Key Responsibilities:

As a Senior Performance Analyst, you will:

- Lead the development and analysis of Service Metrics and Key Performance Indicators (KPIs) for our digital services.

- Use SQL and other tools to extract data from disparate sources, interpreting, and presenting meaningful insights.

- Build and maintain Performance Frameworks across the Agile lifecycle.

- Ensure data accuracy, quality, and relevance in all analysis.

- Apply statistical techniques to assess the impact of service iterations.

- Support user-centred design by embedding data into product decision-making.

- Deliver clear, actionable insights and recommendations to improve services.

- Create engaging data visualisations using tools like Power BI, Metabase, Amazon Quicksights, Google Analytics, and Excel.

Analyse user behaviour to drive customer-centric improvements

Communicate data stories to product teams to inform design and development.

Demonstrate whether services meet performance standards set out in Service Level Agreements.

Actively contribute to the Performance Analyst community, sharing best practices and innovations.

If this feels like an exciting challenge, something you are enthusiastic about, and want to join our team please read on and apply!

Person Specification

Essential

Proven experience in performance analysis or a similar data-driven role.

Proficiency in SQL and familiarity with:

Power BI

Amazon Quicksights

Google Analytics

Google Tag Manager

Strong understanding of both qualitative and quantitative data sources, and the ability to identify appropriate ways to collect, collate and prepare data.

Ability to operate in an environment where data is disparate and inconsistent, applying iterative improvement to performance measurement.

Ability to work independently and proactively in a fast-paced environment.

Excellent communication skills with the ability to translate complex data into actionable insights and present to both specialist and non-specialist audiences.

Experience working in Agile teams and with User-Centred Design (UCD) approaches.

Demonstrable deep understanding of business goals and ability to turn these into tangible performance measures.

Willingness to be assessed against [the requirements](#) for **SC** clearance

We welcome the unique contribution diverse applicants bring and do not discriminate based on culture, ethnicity, race, nationality or national origin, age, sex, gender identity or expression, religion or belief, disability status, sexual orientation, educational or social background or any other factor.

Our values are Purpose, Humanity, Openness and Together. Find out more [here](#) about how we celebrate diversity and an inclusive culture in our workplace.

Selection process details

How to Apply

In Justice Digital, Data and Science, we recruit using a combination of the **Government Digital and Data Profession Capability** and **Success Profiles** Frameworks. We shall assess a combination of your Experience, Technical skills and Behaviours during the assessment process.

Stage 1 - Application and sift:

To apply for this position, you must submit the following as part of your application:

A **CV** detailing your career history (including any relevant qualifications). Your CV will be assessed against the essential criteria outlined within the Person Specification of this advert.

A **Personal Statement**(no more than 500 words) which should outline your experience and skills, giving clear examples of work

undertaken. It should be split into two clear sections that answer the following questions and be a maximum of 250 words each:

1. Describe a time when you overcame data quality and consistency challenges. How did you generate meaningful insights that enabled better decision-making?
2. Describe a time when you operated in an environment where business objectives were unclear. How did you collaborate with stakeholders to agree suitable performance metrics?

Your Personal Statement will be used to assess the following 3 criteria listed below:

Proficiency in SQL and familiarity with:

Power BI

Amazon Quicksights

Google Analytics

Google Tag Manager

Excellent communication skills with the ability to translate complex data into actionable insights and present to both specialist and non-specialist audiences.

Ability to work independently and proactively in a fast-paced environment.

Candidates who do not adhere to the Personal Statement directions above may be rejected on this basis.

A diverse sift panel will review the information in your CV and Personal Statement to assess the sift criteria specified above. We operate an anonymous shortlisting process. Please ensure your CV and Personal Statement do not include your name or any other identifying details.

Should we receive a high volume of applications, a pre-sift based on Excellent communication skills with the ability to translate complex data into actionable insights and present to both specialist and non-specialist audiences will be conducted before the sift.

Please access the following link for guidance on how to apply - [Application Guidance](#)

Stage 2 - Interviews:

Successful candidates who meet the required standard will then be invited to a panel interview held via Microsoft Teams. At interview stage, you will be assessed against the following Success Profile elements

Experience, Technical and the following Behaviours:

Communicating and Influencing

Changing and Improving

Delivering at Pace

Working Together

Managing a Quality Service

As part of your interview, you will be asked to complete a technical test that assesses your technical capability. Further details will be provided if successful at sift.

Appointments are made strictly in merit order. In the event that two or more candidates receive identical interview scores, the **Communicating and Influencing** behaviour will be applied as the primary lead criterion to determine the final merit order.

Should you be unsuccessful in the role that you have applied for but demonstrate the capability for a role at a lower level, we reserve the right to discuss this opportunity with you and offer you the position without needing a further application.

A reserve list may be held for up to 12 months, from which further appointments may be made.

Feedback will only be provided if you attend an interview or assessment.

Security

Successful candidates must undergo a criminal record check.

Successful candidates must meet the security requirements before they can be appointed. The level of security needed is [security check \(opens in a new window\)](#).

[See our vetting charter \(opens in a new window\)](#).

People working with government assets must complete [baseline personnel security standard \(opens in new window\)](#) checks.
