This is an exciting opportunity to join HMRC's CDIO Chief Engineering and Platform Office (CEPO) Automation Platform Team. Join the Automation Team, Driving Innovation Across Government

Established in 2015, the Automation Team is a pioneering unit within HMRC, formed through a collaborative blend of civil service and contracted expertise. We began by delivering attended dashboards and quickly evolved to implement over 100 fully unattended automation solutions, powered by 1,000 1,500 vSTRIDE virtual machines.

As we continue to expand our capabilities, we're embracing cutting-edge technologies such as Optical Character Recognition (OCR) and Intelligent Character Recognition (ICR) through platforms like Hyperscience. Our work is not limited to HMRC, we actively support other government departments in shaping their automation strategies and delivering scalable, future-ready solutions.

We are currently recruiting for a key role within the Automation Platform team, focused on Live Service development. While the role will have a strong emphasis on Live services, it will not be exclusive to this area and will also involve collaboration with the wider Platform team and the Build function.

Job description

HMRC's Automation Platform Team is seeking a Senior Developer to support the design, development and operation of high-quality automation services. You will be a hands-on technical specialist who leads development on defined areas of work while working collaboratively within multidisciplinary agile teams.

This role involves contributing across the full automation delivery lifecycle, championing modern development practices and supporting the mentoring and development of others. You will help ensure services are secure, resilient, well-tested and meet agreed business needs.

Person specification

Key role and Responsibilities

Lead development on groups of related user stories, ensuring delivery meets agreed quality, security and coding standards.

Design, build, test, and document automation solutions of medium to high complexity.

Apply test-first development and modern automation and testing practices.

Work closely with business analysts, testers, product owners and other developers to shape and deliver solutions.

Maintain a strong understanding of system components, integrations and dependencies, and share this knowledge with others.

Support live services, including diagnosing and resolving defects and contributing to continuous improvement.

Coordinate and support integration build and testing activities across systems.

Coach and mentor less experienced developers, supporting skills development and good engineering practices.

Work in partnership with the senior leadership team to ensure robust and timely technical input is provided to discussions with senior leaders, supporting both tactical planning and strategic decision-making. This includes helping to ensure that platform changes delivered by third-party teams are safely implemented and integrated into live services.

Mentoring is a key element of this role. The post holder will support the development of junior colleagues through regular quality assurance of work, constructive feedback, and the facilitation of learning and knowledge-sharing sessions.

Technical Skills and Experience

Experience using NICE automation software, working across multiple systems via user interfaces and backend data.

Experience working with legacy systems, web-based applications, databases and local storage.

Strong understanding of the software development lifecycle, including testing strategies and configuration considerations.

Experience integrating systems and supporting integration and end-to-end testing.

Strong analytical and problem-solving skills with attention to detail and quality.

Prototyping and Design

Treat prototyping as a collaborative team activity, actively engaging others in testing and validation.

Apply appropriate design standards, tools and patterns to create maintainable and effective solutions.

Iterate designs based on feedback, understanding system constraints and trade-offs.

Security and Standards

Apply agreed security standards and ensure compliance with relevant legislation and HMRC policies.

Design, implement and operate appropriate controls to protect the confidentiality, integrity and availability of systems and data.

Essential Criteria

An up-to-date, working knowledge of NICE software and robotic process automation (RPA).

Strong capability in building and maintaining robotic process automation (RPA), alongside leading, mentoring, and developing other Developers.

Demonstrable strength in stakeholder engagement and effective problem resolution.

Well-developed analytical skills.

Experience supporting and maintaining live services.

Strong capability using Git and SQL.

Desirable Criteria

Ability to work under pressure and to respond quickly to changing circumstances & tight timetable as priorities evolve & escalate.

Excellent communication and collaboration skills.

Excellent organisational and decision-making skills.

Automation Platform Knowledge.

A good understanding of NICE RPA system architecture

Hyperscience Live support and build knowledge.

