About the job

Job summary

Defra is the UK government department responsible for safeguarding our natural environment, supporting our world-leading food and farming industry, and sustaining a thriving rural economy. Our broad remit means we play a major role in people's day-to-day life, from the food we eat, and the air we breathe, to the water we drink.

Digital, Data, Technology and Security (DDTS) is the trusted team for digital across the entire Defra Group.

We have around 1000 colleagues across DDTS and our ambition is to make it easier and faster than ever for people to interact with Defra. If you are ready to drive innovation and push boundaries, we want to hear from you. Join us and together we will create a great place for living, and a green and healthy future for all.

[We are Government Digital and Data Candidate Information Pack V3 - 1](#)

Job description

Using your experience and skills, you may be asked to work on our Flood services - developing government digital services, to share information about current and future flood risk with the public. It could be your job to ensure that they are accessible to all, especially in times of severe weather!

Alternatively, you could be involved with our Farming and Countryside Programme, which is about delivering services to make farming sustainable, increase biodiversity, promote high animal health and welfare standards, and contribute to the Government's Net Zero commitment, ensuring public money for public good.

A wide range of other projects requires us to maintain and develop externally facing digital services and internal applications. As part of a multidisciplinary team, you will have responsibility for owning the functionality that you develop.

If you would like to join us in building great solutions for Defra and our Arm's Length Bodies, then this could be the job for you. As a Lead Developer, you will also play a key role in shaping modern development practices across teams, including the adoption of AI-assisted coding tools such as GitHub Copilot. You'll use these tools to support faster delivery, improved code quality and better outcomes for users, whilst ensuring that strong engineering judgement, code review, testing and security remain central.

You will review colleagues design and development thinking, helping teams to make good technical decisions to select the most appropriate technologies. You will lead the integration of multiple systems and services, collaborate with senior stakeholders and suppliers, and provide direction and constructive challenge to ensure that solutions are secure, maintainable and sustainable.

This is an opportunity to be part of an organisation actively modernising how software is built in government, combining strong engineering fundamentals with the responsible use of new tooling, including AI, to improve delivery at scale.

We use a modern, cloud-based technology stack, and follow continuous delivery and DevSecOps best practice.

Our current technologies include:

Runtime & web development: Node.js, HAPI

API development: REST, OpenAPI

Databases & caching: PostgreSQL, MongoDB, Redis

Unit testing: Jest, Lab

Source control: Git, GitHub

Cloud hosting: Azure and AWS

Containerisation & orchestration: Docker, Kubernetes, ECS

CI/CD & release management: Azure DevOps, Jenkins, GitHub Actions

Work management: Jira, Azure DevOps

Developer productivity tools: AI assisted coding tools such as GitHub Copilot (where appropriate), alongside established code review and quality controls

Please note for this role you will require SC Clearance. To gain SC clearance all applicants are required to have been a UK resident for a minimum of 5 years. If this requirement is not met, the individual will not be able to progress their application further.

Person specification

Responsibilities:

A dedication to learn new technologies and to explore new industry concepts, including AI-assisted software development tools.

Leading more junior developers on the team, including both permanent staff and suppliers, translating requirements into viable system designs.

Putting users first, identifying needs based on evidence, developing services to meet those needs, and engaging in meaningful interactions and relationships with users.

Create code that is open by default and easy for others to reuse.

Working with common Defra technologies including Node.js, and PostgreSQL, applying knowledge and experience to investigate and

resolve issues and establishing relationships and embedding ways of working across projects.

Demonstrating a strong understanding of secure software development practices, including the use of vulnerability scanning tools and alignment with OWASP standards and principles.

Supporting teams in the responsible use of AI-assisted coding tools, ensuring appropriate human oversight, code quality, security and compliance with Defra standards.

Skills and experience:

Ability to provide leadership and direction to a team of software developers and to communicate clearly and with confidence to senior stakeholders.
Ability to communicate complex technical concepts to a non-technical audience.

Work management, including, refining and breaking down tasks and defining acceptance criteria.

Awareness of Clean Coding practices and approaches to mitigate and address technical debt - refactoring, test coverage.

Software architecture - layers, separation of concerns and microservices.

Experience of using AI-assisted development tools to improve developer productivity, code quality and delivery outcomes.

Understanding of the strengths, limitations and risks of AI coding tools, and how to apply appropriate controls such as code review, testing and security scanning.

Experience of shaping or supporting the adoption of AI-enabled tools and practices within software delivery teams.

Experience of using continuous integration tools to automate testing and integration, supporting rapid and reliable software delivery.

Lead Developer Government Digital and Data Profession Capability Framework skills. Please see the Technical skills below for further information on these.

For further information please see the [Capability framework](#).

