, and we must help put this right.

We are committed to putting the infected and affected blood community at the centre of every decision we make and every step we take to build our organisation to deliver compensation payments.

IBCA employees will be public servants. If successful in this role you will be appointed directly into IBCA, on IBCA terms and conditions as a public servant.

Successful applicants will join the Civil Service Pension Scheme.

Please note that the mission of IBCA means that it is likely to be fully operational for a period of approximately up to 5 years, after which IBCA will become a smaller residual service. When IBCA's work begins to wind down, IBCA employees will receive support and practical guidance to find a new role, whether in the Civil Service, another Arm's Length Body (ALB), or an external employer.

Job description

We are looking for a motivated, collaborative and compassionate Senior Software Engineer to join in our mission to deliver compensation to people

whose life has been impacted by infected blood products. This is a rare opportunity to apply modern software engineering processes in making a tangible difference to people's lives.

We work in multidisciplinary teams at the Infected Blood Compensation Authority (IBCA), which are organised around delivering our mission and priorities:

- To create a user-centred, empathetic end-to-end service at the heart of IBCA;

- To provide the means of paying compensation to those eligible;

- To iterate our service through starting small and scaling fast.

Joining IBCA at this stage in the lifecycle gives you a unique platform to influence tech decisions, build capability, and implement best in class engineering standards, while supporting teams in converging towards common engineering patterns and approaches. You will operate in a fast-paced environment that expects technical excellence, agility and a deep commitment to user needs.

Key Responsibilities

- Collaborate in a fast-paced Agile environment, with technical and non-technical colleagues;

- Refine user stories into actionable items of work;

- Work with interface designers and architects to develop frontend and backend services, applying a rigorous testing approach to ensure applications are functionally sound, secure, performant, and maintainable;

- Ensure user interfaces are compliant with accessibility standards and perform well on all target devices;

- Work with infrastructure engineers (DevOps) to design continuous integration and deployment pipelines that deliver incremental releases frequently and reliably;

- Ensure the solutions follow modern engineering approaches, adhere to our engineering standards and comply with required standards, as well as fulfil functional and non-functional requirements;

- Have line management responsibilities.

Person specification

Essential Criteria

AWS Infrastructure: Proven experience implementing applications as part of complex, multi-component services running on multiple environments and AWS accounts;

Data Management: Proven experience working with relational and non-relational databases and safeguarding sensitive data, applying appropriate design patterns to ensure robustness in communicating with operational data stores.

Scalable Infrastructure: Experience building and running containerised applications as part of a Kubernetes cluster (e.g.: EKS), as well as asynchronous and event-driven architectures (e.g. SNS).

Modern Languages: Demonstrable skills in modern development languages (e.g. Java, Python, TypeScript), and aptitude to learn more.

Software Design: Deep understanding of software design patterns and applying them effectively to produce testable solutions that can adapt to changing needs.

Agile & Influence: Adaptable team player who understands the Agile methodology and can influence others.

Engineering at Scale: Harnesses engineering standards and documentation to shape engineering across the organisation, pioneering new approaches and documenting existing patterns.

Additional information:

A minimum 60% of your working time should be spent at your principal workplace. Although requirements to attend other locations for official business will also count towards this level of attendance.

Behaviours

We'll assess you against these behaviours during the selection process:

Managing a Quality Service

Technical skills

We'll assess you against these technical skills during the selection process:

Designing complex systems

Benefits

Alongside your salary of £60,708, Infected Blood Compensation Authority contributes £17,587 towards you being a member of the Civil Service Defined Benefit Pension scheme. [Find out what benefits a Civil Service Pension provides \(opens in a new window\)](#).

Premium allowance paid monthly after probation

Learning and development tailored to your role

An environment with flexible working options

A culture encouraging inclusion and diversity

A Civil Service Pension which provides an attractive pension, benefits for dependants and employer contributions of 28.97%

32.5 days of paid annual leave plus 8 bank holidays

Family friendly policies to support you and your everyday responsibilities

Enhanced maternity and paternity leave, up to 12 months shared parental leave

Things you need to know

Artificial intelligence

Artificial intelligence can be a useful tool to support your application, however, all examples and statements provided must be truthful, factually accurate and taken directly from your own experience. Where plagiarism has been identified (presenting the ideas and experiences of others, or generated by artificial intelligence, as your own) applications may be withdrawn and internal candidates may be subject to disciplinary action. Please see our [candidate guidance \(opens in a new window\)](#) for more information on appropriate and inappropriate use.

Selection process details

This vacancy is using [Success Profiles \(opens in a new window\)](#), and will assess your Behaviours, Strengths, Experience and Technical skills.

Application information

As part of your application, you will be asked to complete an anonymised CV, which should include your career history, skills, experience and qualifications.

You will also be asked to complete a Personal Statement, of no more than 750 words, that demonstrates how you meet the Essential Skills for the role.

At sift, you will be assessed on your CV and Personal Statement.

