About the job

Job summary

The Insolvency Service is a leading government agency which plays a crucial role in providing essential services to the public and to business. The work we do is important to the proper functioning of markets, the economy in general and support for thousands of people each year who are in financial difficulty.

We have an exciting opportunity for a talented, enthusiastic Senior .net Developer within the Insolvency Service Digital Services team working on a programme of work to maintain, improve and modernise our line-of-business applications.

Inclusive and diverse teams are important to us. We welcome and encourage applications from everyone, including groups underrepresented in our workforce. The Insolvency Service strives to ensure that the agency is a safe, inclusive, and welcoming place for everybody to bring their true self to work and to help the agency to achieve its diversity objectives. We have 9 active employee network groups available to join or become an ally, these include, Carers Network, Disability network group, Employee Assistance, Representatives, FACES Network Group, LGBT+, Mind Matters, Part Time Workers, The Shed - Men's Network Group and Women's Network Group.

We value capability, technical skills and experience and we place great emphasis on lifetime development to support our people. We encourage our employees to become more involved in areas they feel strongly about, whether it be for the benefit of the agency, through our Engagement network or in their own local communities via volunteering opportunities.

The Insolvency Service is a great place to work, learn and grow your career!

If you would like to find out more about the role, the team and what it's like to work at the Insolvency Service, we are holding a Hiring Manager Q&A session for this role where you can virtually meet the team on 5th October at 16.00-17.00. Please click [here](#) to reserve your place.

Job description

The successful candidate will be working on the Digital Service team (part of the Change Technology Services within the Insolvency Service) responsible for enterprise line-of-business applications used by both internal and external organisations as well as the general public.

We are consolidating our technology stack and moving away from legacy services to focus on the use Microsoft's .net 10 framework and Azure services, so this is a fantastic opportunity to help shape our technology and the way we work for a sustainable, user-centric future. We would love to for you to be part of that new team.

Responsibilities

Software Development:

- design, develop and maintain application code
- implement functionality that satisfies agreed user stories and acceptance criteria
- ensure solutions are secure, accessible, performant and maintainable
- participate in architectural and technical discussions
- contribute to the continuous improvement of products and services

Quality Engineering:

- create and maintain automated unit and integration tests
- take ownership of code quality and defect prevention
- participate in peer reviews and provide constructive feedback
- follow agreed coding standards and development practices
- address technical debt and quality concerns where identified
- support defect investigation and resolution

Agile Delivery:

- participate fully in Agile ceremonies
- contribute to estimation, planning and forecasting activities
- keep work items up to date and communicate progress clearly
- escalate blockers and risks through appropriate channels
- support the team in achieving sprint and delivery objectives

Standards, Patterns and Practices:

- contribute to the development and evolution of engineering standards
- promote reuse of shared components, libraries and services
- support the adoption of common patterns and development approaches
- share knowledge and lessons learned with colleagues
- contribute to Communities of Practice and technical discussions

Operational Support:

- assist in the investigation and resolution of production incidents
- provide third-line support where required
- monitor application health and identify improvement opportunities
- support releases, deployments and post-release activities
- ensure application documentation remains accurate and up to date

Person specification

To be successful in this role, you should have:

- an understanding of a number of integration implementations including real-time, scheduled, API, batch and messaging services
- experience of IaaS and PaaS solutions
- an understanding of the importance of good documentation
- enthusiasm for sharing knowledge and mentoring others, supporting the team and nurturing its growth
- knowledge and experience of modern development practices such as BDD and TDD, CI/CD, and DevOps, modern development workflows, ideally

using GitHub, as well as an understanding of modern design principles such as clean architecture, OOP, SOLID, RESTful APIs

a good understanding of web application security and awareness of the OWASP Top 10 security vulnerabilities

good analytical and problem solving skills to be able identify and solve software defects

Essential Criteria

C# / .NET.

Cloud experience

Test Driven Development (TDD)

Integration patterns

Strong problem-solving skills

Good communication skills

Agile delivery experience

Desirable Criteria

Azure

Azure PaaS

Clean Architecture

Government experience

GDS tooling knowledge

Behaviours

We'll assess you against these behaviours during the selection process:

Developing Self and Others

Making Effective Decisions

Technical skills

We'll assess you against these technical skills during the selection process:

Candidates will be asked to take part in a coding exercise at interview.

Benefits

Alongside your salary of £48,429, Insolvency Service contributes £14,029 towards you being a member of the Civil Service Defined Benefit Pension scheme. [Find out what benefits a Civil Service Pension provides \(opens in a new window\)](#).

We want you to have a good work-life balance and want to support you in all that you do, so we offer a great benefits package including:

- flexible working arrangements and flexi-time

- full time new entrants to the Civil Service and those Civil Servants on modernised terms and conditions will be entitled to 25 days leave increasing on a sliding scale to 30 days after 5 years service

- in addition to this you are entitled to 8 public/bank holidays plus an additional day of privilege leave

- competitive maternity, paternity and parental leave

- 5 days paid leave for learning and development

- 5 days paid for volunteering

- a Cycle to work scheme

- staff have access to an employee assistance programme, Workplace Wellness, for confidential, independent support and advice during difficult times in either their professional or personal life

Your pension is a valuable part of your total reward package where the employer makes a significant contribution to the cost of your pension. Your contributions come out of your salary before any tax is taken. This means, if you pay tax, your take-home pay will not be reduced by the full amount of your contribution; and your pension will continue to provide valuable benefits for you and your family if you are too ill to continue to work or die before you retire. For more information, visit www.civilservicepensionscheme.org.uk

Things you need to know

Artificial intelligence

Artificial intelligence can be a useful tool to support your application, however, all examples and statements provided must be truthful, factually accurate and taken directly from your own experience. Where plagiarism has been identified (presenting the ideas and experiences of others, or generated by artificial intelligence, as your own) applications may be withdrawn and internal candidates may be subject to disciplinary action. Please see our [candidate guidance \(opens in a new window\)](#) for more information on appropriate and inappropriate use.

