About the job

Job summary

The Government Digital Service (GDS) is the digital centre of government. We are responsible for setting, leading and delivering the vision for a modern digital government.

Our priorities are to drive a modern digital government, by:

1. joining up public sector services

2. harnessing the power of AI for the public good

3. strengthening and extending our digital and data public infrastructure

4. elevating leadership and investing in talent

5. funding for outcomes and procuring for growth and innovation

6. committing to transparency and driving accountability

We are home to the Incubator for Artificial Intelligence (I.AI), the world-leading GOV.UK and at the forefront of coordinating the UK s geospatial strategy and activity. We lead the Government Digital and Data function and champion the work of digital teams across government.

We re part of the Department for Science, Innovation and Technology (DSIT) and employ more than 1,000 people all over the UK, with hubs in Manchester, London and Bristol.

The Government Digital Service is where talent translates into impact. From your first day, you ll be working with some of the world s most highly-skilled digital professionals, all contributing their knowledge to make change on a national scale.

Join us for rewarding work that makes a difference across the UK. You'll solve some of the nation s highest-priority digital challenges, helping millions of people access services they need.

Job description

As a Senior Technical Architect in the Insights and Analytics team, you will take ownership of the infrastructure that transforms GOV.UK data into actionable intelligence. You will have significant autonomy to define the architectural strategy, designing robust, scalable data platforms that enable the team to unlock insights from the UK s most critical online services.

Beyond the technical build, you will champion the effective use of GOV.UK data by serving as a key bridge between your team and the wider GDS technical community. You will be responsible for designing and implementing policies and processes that ensure data infrastructure is both resilient and aligned with government standards, fostering a culture of technical excellence in how we collect, process, and derive value from the information our users trust us with every day.

As a Senior Technical Architect you ll:

- be responsible for technical and architecture leadership and decision making, assuring robust, secure, and scalable technical architectures for complex data-intensive systems
- work with product and delivery managers to plan and prioritise the teams work
- ensure the activities and work of the team technically align across workstreams and meet the required standards
- be responsible for designing an end to end data infrastructure that meets the expanding needs of data users across GOV.UK

Person specification

We re interested in people who:

- have extensive experience designing and assuring large-scale, resilient technical architectures for complex data platforms
- bring a deep understanding of modern data engineering principles, including pipeline orchestration, data modelling, and infrastructure as code
- are confident translating complex business and user requirements into secure, scalable, and performant technical solutions
- possess expert-level knowledge of Google Cloud Platform (GCP), specifically in leveraging BigQuery for data warehousing and analytics, alongside a solid working familiarity with AWS
- demonstrate strong experience with web data collection methodologies, including hands-on proficiency with Google Tag Manager (GTM) and Google Analytics (GA) to support data-driven decision-making
- communicate effectively with both technical and non-technical stakeholders to build consensus and drive technical direction
- are passionate about mentoring engineers and architects, contributing to a supportive culture of continuous improvement and technical excellence

Benefits

There are many benefits of working at GDS, including:

- flexible hybrid working with flexi-time and the option to work part-time or condensed hours
- a Civil Service Pension with an average employer contribution of 28.97%
- 25 days of annual leave, increasing by a day each year up to a maximum of 30 days
- an extra day off for the King s birthday
- an in-year bonus scheme to recognise high performance
- career progression and coaching, including a training budget for personal development

- a focus on wellbeing with access to an employee assistance programme
- job satisfaction from making government services easier to use and more inclusive for people across the UK
- advances on pay, including for travel season tickets
- death in service benefits
- cycle to work scheme and facilities
- access to an employee discounts scheme
- 10 learning days per year
- volunteering opportunities (5 special leave days per year)
- access to a suite of learning activities through Civil Service learning

Any move to Government Digital Service from another employer will mean you can no longer access childcare vouchers. This includes moves between government departments. You may however be eligible for other government schemes, including Tax Free Childcare. Determine your eligibility at https://www.childcarechoices.gov.uk

Office attendance
The Department operates a discretionary hybrid working policy, which provides for a combination of working hours from your place of work and from your home in the UK. The current expectation for staff is to attend the office or non-home based location for 40-60% of the time over the accounting period.
DSIT does not normally offer full home working (i.e. working at home); but we do offer a variety of flexible working options (including occasionally working from home).

Things you need to know

Artificial intelligence

Artificial intelligence can be a useful tool to support your application, however, all examples and statements provided must be truthful, factually accurate and taken directly from your own experience. Where plagiarism has been identified (presenting the ideas and experiences of others, or generated

by artificial intelligence, as your own) applications may be withdrawn and internal candidates may be subject to disciplinary action. Please see our candidate guidance (opens in a new window) for more information on appropriate and inappropriate use.

Selection process details

The standard selection process for roles at GDS consists of:

- a simple application screening process - We only ask for a CV and cover letter of up to 750 words. Important tip - please ensure that your cover letter includes how you meet the skills and experience listed in the person specification section above
- a 20 minute screening call
- an 80 minute video interview including a 15 minute presentation, the brief will be sent 5 days in advance

Please upload your SC and Cover Letter as one document.