Ability to work collaboratively within multidisciplinary agile teams

Experience mentoring or supporting the development of others.

Strong understanding of modern development and testing practices.

Things you need to know

Artificial intelligence

Artificial intelligence can be a useful tool to support your application, however, all examples and statements provided must be truthful, factually accurate and taken directly from your own experience. Where plagiarism has been identified (presenting the ideas and experiences of others, or generated by artificial intelligence, as your own) applications may be withdrawn and internal candidates may be subject to disciplinary action. Please see our [candidate guidance \(opens in a new window\)](#) for more information on appropriate and inappropriate use.

Selection process details

This vacancy is using [Success Profiles \(opens in a new window\)](#), and will assess your Behaviours, Experience and Technical skills.

How to Apply

As part of the application process, you will be asked to provide the following:

A name-blind CV including your job history and previous experiences.

A 500-word Personal Statement which should be used to describe how your skills and experience would be suitable for the advertised role, making reference to the Essential Criteria and Person Specification as outlined in the advert.

Please evidence any Desirable Criteria where applicable (up to 250 words max). This is not essential for the role but may be considered by the vacancy holder where candidates have the same score at interview.

Further details around what this will entail are listed on the application form.

Sift

In the event of a large number of applications being received, an initial sift may be held on your Personal Statement.

At full sift your Personal Statement and your CV will be assessed, with the successful candidates being invited to interview.

We may also raise the score required at any stage of the process if we receive a high number of applications.

Interview

During the panel interview, you will be asked behaviour-based questions on Working Together, Developing Self and Others and Managing a Quality Service to explore in detail what you are capable of and your motivations relevant to the job role.

In order to assess your Technical skills you will be asked one or more questions focused on best practice robotic solution design and how you identify, diagnose, and resolve errors within automation solutions.

Interviews will take place virtually via video link.

Sift and interview dates to be confirmed.

Eligibility

Please take extra care to tick the correct boxes in the eligibility sections of your application form. Mistakes sometimes happen but if you contact us later than two working days (Monday-Friday) before the vacancy closes, we may not be able to reopen your application for you. If you do make a mistake with your eligibility form, or have withdrawn yourself in error and need your application reinstated whilst the campaign is still live, please contact us via: unitybusinessservicesrecruitmentresults@hmrc.gov.uk Use the subject line to insert appropriate wording for example Please re-open my application [insert vacancy ref] & vacancy closing date [insert date] .

To check that you are eligible to apply for this role, [please review the eligibility information before submitting your application](#).

Exceptionally, candidates who are not successful at this grade may be considered for appointment to similar roles at a lower grade where the eligibility criteria are met. If this applies, we will contact you directly.

The HMRC app can help you with your application

The [HMRC app](#) can provide you with your past 5 years' employment history, making the process of filling in your application quicker and easier.

If successful in your application, you will need your National Insurance number for the onboarding process.

Download the [HMRC app](#) now and save your National Insurance number to your digital phone wallet.

How to download the HMRC app and sign up for an account

Download the free [HMRC app](#) from the App Store or Google Play store.

If you have an HMRC online account already, sign straight in using your ID and password. If not, you can prove your identity by answering some questions or providing your photo ID.

You'll then be able to access the app quickly and easily by signing in using a 6-digit PIN, your fingerprint, or facial recognition.

You can find guidance for technical issues on GOV.UK: [Technical support with HMRC online services](#).

Reserve List

A reserve list may be held for up to 12 months from which further appointments may be made for the same or similar roles – if this applies to you, we'll let you know via your Civil Service Jobs account.

Merit List

After interview, merit lists will be created for each location advertised within the vacancy. If you are successful at interview, you will be placed on the merit list for any locations you have expressed an interest for. Appointments from each merit list will be made in strict merit order.

Criminal Record Check

Applications received from candidates with a criminal record are considered fairly in accordance with the DBS Code of Practice and the Recruitment of ex-offenders Policy.

