Job description

As a Lead ServiceNow Developer, you will provide technical leadership for the DVLA ServiceNow platform, leading the design, development and continual improvement of solutions that support critical business services. You will take ownership of complex technical challenges, guide the implementation of new requirements, and provide expert advice to Service Management teams and stakeholders across the organisation.

You will line manage, mentor and develop a team of ServiceNow Developers, building technical capability and promoting engineering best practice. Working in an Agile environment, you will help shape the future direction of the platform, ensuring development activity aligns with the wider ServiceNow and IT Service Management (ITSM) strategy, while translating business needs into innovative, high-quality solutions.

Responsibilities

Be an expert in one or more Legacy Software or SaaS Systems.

Govern and assure the way in which others work with one or more Legacy or SaaS Systems.

Set the approach and design when deciding how legacy or SaaS systems should be modified to meet changing requirements.

Provide technical leadership, coaching and mentoring within a Legacy Software or SaaS team.

Contribute to the developer community.

Promote knowledge sharing and adoption of good practice.

Write clean and secure code.

For further information on the role, please read the attached role profile.

Please note that the role profile is for information purposes only - whilst all elements are relevant to the role, they may not all be assessed during the recruitment process. This job advert will detail exactly what will be assessed during the recruitment process.

Great line management is important to us as an organisation, and we will equip and support line managers to develop the skills they need. We aim to empower line managers to create teams where people can flourish and deliver excellent outcomes for the public.

Person specification

Required experience:

You will have extensive ServiceNow experience in implementation and support scenarios.

You will be familiar with ITSM/ITIL processes.

You will need to be able to diagnose and manage incidents of varying size, complexity and urgency.

A strong technical leader who can inspire confidence, influence others, and make sound decisions in complex environments.

Experience working collaboratively with stakeholders, delivery teams, architects, and senior leaders to achieve successful outcomes.

A commitment to engineering excellence, quality, security, and continuous improvement.

Strong communication skills, able to explain complex technical concepts to both technical and non-technical audiences.

A proactive and resilient approach, with the ability to manage competing priorities and operate effectively in a fast-paced environment.

Experience contributing to technical communities, promoting continuous improvement, and sharing knowledge across teams, including mentoring.

Additional Information

The role is part of the [Government Digital and Data Profession](#) and utilises an enhanced Capability Based Pay Framework which provides access to a Digital and Data allowance.

The base pay £57,515. In addition to this the role includes a Digital and Data allowance of up to £24,915

The value of allowance awarded will be based on an assessment of your skills and experience as demonstrated through the selection process. [Here are more details on the pay framework.](#)

Working for the DVLA Digital Team

At DVLA, licensing is just the start. Every project you implement, touch and deliver has a ripple effect that washes across the nation. Here the work you're doing has the capacity to change the way 53 million people interact with our services. As we aim to keep our roads some of the safest in the world,

our innovative, transformative digital-led services help optimise a nation of individuals and business every single day.

To see how our people are transforming our digital services, head over to our [DVLA Digital Services Blog](#) and, to understand more about the great opportunities and benefits of working at DVLA read our [Inside DVLA blog](#).

Working hours, office attendance and travel requirements

Full time roles consist of 37 hours per week. Whilst we welcome applications from those looking to work with us on a part time basis, there is a business requirement for the successful candidate to be able to work at least 35 hours per week.

This role is suitable for hybrid working, which is a non-contractual arrangement where a combination of workplace and home-based working can be accommodated subject to business requirements.

The expectation at present is a minimum of 60% of your working time a month will be spent at either your designated workplace (the location cited in the advert) or, when required for business reasons, in another office/work location. There may be occasions where you are required to attend above the minimum expectation.

If you have a question about hybrid working, part time/job share hours, flexible working, travelling for work, or require a reasonable adjustment, please contact the Vacancy Holder during the recruitment process to avoid possible disappointment later in the process should your working arrangements not be compatible with the requirements of the role (see below for contact details).

Security Check

Successful candidates must meet the security requirements before they can be appointed. The level of security needed is security check. To allow for meaningful checks to be carried out, candidates will be required to have at least 5 years continuous residency in the UK. All applicants for this role must ensure that they meet this minimum residency requirement - if you do not, your application will be withdrawn.

Visa Sponsorship

Please note that we do not hold a UK Visa & Immigration (UKVI) Skilled

Worker Licence sponsor and are unable to sponsor any individuals for Skilled Worker Sponsorship. Candidates must ensure they have the appropriate rights to work in the UK before application.

Things you need to know

Artificial intelligence

Artificial intelligence can be a useful tool to support your application, however, all examples and statements provided must be truthful, factually accurate and taken directly from your own experience. Where plagiarism has been identified (presenting the ideas and experiences of others, or generated by artificial intelligence, as your own) applications may be withdrawn and internal candidates may be subject to disciplinary action. Please see our [candidate guidance](#) (opens in a new window) for more information on appropriate and inappropriate use.