Should you be successful at sift, you will be invited to attend an interview where you will be assessed on experience, strengths, behaviours and a written exercise that reflects the technical skill listed.

Expected timeline (subject to change)

Expected sift date w/c 19th October 2026

Expected interview date/s w/c 2nd November 2026

Interview location - Your interview will either be conducted face to face or by video. You will be notified of the location if you are selected for an interview.

Reasonable Adjustments

If a person with disabilities is put at a substantial disadvantage compared to a non-disabled person, we have a duty to make reasonable changes to our processes.

If you need a change to be made so that you can make your application, you should:

Contact Government Recruitment Service via IBCA.grs@cabinetoffice.gov.uk as soon as possible before the closing date to discuss your needs.

Complete the Assistance required section in the Additional requirements page of your application form to tell us what changes or help you might need further on in the recruitment process. For instance, you may need wheelchair access at interview, or if you're deaf, a Language Service Professional.

For further information on National Security Vetting please visit the [Demystifying Vetting website](#).

Sponsorship

IBCA recruitment policy limits Skilled Worker visa sponsorship solely to roles designated as business-critical (internal role not prioritised as hard to fill). Because this position does not fall into that category, we will not be offering sponsorship. Therefore, to be considered for this role, you must be able to demonstrate your right to work in the UK without requiring employer sponsorship.

Further Information

A reserve list may be held for a period of 6 months from which further appointments can be made.

Any move to IBCA from another employer will mean you can no longer access childcare vouchers. You may however be eligible for other government schemes, including Tax Free Childcare; for further information visit the Childcare Choices website - <https://www.childcarechoices.gov.uk/>

In order to process applications without delay, we will be sending a Criminal Record Check to Disclosure and Barring Service / Disclosure Scotland on your behalf.

However, we recognise in exceptional circumstances some candidates will want to send their completed forms direct. If you will be doing this, please advise Government Recruitment Service of your intention by emailing Pre-EmploymentChecks.grs@cabinetoffice.gov.uk stating the job reference number in the subject heading.

For further information on the Disclosure Scotland confidential checking service telephone: the Disclosure Scotland Helpline on 0870 609 6006 and

ask to speak to the operations manager in confidence, or email Info@disclosurescotland.co.uk

Applicants who are successful at interview will be, as part of pre-employment screening, subject to a check on the Internal Fraud Database (IFD). This check will provide information about employees who have been dismissed for fraud or dishonesty offences. This check also applies to employees who resign or otherwise leave before being dismissed for fraud or dishonesty had their employment continued. Any applicant's details held on the IFD will be refused employment.

A candidate is not eligible to apply for a role within the IBCA if the application is made within a 5 year period following a dismissal for carrying out internal fraud against government.

This role is full time only. Applicants who wish to work an alternative pattern are welcome to apply however your preferred working pattern may not be available and you should discuss this with the vacancy holder before applying.

If you are experiencing accessibility problems with any attachments on this advert, please contact the email address in the 'Contact point for applicants' section.

PLEASE NOTE: IBCA employees are public servants, therefore the Civil Service Nationality Rules (CSNR) do not apply. Candidates who do not meet the CSNR are welcome to apply and applications will not be rejected: successful candidates however will be subject to a Right to Work check to work within the UK.

Feedback

Feedback will only be provided if you attend an interview or assessment.

Security

Successful candidates must undergo a basic (or equivalent) criminal record check.

People working with government assets must complete [baseline personnel security standard \(opens in new window\)](#) checks.

Nationality requirements

This job is broadly open to the following groups:

UK nationals

nationals of the Republic of Ireland

nationals of Commonwealth countries who have the right to work in the UK

nationals of the EU, Switzerland, Norway, Iceland or Liechtenstein and family members of those nationalities with settled or pre-settled status under the [European Union Settlement Scheme \(EUSS\) \(opens in a new window\)](#)

nationals of the EU, Switzerland, Norway, Iceland or Liechtenstein and family members of those nationalities who have made a valid application for settled or pre-settled status under the European Union Settlement Scheme (EUSS)

individuals with limited leave to remain or indefinite leave to remain who were eligible to apply for EUSS on or before 31 December 2020

Turkish nationals, and certain family members of Turkish nationals, who have accrued the right to work in the Civil Service

[Further information on nationality requirements \(opens in a new window\)](#)

Working for the Civil Service

Please note this Post is NOT regulated by the Civil Service Commission.

The Civil Service embraces diversity and promotes equal opportunities. As such, we run a Disability Confident Scheme (DCS) for candidates with disabilities who meet the minimum selection criteria.

Diversity and Inclusion

The Civil Service is committed to attract, retain and invest in talent wherever it is found. To learn more please see the [Civil Service People Plan \(opens in a new window\)](#) and the [Civil Service Diversity and Inclusion Strategy \(opens in a new window\)](#).

Apply and further information

Once this job has closed, the job advert will no longer be available. You may want to save a copy for your records.