The Civil Service marks each element of the selection process on a merit basis. You can visit the [gov.uk website](https://www.gov.uk) for further information on the Civil Service rating scale.

Ensure you have tailored your CV and Personal Statement to the 'skills and experience' section of the job advert by providing examples on how you are suitable for the role using the [STAR method](#).

Please ensure you demonstrate clearly, within your personal statement, how you meet these requirements, as the information you provide will form a key part when the panel is scoring your application.

For further information on STAR, you can check out our [Hints and Tips](#) document.

Application process

As part of the application process, you will be assessed on your [experience](#). This will be evaluated by looking at your CV and personal statement, so please provide the following and ensure your experience is clearly demonstrated:

A CV

A Personal Statement of no more than 750 words: Referring to the 'skills and experience' sections of the job advert, please demonstrate how you are suitable for the role by providing relevant examples.

Further details around what this will entail are listed on the application form.

Sift

Sift will begin shortly after the advert closes.

Should there be a large number of applications, an initial sift will be conducted using your personal statement. Candidates who pass the initial sift may be progressed to a full sift, or progressed straight to the technical assessment.

Technical Assessment

Those who pass the sift will be invited to complete an online technical assessment. Further details of the Technical Assessment will be provided after the sift is completed

Interview

If successful at sift and Technical Assessment you will be invited to an interview where you will be assessed on the Behaviours and Technical Skills listed below, as well as Experience and Strengths.

As part of the recruitment process you will be required to do a presentation. Full details will be provided later within the process.

Sift and Interview dates are to be confirmed. Please note that these may be subject to change.

Interviews will be held virtually on Microsoft Teams.

For further information on [Success Profiles](#), you can visit the links below and [watch our videos on Defra Jobs](#).

Behaviours

Experience

Technical Skills (for further information around these and what is assessed please see the [Capability framework](#))

Strengths

Behaviours

We'll assess you against these behaviours during the selection process:

Leadership

Technical skills

We'll assess you against these technical skills during the selection process:

Development Process Optimisation

Modern Standards Approach.

User Focus

Benefits

Alongside your salary of £56,375, Department for Environment, Food and Rural Affairs contributes £16,331 towards you being a member of the Civil Service Defined Benefit Pension scheme. [Find out what benefits a Civil Service Pension provides \(opens in a new window\).](#)

Learning and development tailored to your role

An environment with flexible working options

A culture encouraging inclusion and diversity

A [Civil Service pension](#) with an employer contribution of 28.97%

Things you need to know

Artificial intelligence

Artificial intelligence can be a useful tool to support your application, however, all examples and statements provided must be truthful, factually accurate and taken directly from your own experience. Where plagiarism has been identified (presenting the ideas and experiences of others, or generated by artificial intelligence, as your own) applications may be withdrawn and internal candidates may be subject to disciplinary action. Please see our

[candidate guidance \(opens in a new window\)](#) for more information on appropriate and inappropriate use.

Selection process details

This vacancy is using [Success Profiles \(opens in a new window\)](#), and will assess your Behaviours, Experience and Technical skills.

For further information on the selection process for this role, please refer to the person specification section of the job advert.

Location

As part of the pre-employment process for this post, successful candidate(s) will be able to agree a contractual workplace from those locations listed in this advert. The agreed contractual workplace is then the substantive and permanent place of work for the successful candidate(s).

Where the location is National the successful appointee should discuss and agree an appropriate contractual location in line with both Defra's location policy and site capacity, prior to proceeding with pre-employment processes.

The agreed amount of time spent at a workplace for this post will reflect the requirement for Civil Servants to spend at least 60% of their working time in an organisation workplace with the option to work the remaining time flexibly from home. Working time spent at a workplace may include time spent at other organisational locations including field-based operational locations, together with supplier, customer or partner locations. This is a non-contractual agreement which is consistent with common Civil Service expectations.

Travel costs to non-contractual workplaces will be subject to departmental travel and subsistence policies. Travel costs to contractual workplaces are the responsibility of the employee.

The successful candidate is required to carry out all their duties from a UK location, and cannot do so from an overseas location at any time.

Defra includes the core department, APHA, RPA, Cefas and VMD.

Further Information

Reserve list

A reserve list may be held for a period of 12 months from which further appointments can be made.

Childcare Vouchers

Any move to DEFRA from another employer will mean you can no longer access childcare vouchers. This includes moves between government departments. You may however be eligible for other government schemes, including Tax Free Childcare; for further information [visit the Childcare Choices website](#).

Near miss

Candidates who are judged to be a near miss at interview may be considered for other positions in Defra which may be at a lower grade, but have a potential skills match.

Merit Lists

Where more than one location is advertised, candidates will be posted in merit order by location. You will be asked to state your location preference on your application.