Selection process details

This vacancy is using [Success Profiles \(opens in a new window\)](#), and will assess your Behaviours, Experience and Technical skills.

As part of the sift process, you will be asked to complete:

CV

Multi-Stage Screening Process

As part of the application process, candidates will be asked to upload a CV outlining their experience, skills and suitability for the role, and complete a multi-stage screening process. Candidates who are longlisted will be invited to complete a short, pre-recorded video screening interview. Alternatively, written responses may be provided in place of the video interview. Our recruitment partner (Inspire People) will assess applications against the essential criteria to produce a shortlist, which will then be reviewed by Insolvency Service hiring managers. Successful candidates will be invited to interview.

If successful at the sift stage, at interview, you will be assessed on the following:

Behavioural Competencies - assessed through:

Behaviour 1 Developing Self and Others

Behaviour 2 Making Effective Decisions

Technical Skills

Additional Assessment

During the interview you be given a hypothetical scenario that will assess their technical knowledge and approach. You will not be required to create a presentation for this exercise.

Expected timeline (subject to change)

Sift TBC

Interview TBC

Location - MS Teams

Your interview will either be conducted face to face or by video. You will be notified of this if you are selected for interview. Candidates are asked to note the above timetable, exercising flexibility through the recruitment and selection process.

Visa Applicants

To sponsor a candidate under the Skilled Worker visa, a sponsorship licence is required. The Insolvency Service does not currently hold this licence and therefore, cannot legally sponsor Skilled Worker visa applicants.

Queries and Support

When contacting us or the Government Recruitment Service (GRS) using the contact details at the bottom of this advert, please include the 6-digit Vacancy ID, job title, your full name and, where applicable, your 8-digit Applicant ID in the email subject line. This will help us process your enquiry more efficiently.

Feedback will only be provided if you attend an interview or assessment.

Security

Successful candidates must undergo a basic (or equivalent) criminal record check.

People working with government assets must complete [baseline personnel security standard \(opens in new window\)](#) checks.

Nationality requirements

This job is broadly open to the following groups:

UK nationals

nationals of the Republic of Ireland

nationals of Commonwealth countries who have the right to work in the UK

nationals of the EU, Switzerland, Norway, Iceland or Liechtenstein and family members of those nationalities with settled or pre-settled status under the [European Union Settlement Scheme \(EUSS\) \(opens in a new window\)](#)

nationals of the EU, Switzerland, Norway, Iceland or Liechtenstein and family members of those nationalities who have made a valid application for settled or pre-settled status under the European Union Settlement Scheme (EUSS)

individuals with limited leave to remain or indefinite leave to remain who were eligible to apply for EUSS on or before 31 December 2020

Turkish nationals, and certain family members of Turkish nationals, who have accrued the right to work in the Civil Service

[Further information on nationality requirements \(opens in a new window\)](#)

Working for the Civil Service

The [Civil Service Code \(opens in a new window\)](#) sets out the standards of behaviour expected of civil servants.

We recruit by merit on the basis of fair and open competition, as outlined in the Civil Service Commission's [recruitment principles \(opens in a new window\)](#).

The Civil Service embraces diversity and promotes equal opportunities. As such, we run a Disability Confident Scheme (DCS) for candidates with disabilities who meet the minimum selection criteria.

Diversity and Inclusion

The Civil Service is committed to attract, retain and invest in talent wherever it is found. To learn more please see the [Civil Service People Plan \(opens in a new window\)](#) and the [Civil Service Diversity and Inclusion Strategy \(opens in a new window\)](#).

Apply and further information

This vacancy is part of the [Great Place to Work for Veterans \(opens in a new window\)](#) initiative.

The Civil Service welcomes applications from people who have recently left prison or have an unspent conviction. [Read more about prison leaver recruitment \(opens in new window\)](#).

Contact point for applicants

Job contact :

Name : CTS Business Management

Email : ctsbusinessmanagement@insolvency.gov.uk

Recruitment team

Email : InsolvencyRecruitment.grs@cabinetoffice.gov.uk

Further information

A candidate can raise a complaint to the Insolvency Service by emailing the contact point for applicants (as listed on the vacancy advert), if they think that: They have been discriminated against under the Equality Act 2010 there have been procedural irregularities at any stage of the recruitment process All complaints must be received by the contact point for applicants within 24 hours from the date the applicant is advised of their non-success at sift, assessment or interview. Complaints will be considered by an independent third-party outside of recruitment campaign. The decision will be conveyed to the applicant, in writing, within 5 working days of receipt of the complaint. The recruitment process will usually be put on hold until the complaint has

been resolved. Complaints may also be made to the Civil Service Commission at any time if the individual believes their application has not been treated in accordance with the recruitment principles (appointment on merit through fair and open competition). However, complaints must first have been raised to the Insolvency Service