Hybrid working at HMRC

HMRC is an office-based organisation, and colleagues are expected to spend 60% of their working time in the office. Our offices provide opportunity for interaction, collaboration which aids learning and development and a sense of community. Where the role allows it, and where the home environment is suitable, colleagues can work from home for up to 2 days a week, averaged over a calendar month (or a proportionate amount of time for colleagues who work less than full time).

Reasonable Adjustments

We want to make sure no one is put at a disadvantage during our recruitment process. To assist you with this, we will reduce or remove any barriers where possible and provide additional support where appropriate.

If you need a change to be made so that you can make your application, you should:

Contact the UBS Recruitment team via unitybusinessservicesrecruitmentresults@hmrc.gov.uk as soon as possible before the closing date to discuss your needs.

Complete the Assistance required section in the Additional requirements page of your application form to tell us what changes or help you might need further on in the recruitment process. For instance, you may need wheelchair access at interview, or if you're deaf, a Language Service Professional.

Technical Support

If you are experiencing problems that cannot be resolved by our [help](#) section, then [technical support](#) is available. You will receive a reply in 2 working days.

Additional Security Information

Please note in addition to the standard pre-employment checks for appointment into the Civil Service, all candidates must also obtain National Security Vetting at Security Check (SC) clearance level for this vacancy. You will normally need to meet the minimum UK residency period as determined by the level of vetting being undertaken, which for SC is 5 years UK residency prior to your vetting application. If you have any questions about this residency requirement, please speak to the vacancy holder for this post.

From 1 April 2026, applicants will be required to meet updated nationality and residency requirements so that National Security Vetting (NSV) checks can be conducted. If this affects you, we will give you more information at the appropriate time.

Important information for existing HMRC contractual homeworkers

This role may be suitable for existing HMRC employees who are contractual homeworkers. Occasional attendance to the office will be required where there is a business need. Please consider the advertised office locations for this role when applying and only select locations from the [location preferences](#) section that you can travel to.

Terms and Conditions

Customer facing roles in HMRC require the ability to converse at ease with members of the public and provide advice in accurate spoken English and/or Welsh where required. Where this is an essential requirement, this will be tested as part of the selection process.

HMRC has a presence in every region of the UK. For more information on where you might be working, [review this information on our locations \(opens in a new window\)](#).

The Civil Service values honesty and integrity and expects all candidates to abide by these principles. The evidence you provide in your application must relate to your own experiences.

Any instances of plagiarism or other forms of cheating will be investigated and, if proven, the relevant application(s) will be withdrawn from the process.

Recording of interviews is prohibited unless explicit agreement is sought in line with the UK General Data Protection Regulations.

Questions relating to an individual application must be emailed as detailed later in this advert.

Applicants who are successful at interview will be, as part of pre-employment screening, subject to a check on the Internal Fraud Database (IFD). This check will provide information about employees who have been dismissed for fraud or dishonesty offences. This check also applies to employees who resign or otherwise leave before being dismissed for fraud or dishonesty had their employment continued. Any applicant's details held on the IFD will be refused employment.

A candidate is not eligible to apply for a role within the Civil Service if the application is made within a 5 year period following a dismissal for carrying out internal fraud against government.

New entrants will join on the minimum of the pay band.

Please note that, if you are applying for roles on a part-time basis, the salary agreed will be pro-rata, reflective of the working hours agreed within your contract.

If you experience accessibility problems with any attachments on this advert, please contact the email address in the 'Contact point for applicants' section.

For more Information for people applying for, or thinking of applying for, roles at HM Revenue and Customs, please see link: [Working for HMRC: information for applicants - GOV.UK](#).

Feedback will only be provided if you attend an interview or assessment.

Security

Successful candidates must undergo a criminal record check.

Successful candidates must meet the security requirements before they can be appointed. The level of security needed is [security check \(opens in a new window\)](#).

[See our vetting charter \(opens in a new window\)](#).

People working with government assets must complete [baseline personnel security standard \(opens in new window\)](#) checks.