Salary

New entrants to the Civil Service are expected to start on the minimum of the pay band. The internal roles rules apply to existing Civil Servants, i.e. level transfers move on current salary or the pay range minimum, transfers on promotion move to new pay range minimum or receive 10% increase. Either case is determined by whichever is the highest.

Reasonable adjustment

If a person with disabilities is put at a substantial disadvantage compared to a non-disabled person, we have a duty to make reasonable changes to our processes.

If you need a change to be made so that you can make your application, you should:

Contact Government Recruitment Service via defrarecruitment.grs@cabinetoffice.gov.uk as soon as possible before the closing date to discuss your needs.

Complete the Assistance required section in the Additional requirements page of your application form to tell us what changes or help you might need further on in the recruitment process. For instance, you may need wheelchair access at interview, or if you're deaf, a Language Service Professional.

Accessibility

If you are experiencing accessibility problems with any attachments on this advert, please contact the email address in the 'contact point for applicants' section.

Criminal Record Check

If successful and transferring from another Government Department a criminal record check may be carried out.

In order to process applications without delay, we will be sending a Criminal Record Check to Disclosure and Barring Service on your behalf.

However, we recognise in exceptional circumstances some candidates will want to send their completed forms direct. If you will be doing this, please advise Government Recruitment Service of your intention by emailing Pre-EmploymentChecks.grs@cabinetoffice.gov.uk stating the job reference number in the subject heading.

Internal Fraud Database Check

Applicants who are successful at interview will be, as part of pre-employment screening, subject to a check on the Internal Fraud Database (IFD). This check will provide information about employees who have been dismissed for

fraud or dishonesty offences. This check also applies to employees who resign or otherwise leave before being dismissed for fraud or dishonesty had their employment continued. Any applicant's details held on the IFD will be refused employment.

A candidate is not eligible to apply for a role within the Civil Service if the application is made within a 5 year period following a dismissal for carrying out internal fraud against government.

Higher Security Clearance

All of these posts require the successful candidate to hold SC security clearance.

For further information on National Security Vetting please [visit the Demystifying Vetting website](#).

Visa Sponsorship Statement

Please take note that Defra does not hold a UK Visa & Immigration (UKVI) Skilled Worker License sponsor and are unable to sponsor any individuals for Skilled Worker Sponsorship.

Feedback

Feedback will only be provided if you attend an interview or assessment.

Security

Successful candidates must undergo a basic (or equivalent) criminal record check.

Successful candidates must meet the security requirements before they can be appointed. The level of security needed is [security check \(opens in a new window\)](#).

[See our vetting charter \(opens in a new window\)](#).

People working with government assets must complete [baseline personnel security standard \(opens in new window\)](#) checks.

Nationality requirements

This job is broadly open to the following groups:

UK nationals

nationals of the Republic of Ireland

nationals of Commonwealth countries who have the right to work in the UK

nationals of the EU, Switzerland, Norway, Iceland or Liechtenstein and family members of those nationalities with settled or pre-settled status under the [European Union Settlement Scheme \(EUSS\) \(opens in a new window\)](#)

nationals of the EU, Switzerland, Norway, Iceland or Liechtenstein and family members of those nationalities who have made a valid application for settled or pre-settled status under the European Union Settlement Scheme (EUSS)

individuals with limited leave to remain or indefinite leave to remain who were eligible to apply for EUSS on or before 31 December 2020

Turkish nationals, and certain family members of Turkish nationals, who have accrued the right to work in the Civil Service

[Further information on nationality requirements \(opens in a new window\)](#)

Working for the Civil Service

The [Civil Service Code \(opens in a new window\)](#) sets out the standards of behaviour expected of civil servants.

We recruit by merit on the basis of fair and open competition, as outlined in the Civil Service Commission's [recruitment principles \(opens in a new window\)](#).

The Civil Service embraces diversity and promotes equal opportunities. As such, we run a Disability Confident Scheme (DCS) for candidates with disabilities who meet the minimum selection criteria.

The Civil Service also offers a Redeployment Interview Scheme to civil servants who are at risk of redundancy, and who meet the minimum requirements for the advertised vacancy.

Diversity and Inclusion

The Civil Service is committed to attract, retain and invest in talent wherever it is found. To learn more please see the [Civil Service People Plan \(opens in a new window\)](#) and the [Civil Service Diversity and Inclusion Strategy \(opens in a new window\)](#).

Apply and further information

This vacancy is part of the [Great Place to Work for Veterans \(opens in a new window\)](#) initiative.

The Civil Service welcomes applications from people who have recently left prison or have an unspent conviction. [Read more about prison leaver recruitment \(opens in new window\)](#).

Once this job has closed, the job advert will no longer be available. You may want to save a copy for your records.