Depending on how many applications we get, there might also be an extra stage before the video interview, for example a phone interview or a technical exercise.

In the event we receive a high volume of applications, we will conduct the initial sift against the lead criteria which is:

- **possess expert-level knowledge of Google Cloud Platform (GCP), specifically in leveraging BigQuery for data warehousing and analytics, alongside a solid working familiarity with AWS**

In the Civil Service, we use Success Profiles to evaluate your skills and ability. This gives us the best possible chance of finding the right person for the job, increases performance and improves diversity and inclusivity. We ll be assessing your technical abilities, skills, experience and behaviours that are relevant to this role.

For this role we ll be assessing you against the following Civil Service Behaviours:

- making effective decisions
- developing self and others
- seeing the bigger picture
- communicating and influencing

We ll also be assessing your experience and specialist technical skills against the following skills defined in the Government Digital and Data Capability Framework for the Senior Technical Architect role:

- architect for the whole context
- community collaboration
- making architectural decisions

Recruitment Timeline

Sift completion: 30th October 2026

Phone Screens: w/c 9th November 2026

Panel interviews: w/c 16th November 2026

Candidates that do not pass the interview but have demonstrated an acceptable standard may be considered for similar roles at a lower grade.

A reserve list will be held for a period of 12 months, from which further appointments can be made.

The Civil Service is committed to attract, retain and invest in talent wherever it is found. To learn more please see the Civil Service People Plan and the Civil Service D&I Strategy.

Sponsorship

DSIT cannot offer Visa sponsorship to candidates through this campaign. DSIT holds a Visa sponsorship licence but this can only be used for certain roles and this campaign does not qualify.

Security

Successful candidates must pass a disclosure and barring security check.

Please note that this role requires SC clearance, which would normally need 5 years UK residency in the past 5 years. This is not an absolute requirement, but supplementary checks may be needed where individuals have not lived in the UK for that period. This may mean your security clearance (and therefore your appointment) will take longer or, in some cases, not be possible.

For meaningful checks to be carried out, you will need to have lived in the UK for a sufficient period of time, to enable appropriate checks to be carried out and produce a result which provides the required level of assurance. Whilst a lack of UK residency in itself is not necessarily a bar to a security clearance, and expectation of UK residency may range from 3 to 5 years. Failure to meet the residency requirements needed for the role may result in the withdrawal of provisional jobs offers.

Location

Whilst this role's location is Bristol/Manchester, if you are a current Civil servant working in DSIT and based in London you are also able to apply for this role. If you are successful, you will retain your current location and pay.

Feedback will only be provided if you attend an interview or assessment.

Security

Successful candidates must undergo a basic (or equivalent) criminal record check.

Successful candidates must meet the security requirements before they can be appointed. The level of security needed is security check (opens in a new window).

See our vetting charter (opens in a new window).

People working with government assets must complete baseline personnel security standard (opens in new window) checks.

Nationality requirements

This job is broadly open to the following groups:

- UK nationals
- nationals of the Republic of Ireland
- nationals of Commonwealth countries who have the right to work in the UK
- nationals of the EU, Switzerland, Norway, Iceland or Liechtenstein and family members of those nationalities with settled or pre-settled status under the European Union Settlement Scheme (EUSS) (opens in a new window)
- nationals of the EU, Switzerland, Norway, Iceland or Liechtenstein and family members of those nationalities who have made a valid application for settled or pre-settled status under the European Union Settlement Scheme (EUSS)
- individuals with limited leave to remain or indefinite leave to remain who were eligible to apply for EUSS on or before 31 December 2020
- Turkish nationals, and certain family members of Turkish nationals, who have accrued the right to work in the Civil Service

Further information on nationality requirements (opens in a new window)

Working for the Civil Service

The Civil Service Code (opens in a new window) sets out the standards of behaviour expected of civil servants.

We recruit by merit on the basis of fair and open competition, as outlined in the Civil Service Commission's recruitment principles (opens in a new window).

The Civil Service embraces diversity and promotes equal opportunities. As such, we run a Disability Confident Scheme (DCS) for candidates with disabilities who meet the minimum selection criteria.

The Civil Service also offers a Redeployment Interview Scheme to civil servants who are at risk of redundancy, and who meet the minimum requirements for the advertised vacancy.

Diversity and Inclusion

The Civil Service is committed to attract, retain and invest in talent wherever it is found. To learn more please see the Civil Service People Plan (opens in a new window) and the Civil Service Diversity and Inclusion Strategy (opens in a new window).

Apply and further information

This vacancy is part of the Great Place to Work for Veterans (opens in a new window) initiative.

The Civil Service welcomes applications from people who have recently left prison or have an unspent conviction. Read more about prison leaver recruitment (opens in new window).

Once this job has closed, the job advert will no longer be available. You may want to save a copy for your records.