Selection process details

This vacancy is using [Success Profiles](#) (opens in a new window), and will assess your Behaviours, Experience and Technical skills.

How to apply:

Our selection process ensures a comprehensive assessment of each applicant's qualifications, skills, and potential fit within our organisation.

The selection process for this role will be:

Stage 1: Sift of CV and personal statement

Stage 2: Interview and Technical Assessment

You must be successful at each stage to progress to the next stage.

Stage 1: At sift, you will be assessed against the following Success Profile elements:

Experience you will be asked to provide a CV (unlimited wordcount) and personal statement (750-word count).

Please provide evidence of your Experience of the following:

Leading and mentoring a team of developers.

Experience leading complex technical changes within ServiceNow.

Experience working collaboratively with stakeholders, delivery teams, architects, and senior leaders to achieve successful outcomes.

The sift will take place 19/10/26

Should we receive a high volume of quality applications, we may invite a shortlist of the highest scoring candidates to interview. This means that some applications that meet the required standard could be placed on hold after the sift and invited to interview if the vacant position(s) remain unfilled. You will be notified if your application is being put on hold once the sift has been completed. Following interviews, any applicants remaining on hold will be notified by the panel of the next steps regarding their application.

Stage 2: At interview stage, you will be assessed against the following Success Profile elements:

Behaviours

Leadership

Technical

Programming and build (software engineering) Expert

Following the interview there will be a coding assessment.

The interviews will take place from 02/11/26

Please note that we will try to meet the dates set out in the advert. There may be occasions when these dates will change.

This interview will be conducted in person at our Swansea office. Further details will be provided to you should you be selected for interview.

You can find out more about our hiring process, how to apply, and application and interview guidance on our careers site

Further information on the selection process

Feedback on your application can only be provided if you attend an interview or assessment.

We will also hold a 12-month reserve list for this role, which may lead to potential opportunities beyond the role you applied for. You can read more about our reserve lists here.

Reasonable Adjustments

As a Disability Confident Leader employer, we are committed to ensuring that the recruitment process is fair, accessible and allows all candidates to

perform at their best. If a person with a visible or non-visible disability is substantially disadvantaged, we have a duty to make reasonable changes to our processes.

Complete the Assistance required section in the Additional requirements page of your application form to tell us what changes or help you might need during the recruitment process. For instance, you may need wheelchair access at an interview, or if you're deaf, a Language Service Professional.

If you need a reasonable adjustment so that you can complete your application, you should contact Government Recruitment Service via dftrecruitment.grs@cabinetoffice.gov.uk as soon as possible before the closing date to discuss your needs.

Document Accessibility

This job advert contains links to the [DfT Careers website](#). Our website provides useful guidance and information that can support you during the application process. If you are experiencing accessibility problems with any attachments on this advert or the information on our website, please contact the email address in the 'Contact point for applicants' section.

Further Information

For more information about how we hire, and for useful tips on submitting your application for this role, visit the [How We Hire](#) page of our DfT Careers website. You can find detailed information about the recruitment process and what to expect when applying for a role.

Pre-employment Checking

If your application is successful but you have been dismissed from the Civil Service, your application could be removed at the pre-employment checking stage depending on the nature of the dismissal.

Applicants who are successful at interview will be, as part of pre-employment screening, subject to a check on the Internal Fraud Database (IFD). This check will provide information about employees who have been dismissed for fraud or dishonesty offences. This check also applies to employees who resign or otherwise leave before being dismissed for fraud or dishonesty had their employment continued. Any applicant's details held on the IFD will be

refused employment. A candidate is not eligible to apply for a role within the Civil Service if the application is made within a 5-year period following a dismissal for carrying out internal fraud against government.

All external applicants and current employees of accredited non-departmental public bodies (NDPBs) will be required to undergo a Social Media Check. A Social Media Check is a review of your publicly available online activity, typically across platforms like LinkedIn, Facebook, X (formerly Twitter), Instagram, and others. The purpose is to identify any public posts or content that could raise concerns for employers, such as:

- Hate speech or discriminatory behaviour

- Threats or acts of violence

- Illegal activity or substance misuse

- Sexually explicit material

- Extremist views or affiliations

Importantly, this check does not involve hacking into your accounts or accessing private messages. It only considers content you have chosen to make public. Employers use this kind of screening to help ensure their workplace remains safe, inclusive, and aligned with company values. It's not about judging your personality or lifestyle - it's about checking for potential red flags that might affect the role or company culture. If you have questions or concerns about the social media check, we would be happy to explain in more detail what's being looked at and how your data is handled securely and fairly.
