About the job

Job summary

Senior Software Developer - Legacy Designs Services

This position plays a pivotal role in ensuring the core applications for the IPO's live systems are improved and maintained. We are currently working on an exciting transformation journey which will modernise these systems using several technologies to build enterprise grade services. As this journey progresses the successful applicant will be given the opportunity to move into this area and have a high level input in defining their development in learning new tools.

As the Senior Software Developer it involves working as part of a multi-disciplined Agile team using several technologies to build and maintain enterprise grade services. The successful applicant will be expected to be proactive and take accountability for the teams assigned deliveries.

There is also a requirement for investigation, diagnosis and fix of any system issues. As well as this the role will involve actively contributing to continuous improvement, establish standards and methods aligned to industry best practice and provide support to team members.

A demonstrable track record in the essential skills is necessary, along with experience of several of the desirable skills. Alongside this a willingness to learn new technologies/methods and look into developing and maturing existing skills will be expected.

Working Style

This role will be carried out in-line with IPO Hybrid working arrangements where staff are currently expected to spend at least 20% of their time working onsite from one of our offices. This role is based in our **Newport Office**.

The requirement for attendance at an office location can vary by role so we would encourage candidates to discuss working arrangements with the

recruiting manager to agree a reasonable balance between working from home and the office.

The IPO holds a visa sponsor licence however; this role is not eligible for sponsorship under the Skilled Worker route. Candidates will therefore need to have an existing right to work in the UK at the time of application.

Please note that benefits may be subject to change.

Things you need to know

Artificial intelligence

Artificial intelligence can be a useful tool to support your application, however, all examples and statements provided must be truthful, factually accurate and taken directly from your own experience. Where plagiarism has been identified (presenting the ideas and experiences of others, or generated by artificial intelligence, as your own) applications may be withdrawn and internal candidates may be subject to disciplinary action. Please see our [candidate guidance \(opens in a new window\)](#) for more information on appropriate and inappropriate use.

Selection process details

This vacancy is using [Success Profiles \(opens in a new window\)](#), and will assess your Behaviours, Strengths, Experience and Technical skills.

Additional details on security and vetting

Successful candidates must pass a **disclosure and barring security check** and if successful you must also hold, or be willing to obtain, a **higher Security Clearance**.

For meaningful checks to be carried out individuals will need to have lived in the UK for a sufficient period of time, depending on the level of clearance, to enable appropriate checks to be carried out and produce a result which provides the required level of assurance. For this role the successful individual will need to have **consistently lived in the UK for a minimum 5 years** in order to meet the relevant security clearance.

Further information on the vetting process can be found at [National security vetting: clearance levels - GOV.UK](https://www.gov.uk/national-security-vetting/clearance-levels)

If you have questions regarding this or are unsure if you meet the eligibility criteria, please contact Recruitment@ipo.gov.uk

The assessment process will comprise of the following:

Stage 1 Sift

An initial sift of applications will be carried out to create a shortlist. This will be based on the evidence provided for the following Success Profile elements:

Experience

Your CV will be used to assess your suitability for the role.

Your 500-word Personal statement will demonstrate your Experience against the listed essential criteria,

- Has been a key player in delivering technical solutions as part of small and/or large projects

- Experience in web services, REST

- Experience with modern delivery models such as Agile Scrum / DevOps

- Advocate of Agile principles

- Experience of using Azure DevOps

Technical

Provide a 250-word example that demonstrates your technical ability against the Technical criteria listed below,

- Excellent understanding of .net, C#, MVC

- Familiar with Java

Stage 2 Interviews

If successful at sift candidates will then be invited to an interview where you will be assessed on **Behaviours, Experience, Technical and Strengths**

Specific information regarding the Success Profile elements that will be assessed at interview will be contained within the interview invitation.

Interviews for this role will be carried out in person at our Newport Office.

The successful candidate would be expected to remain in the role for a minimum of 12 months before applying for another role.

The Recruitment team operational hours are 09:00 to 17:00 Monday Friday excluding bank holidays.

Please note that the role profile is for information purposes and candidates should refer to the specific assessment criteria referred to in the job advert

Applicants to note: CVs sent direct to the IPO will not be accepted.

There may be important information contained within the job role profile candidates may also wish to refer to. We recommend candidates download and save a copy of the role profile for reference.

This post is being advertised to **Internal, across Government** and **external** candidates at the same time.

Incomplete and/or late submissions will not be accepted or considered. Feedback will only be provided if you attend an interview or assessment.

We do not routinely reimburse travel expenses for candidates, however if participating in the selection process would cause you undue financial hardship or if it restricts your ability to participate, please contact the recruitment team for more information.

In line with Government guidance, successfully appointed candidates will need to provide documents for our Right to Work checks. Information on this will be sent within the invite to interview text.

If you require a reasonable adjustment at any stage of the recruitment process, then please let the recruitment team know via recruitment@ipo.gov.uk

In the event of a high volume of applications, the Intellectual Property Office (IPO) reserves the right to raise the minimum qualifying score at sift to manage volumes and ensure a proportionate and fair assessment process.

Please be aware that only one application per candidate is permitted for each recruitment campaign. Multiple applications, including those made using different accounts, may result in your application being withdrawn or rejected at any stage of the process.

For more information on the IPO's terms and conditions, please review the attached IPO Modernised Terms and Conditions document attached at the bottom of this advert.

Feedback will only be provided if you attend an interview or assessment.

Security

Successful candidates must undergo a basic (or equivalent) criminal record check.

Successful candidates must meet the security requirements before they can be appointed. The level of security needed is [security check \(opens in a new window\)](#).

[See our vetting charter \(opens in a new window\)](#).

People working with government assets must complete [baseline personnel security standard \(opens in new window\)](#) checks.

Nationality requirements

This job is broadly open to the following groups:

UK nationals

nationals of the Republic of Ireland

nationals of Commonwealth countries who have the right to work in the UK

nationals of the EU, Switzerland, Norway, Iceland or Liechtenstein and family members of those nationalities with settled or pre-settled status under the [European Union Settlement Scheme \(EUSS\) \(opens in a new window\)](#)

nationals of the EU, Switzerland, Norway, Iceland or Liechtenstein and family members of those nationalities who have made a valid application for settled or pre-settled status under the European Union Settlement Scheme (EUSS)

individuals with limited leave to remain or indefinite leave to remain who were eligible to apply for EUSS on or before 31 December 2020

Turkish nationals, and certain family members of Turkish nationals, who have accrued the right to work in the Civil Service

[Further information on nationality requirements \(opens in a new window\)](#)

Working for the Civil Service

The [Civil Service Code \(opens in a new window\)](#) sets out the standards of behaviour expected of civil servants.

We recruit by merit on the basis of fair and open competition, as outlined in the Civil Service Commission's [recruitment principles \(opens in a new window\)](#).

The Civil Service embraces diversity and promotes equal opportunities. As such, we run a Disability Confident Scheme (DCS) for candidates with disabilities who meet the minimum selection criteria.

The Civil Service also offers a Redeployment Interview Scheme to civil servants who are at risk of redundancy, and who meet the minimum requirements for the advertised vacancy.

Diversity and Inclusion

The Civil Service is committed to attract, retain and invest in talent wherever it is found. To learn more please see the [Civil Service People Plan \(opens in a](#)

[new window](#)) and the [Civil Service Diversity and Inclusion Strategy \(opens in a new window\)](#).

Apply and further information

This vacancy is part of the [Great Place to Work for Veterans \(opens in a new window\)](#) initiative.

Once this job has closed, the job advert will no longer be available. You may want to save a copy for your records.
